For further details of the scheme/Mutual Fund, due diligence certificate by the AMC, Key Personnel, investors' rights & services, risk factors, penalties & pending litigations etc. investors should, before investment, refer to the Scheme Information Document (SID) and Statement of Additional Information (SAI) available free of cost at any of the Investor Service Centres or distributors or from the website www.miraeassetmf.co.in.

The Scheme particulars have been prepared in accordance with Securities and Exchange Board of India (Mutual Funds) Regulations 1996, as amended till date, and filed with Securities and Exchange Board of India (SEBI). The units being offered for public subscription have not been approved or disapproved by SEBI, nor has SEBI certified the accuracy or adequacy of this KIM.

Investment Objective	The investment objective of the scheme is to generate returns, before expenses, that are commensurate with the performance of the NYSE FANG+ Total Return Index, subject to tracking error and forex movement. The Scheme does not guarantee or assure any returns.									
Asset Allocation Pattern of the scheme	<p>Under normal circumstances, the asset allocation will be as follows:</p> <table border="1" data-bbox="411 454 1407 624"> <thead> <tr> <th data-bbox="411 454 1134 521">Types of Instruments</th> <th colspan="2" data-bbox="1141 454 1407 521">Indicative allocation (% of total assets)</th> </tr> </thead> <tbody> <tr> <td data-bbox="411 526 1134 555">Securities included in the NYSE FANG+ Index</td> <td data-bbox="1141 526 1278 555">95%</td> <td data-bbox="1284 526 1407 555">100%</td> </tr> <tr> <td data-bbox="411 560 1134 624">Money market instruments / debt securities, Instruments and/or units of schemes of domestic Mutual Funds.</td> <td data-bbox="1141 560 1278 624">0</td> <td data-bbox="1284 560 1407 624">5%</td> </tr> </tbody> </table> <p>The Asset Allocation portion shall also include subscription and redemption cash flow which may be undeployed due to various reasons (dividend from underlying securities, rebalancing or balances for running cost of the scheme, residual amount due to execution on rounding off etc). However, in the event of the asset allocation falling outside the limits specified above, the Fund Manager will rebalance the same within 7 days.</p> <p>Exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period. Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. It can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index. In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. The Scheme will not maintain any leveraged or trading positions. Exposure to such derivatives will be restricted to 20% of net assets of the scheme.</p> <p>The Scheme will not invest in Securitized Debt/ structured obligation/ Repo in Corporate Debt Securities nor will it engage in short selling. The scheme does not intend to invest into any credit default swaps.</p> <p>However, the aggregate gross exposure to equity, derivatives, debt instruments and money market instruments will not exceed 100% of the net assets of the scheme.</p> <p>Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive consideration only. In the event of deviations,</p>	Types of Instruments	Indicative allocation (% of total assets)		Securities included in the NYSE FANG+ Index	95%	100%	Money market instruments / debt securities, Instruments and/or units of schemes of domestic Mutual Funds.	0	5%

	<p>portfolio rebalancing will be carried out within 30 calendar days. Where the portfolio is not rebalanced within 30 calendar days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.</p>
Investment Strategy	<p>The Mirae Asset NYSE FANG+ ETF will be managed passively with investments in stocks in a proportion that match as close as possible to the weights of these stocks in NYSE FANG+ Index.</p> <p>The NYSE FANG+ Index is an equal-dollar weighted Index designed to represent a segment of the technology and consumer discretionary sectors consisting of 10 highly-traded growth stocks of technology and tech-enabled companies such as Facebook, Apple, Amazon, Netflix, and Alphabet's Google.</p> <p>The investment strategy of the Scheme will be to invest in a basket of securities forming part of NYSE FANG+ Index in similar weight proportion.</p> <p>The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, taking into account the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet the liquidity requirements.</p> <p>Subject to the Regulations and the applicable guidelines the Scheme may invest in the schemes of Mutual Funds. The investment strategy shall be in line with the asset allocation mentioned under "Section II (c): How will the Scheme allocate its assets".</p> <p>For detailed investment strategy, refer SID.</p>
Risk Profile of the Scheme	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document (SID) carefully for details on risk factors before investment.</p> <p>The Scheme is subjected to Scheme Specific Risk Factors, Other risk associated with the scheme, underlying investments in US securities and the index, Risks Associated With Overseas Investments, Risk Factors associated with Exchange traded Schemes, Passive Fund Investment Risks, Risks Associated with Equity Investments, risks associated with Debt & Money Market Instruments, Risks Associated with Derivatives, Risks associated with segregated portfolio, Risks associated with investing in Tri-Party Repo through CCIL (TREPS), Risk factors associated with processing of transaction through Stock Exchange Mechanism.</p>
Risk Control measures	<p>Market Risk: Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.</p> <p>Risks Associated with Debt & Money Market Instruments</p> <p>Credit Risk - The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.</p> <p>While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.</p>

<p>Plans and Options</p>	<p>The Scheme does not offer any Plans/Options for investment.</p> <p>The AMC and the Trustees reserve the right to introduce such other Plans/Options as they deem necessary or desirable from time to time, in accordance with the SEBI Regulations.</p>
<p>Applicable NAV (after the scheme opens for repurchase)</p>	<p>In case of Purchase / Redemption directly with Mutual Fund (By Authorized Participants and Large Investors):</p> <p>The Cut-off time for receipt of valid application for Subscriptions and Redemptions is 3.00 p.m. However, as the Scheme is an Exchange Traded Fund, the Subscriptions and Redemptions of Units would be based on the Portfolio Deposit and Cash Component as defined by the Fund for that respective Business Day. Thus, Units of the Scheme will be allotted / redeemed at a price determined on the basis of approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer for applications directly received at AMC. Additionally, the difference in the value of portfolio and cost of purchase/sale of Portfolio Deposit on the Exchange for creation/ redemption of MANFSETF Units including the Cash Component and transaction handling charges, if any, will have to be borne by the Authorized Participant/Large Investor.</p> <p>In case of Redemption directly with Mutual Fund in exceptional circumstances by investors other than Authorized Participants:</p> <p>The Cut-off time for receipt of valid application for Redemptions directly with the Fund in exceptional circumstances is 3.00 p.m. Valid applications received by the fund upto the cut-off time will be processed on the basis of approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer for applications directly received at AMC of the day of receipt of request and for valid applications received after cut-off time, at approximately indicative NAV based prices of the next business day (along with applicable charges and execution variations) during the Ongoing Offer for applications directly received at AMC shall be applicable.</p> <p>Settlement of Purchase/Sale of Units of the Scheme on NSE/ BSE</p> <p>Buying/Selling of Units of the Scheme on NSE/ BSE is just like buying/selling any other normal listed security.
