Equity Expertise

We have built our expertise in fundamental bottom-up analysis over the years to identify companies with sustainable competitiveness in their respective markets.

This process is differentiated and further enhanced by having on-the-ground research and investment teams in key markets globally.

Fixed Income Expertise

Our unique approach to fixed income offers a wide array of products on a country, regional and global level.

Our broad product base not only leverages our on-the-ground teams of fixed income PMs and analysts but our internally developed IT platform.

Asset Allocation & Quantitative Expertise

Our suite employs various solutions, including proprietary quantitative strategies.

Aims to maximize long-term growth through income and capital appreciation by investing in income producing securities.

Traditional Fund Management

Since our first fund launch in 1998, we have diversified our line-up by building our global investment network and capabilities.
