	AMC of any other mutual fund shall not exceed 5% of the net asset value of the Fund. In the event of deviations, rebalancing will normally be carried out within 20 business days.
Investment Strategy	The fund will be managed according to the investment objective to generate consistent returns with a high level of liquidity in a judicious portfolio mix comprising of money market and debt instruments. The intention is to offer returns at lower level of risk while maintaining the liquidity profile.
	The investment team will primarily use a bottom up approach with an importance to top down overlay to assess the quality of the security/instrument (including the financial health of the issuer) as well as the liquidity of the security and the impact of various macroeconomic policy changes such as monetary policy changes etc.
	Investments in Certificates of Deposits and Commercial Papers carry various risks such as interest rate risk, reinvestment risk, credit risk and liquidity risk etc. Whilst such risks cannot be eliminated, they may be minimized through diversification The Scheme does not propose to underwrite issuances of securities of other issuers. The Scheme will purchase securities in primary as well as secondary markets. The Scheme may also invest in securities offered by the issuer through private placements.
	Policy for Investment decisions The investment policy of the AMC has been determined by the Investment Committee ("IC") which has been ratified by the Boards of the AMC and Trustee. At the strategic level, the broad investment philosophy of the AMC and the authorized exposure limits are spelt out in the Investment Policy of the AMC. During trading hours, the Fund Managers have the discretion to take investment decisions for the Scheme within the limits defined in the Investment Policy, these decisions and the reasons thereof are communicated to the CEO for post facto approval.
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document (SID) carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below.
	The Scheme is subjected to risk factors associated with Debt and Money Market instruments such as interest Rate risk/Price risk, Reinvestment risk, Credit risk, Prepayment risk, Liquidity risk, Derivatives and Securities Lending, Short Selling and Risk associated with short selling as detailed in the SID.
Risk Control measures	<u>Concentration Risk</u> The AMC will mitigate this risk by investing in sufficiently large number of issuers spread across the sectors so as to maintain optimum diversification and keep issuer/sector specific concentration risk relatively low.
	Liquidity Risk The Schemes will invest in debt instruments and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The Schemes will however, endeavor to minimise liquidity risk by investing in securities having a liquid market.
	<u>Risks Associated with Debt & Money Market Instruments</u> <u>Credit Risk -</u> The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.

Risks Associated with Repo in Corporate Debt

1) Illiquidity Risk

The repo market for corporate debt securities is over the counter (OTC) and illiquid. Hence, repo obligations cannot be easily sold to other parties. Therefore, to mitigate such risks, it has been stipulated that gross exposure to Repo in corporate bonds would be limited to 10% of net assets of the concerned scheme. Further, the tenor of repo would be taken based on nature and unit holders' pattern of the scheme.

2) Counter-party risk

Credit risk would arise if the counter-party fails to repurchase the security as contracted or if counterparty fails to return the security or interest received on due date. To mitigate such risks, the schemes shall carry out repo transactions with only those counterparties, which has a credit rating of 'A1+' or 'AA- and above'. In case of lending of funds as a repo buyer, minimum haircuts on the value of the collateral security have been stipulated, and we would receive the collateral security in the scheme's account before the money is lent to the counter-party. Overall, we would have a limited number of counter-parties, primarily comprising of Mutual Funds, Scheduled Commercial banks, Financial Institutions and Primary dealers. Similarly, in the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter-party may hurriedly dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to the Scheme. Thus, the Scheme may suffer losses in such cases. Sufficient funds flow management systems are in place to mitigate such risks.

3) Collateral Risk (as a repo buyer)

Collateral risks arise due to fall in the value of the security (change in credit rating and/or interest rates) against which the money has been lent under the repo arrangement. To mitigate such risks, we have stipulated the minimum credit rating of the issuer of collateral security.

('AA' for long-term instruments/A1+ for money market instruments), maximum duration of the collateral security (10 years) and minimum haircuts on the value of the security.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). However, it may be noted that a member shall have the right to submit resignation from the membership of

	default maximu fund in afore-me contribu specified prescrib all Cent The rist	the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than

INSTRUCTIONS

- 1. Auto Switch facility is a Special facility available to the existing investors having investments in Specified Schemes of Mirae Asset Mutual Fund (MAMF) only during the New Fund Offering (NFO) period whereby investors can switch their units from such Specified Schemes at the specified date during the NFO Period.
- Unit holders are advised to read the Statement of Additional Information (SAI), Scheme Information Document (SID) and Key Information Memorandum (KIM) of the Scheme which is available at all the Designated Investor Service Centers (ISCs), Brokers / Distributors and on our website www.miraeassetmf.co.in carefully before investing.
- This Auto Switch Form can be used only by Existing Unit holders having investments in specified schemes of Mirae Asset Mutual Fund to switch their units. MAMF
 reserves the right to extend or limit the said facility on such terms and conditions as may be decided from time to time. For eligible/specified transferor scheme
 please refer to SID.
- 4. Existing unit holders having investments in schemes other than specified schemes and wish to switch their investments have to fill up Switch Section of the Application Form.
- 5. The application for Auto Switch will be processed on the closing day of the NFO .
- 6. All valid Auto Switch request would be treated as switch out / redemption for the Transferor Scheme.
- 7. The units from the Specified Transferor Scheme will be switched, subject to provisions mentioned in the Scheme Information Document of the Transferor Scheme. The units in the Transferee Scheme will be allotted at the NFO Price of the Scheme on the Specified Schemes Specified Schemes allotment date.
- 8. Unit holder are required to maintain clear balance in accordance with amount specified in the Auto Switch Application Form on the execution date. In case of insufficient balance in the account / folio, the application for Auto Switch will be rejected.
- 9. Unit holders should note that Unit holders' details and mode of holding (single, joint, anyone or survivor) in the Transferee Scheme will be as per the existing folio number of the Transferer Scheme. Units will be allotted under the same folio number
- 10. The Unit holders are given an Option to hold the units by way of an Account Statement or in Dematerialized ('Demat') form. Unit holders opting to hold the units in Demat form must provide their Demat Account details in the specified section of the application form. The Unit holder intending to hold the units in Demat form are required to have a beneficiary account with the DP (registered with NSDL / CDSL as may be indicated by the Fund at the time of launch of the Plan) and will be required to indicate in the application the DP's name, DP ID Number and the Beneficiary account number of the applicant with the DP. In case Unit holders do not provide their Demat Account Statement shall be sent to them. Such investors will not be able to trade on the stock exchange till the holdings are converted in to Demat form.
- 11.For Direct Investments, please mention "Direct" in the column "Name & Broker Code / ARN".
- 12. This facility will not be available for units which are under any Lien/Pledged or any lock-in period.
- 13. The application is subject to detailed scrutiny and verification. Applications which are not complete in all respect are liable for rejection either at the collection point itself or subsequently after detailed scrutiny / verification at the back office of the Registrar.
- 14.MAMF reserves the right to withdraw this amend or withdraw this facility or change the procedures from time to time.
- 15.Investors are requested to clearly mention the Plan and the Option in which investment is to be made. In case of any ambiguity, the application will be liable to be rejected. In the absence of clear indication as to the choice of Option (Growth or Income Distribution cum capital withdrawal option), by default, the units will be allotted under the Growth Option of the Plan.
- 16.Investors subscribing under Direct Plan of the Mirae Asset Cash Management Fund will have to indicate the Scheme / Plan name in the application form as "Mirae Asset Cash Management Fund Direct Plan". Investors should also indicate "Direct" in the ARN column. In case ARN code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name, ARN code will be ignored and the application will be processed under Direct Plan. If the investor does not mention Direct against the scheme name and the ARN code is also not provided the default allotment would be made in the Direct Plan.
- 17.Employee Unique Identification Number (EUIN) would assist in tackling the problem of mis-selling even if the employee / relationship manager / sales person leave the employment of the distributor
