Mirae Asset Global Investments

Equity Expertise

We have built our expertise in fundamental bottom-up analysis over the years to identify companies with sustainable competitiveness in their respective markets.

This process is differentiated and further enhanced by having on-the-ground research and investment teams in key markets globally.

Fixed Income Expertise

Our unique approach to fixed income offers a wide array of products on a country, regional and global level.

Our broad product base not only leverages our on-the-ground teams of fixed income PMs and analysts but our internally developed IT platform.

Asset Allocation & Quantitative Expertise

Our suite employs various solutions, including proprietary quantitative strategies.

Aims to maximize long-term growth through income and capital appreciation by investing in income producing securities.

Traditional Fund Management

We offer a well-rounded suite of traditional investment strategies across objectives, geographies and investment themes. Our strategies employ an investment process which is research driven and blends portfolio construction with disciplined risk management

Mirae Asset Global Investments

Venture Capital

Technological innovation and ensuing structural changes have propelled economic prosperity throughout history and under the current business environment characterized by constant technological innovation, industry boundaries are being torn down. This is where Mirae Asset focuses, seeking to invest in and support category defining companies building a technology-driven future.

Mirae Asset's primary objective is embedded in maximizing returns to investors throughout the entire investment cycle with active collaboration and support from Mirae Asset Financial Group's core affiliates. Our thought process with regards to venture capital investments is holistically guided by the three main pillars, amplifying its intrinsic nature of low correlation with other traditional asset classes.
