

ANY DATE SIP

Personalized Investment Experience

What is Any Date SIP ?

Systematic Investment Plan (SIP) is a smart and hassle free way to invest money in mutual funds with certain pre-determined amount at a regular interval (monthly, quarterly etc.). It is designed to help investors save regularly and thus accumulate wealth in a disciplined manner over long-term. However, existing SIP allows investors to invest only in restricted date range, for example every 1st, 15th, 28th, etc. This makes investors to plan their expenses and investment aligned to the SIP date range.

“Any Date SIP” provides one of the better investment experiences by allowing the investor to choose any investment date of the month (i.e., from 1st to 28th) depending upon the investors' expense and income flow.

Key Benefit of Any Date SIP

Customization

Investor can choose and invest on any date of the month that suits them.

Convenience

Easy to register with one-time set up.

Same SIP benefits

Investors still enjoy benefits of Compounding, Rupee cost averaging etc.

Example

One good rule to make saving is to keep the investment date close to your income/salary date, so that you can save before you spend. If your salary date is every 15th of month, in Any Date SIP, you can set SIP date 16th and easily save your salary before you spend!

Or if you have additional regular income such as monthly rental on every 10th of month and you want to save the additional income through SIP, you can set your SIP to every 11th!

SIP date even can be set up to your favourite number like every 7th, 3rd, etc.
