Junegy	Equity:
	The fund manager broadly analyses the industry trends and business cycles in companies that benefit directly or indirectly from the Healthcare sector that may include companies from the Pharmaceutical, Healthcare, Hospitals & Diagnostics, Other Healthcare services, Research and/or Manufacturing Services, Distribution, Chemicals (Bulk, Specialty, Agrochemicals, Others), Medical Equipment, Insurance, Wellness, Nutrition, Hygiene, Health IT services, Financials and any other industry or services that directly or indirectly supports the pharma value chain.
	The Fund Manager may also invest upto 20% of the net assets of the Scheme in other equities and equity related securities of companies in India.
	The fund has the flexibility to invest across market capitalization in portfolio companies within this theme.
	The fund manager does have the flexibility to follow a focused approach on the investments.

	The focus would be to build a portfolio of strong growth companies, reflecting our most attractive investment ideas at all points of time.
	The universe of stocks will comprise majorly of companies having robust business models, enjoying sustainable competitive advantages as compared to their competitors and have high return ratios.
	The Fund Manager will try to have a large base of stocks in the portfolio to avoid concentration risk and liquidity risk. The Fund Managers will monitor the trading volumes in a particular stock before investment to avoid liquidity risk.
	The Scheme may take derivatives position based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under the SEBI Regulations
	The Scheme will also invest in debt securities and money market instruments.
	• The credit quality of the portfolio will be maintained and monitored using in-house research capabilities as well as inputs from external sources such as independent credit rating agencies.
	• The investment team will primarily use a top down approach for taking interest rate view, sector allocation along with a bottom up approach for security/instrument selection.
	• The bottom up approach will assess the quality of security/instrument (including the financial health of the issuer) as well as the liquidity of the security.
	 Investments in debt instruments carry various risks such as interest rate risk, reinvestment risk, credit risk and liquidity risk etc. Whilst such risks cannot be eliminated, they may be minimized through diversification.
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document (SID) carefully for details on risk factors before investment.
	The Scheme is subjected to risk factors associated with risks associated with Equity Investments, Unlisted Securities, Debt & Money Market Instruments, Derivatives, risks Associated with Repo in Corporate Debt and risk associated with investing in Tri-Party Repo through CCIL (TREPS).
Risk Control measures	Risk is an inherent part of the investment function. Effective risk management is critical to fund management for achieving financial soundness. Investments by the Scheme shall be made as per the investment objective of the Scheme and provisions of SEBI (MF) Regulations. AMC has incorporated adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme. The risk control process involves identifying & measuring the risk through various Risk Measurement Tools like but not limited to calculating risk ratios, tracking error etc. The AMC has incorporated all the investment office and Settlement System (FOS). The system has incorporated all the investment restrictions as per SEBI guidelines and "soft" warning alerts at appropriate levels for preemptive monitoring. The system enables identifying & measuring the risk through various risk ratios, average duration and analyzes the same so as to act in a preventive manner.
	The risk control measures for managing the debt portion of the scheme are:

	1. Monitoring risk adjusted returns performance of the fund with respect to its peers and its benchmark.
	2. Tracking analysis of the fund on various risk parameters undertaken by independent fund research / rating agencies or analysts and take corrective measures if needed.
	3. Credit analysis plays an important role at the time of purchase of bond and then at the time of regular performance analysis. Our internal research anchors the credit analysis. Sources for credit analysis include Capital Line, CRISIL, ICRA updates etc. Debt ratios, financials, cash flows are analysed at regular intervals to take a call on the credit risk.
	4. We define individual limits for G-Sec, money market instruments, MIBOR linked debentures and corporate bonds exposure, for diversification reasons.
	The Scheme does not propose to underwrite issuances of securities of other issuers. There will be no exposure to securitized debt securities in the portfolio.
	RISK MITIGATION MEASURES:
	Concentration Risk
	The Scheme will try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.
	Liquidity Risk As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.
	<u>Risks Associated with Equity Investments:</u> The scheme has a diversified portfolio to counter the volatility in the prices of individual stocks. Diversification in the portfolio reduces the impact of high fluctuations in daily individual stock prices on the portfolio.
	<u>Risk of investing in unlisted securities</u> As per SEBI guidelines, not more than 10% of the portfolio can be invested in unlisted securities. Rigorous due diligence is undertaken before any investments are made by the portfolio in unlisted securities, if any.
	<u>Risks Associated with Debt & Money Market Instruments</u> <u>Credit Risk</u> - The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.

TERMS AND CONDITIONS

- 1 One Time Mandate (OTM) is a facility (herein after referred as 'facility') whereby the Unit holder(s) can register a One Time Mandate to debit their bank account up to a certain limit per transaction, as per their choice, with Mirae Asset Mutual Fund ('FUND') and authorizing the Fund and the bank to debit their bank account for payment towards various purchases or SIP instalments submitted through various modes offered or as may be offered from time to time by Mirae Asset Mutual FUnd
- This facility is an authorization to the bank, as indicated by the Unit holder(s) in the OTM form, to debit their bank account up to a certain limit in a particular folio per registration per transaction, based on their instruction to the Fund, whenever they choose to invest or start a SIP.
- Unless otherwise specified, the term 'mandate' in these terms and conditions refers to the specific bank and bank account number of the investor/s or unit holder/s as mentioned by them in the OTM form (mandate form) to be used for debits for payment towards SIP instalments..
- 4. The Application Form should be completed in ENGLISH and in BLOCK LETTERS only.

- 6. Investors, who have not registered for OTM facility, may fill the OTM form and submit duly signed with their name mentioned. In other words, for the same bank account number, the unit holder(s) cannot submit more than one mandate in a folio. However, the Unit holder(s) can register multiple mandates of different bank account numbers maintained with the same bank or different banks.
- 8. This facility is available to all categories of investors who are eligible to invest in the schemes of the Fund from time to time MAMF reserves the right to restrict or withdraw or discontinue the OTM facility to certain categories of investors or to any specific investor anytime at its discretion without assigning any prior reason thereof.

For further details on Fund Of Fund kindly refer the addendum no. AD/47/2022, visit: https://www.miraeassetmf.co.in/downloads/statutory-disclosure/addendum

2. Multi-SIP is a facility whereby the Unit holder(s) can register a One Time Mandate to debit their bank account for the sum total of the Multiple SIP(s) amount as applied for under eligible schemes. Cheque amount should be equivalent with total SIP(s)

instalment amount. For any mis-match in the amount application will be liable to be rejected. Under this application, the Investor authorizes the Fund and the bank to debit their bank account for payment towards various purchases through SIP instalments submitted through various modes offered or as may be offered from time to time by Mirae Asset Mutual Fund.

Please refer the "Minimum Application/Number of units" mentioned in the KIM under the section as Applicable to Eligible schemes under this Multi SIP Facility for minimum subscription amount and frequency. Default Option is Growth. In case of Income Distribution Cum Capital Withdrawal (IDCW) option, default option is IDCW-Reinvestment.

In case of ambiguity at Plan level, Application will be processed under Direct Plan as Default option.

Investor shall have the option of choosing any date of the month as the SIP date from 01st to 28th except the last three calendar dates 29th, 30th & 31st. If SIP debit date is not mentioned default date would be considered as 5th of every month. Even If the Investor selects or mentions the SIP dates as 29th, 30th or 31st, the default SIP date would be considered as 05th of every month only.

3. This facility is an authorization to the bank, as indicated by the Unit holder(s) in the OTM form, to debit their bank account up to a certain limit in a particular folio per registration per transaction, based on their instruction to the Fund, whenever they choose to invest or start a

4. Maximum amount per OTM is Rupees 1 Crore. Kindly ensure that the Max Amount mentioned has to be greater than the total SIP quantum applied for. Investors are requested to note that if OTM with similar bank account details is already registered under the folio, AMC will endeavor to register the applied SIP(s) with the already existing OTM subject to the total SIP amount (existing plus applied for) being under the maximum limit authorized. In any case, the higher of the max limit will be taken in to consideration.

If the unit holder(s) has changed the max limit amount, then the mandate will be registered as a fresh mandate with the revised details. Further, unit holder(s) will be able to register multiple OTM (up to 5 mandates) of different bank account numbers maintained with the same bank or different banks. If any OTM is submitted outside the already existing 5 mandates, the same shall be liable to be rejected.

5. Unless otherwise specified, the term 'mandate' in these terms and conditions refers to the specific bank and bank account number of the investor/s or unit holder/s as mentioned by them in the OTM form (mandate form) to be used for debits for payment towards SIP instalments

6. Only 3 SIPs can be registered per Multi SIP application form. However, the Unit holder(s) can register multiple applications under the same OTM mandate registered for Multi SIP under the folio.

Time Gap for first SIP start date should be minimum of 25 Calendar days but not later than 100 calendar days. Applicant acknowledges that incomplete or ambiguous forms in any respect will not be processed & AMC reserves the right to reject such applications.

7.
