I INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the scheme can go up or down depending on various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee the future performance of the Scheme.
- The name of the Scheme does not in any manner indicate its quality or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1.00 Lac made by it towards setting up the Mirae Asset Mutual Fund.
- The present scheme is not a guaranteed or assured return scheme. In addition, the scheme does not guarantee or assure any dividend and also does not guarantee or assure that it will make any dividend distribution, though it has every intention to make the same in the IDCW option. All dividend distributions will be subjected to the investment performance of the Scheme.

Scheme Specific Risk Factors

Risks Associated with Equity Investments:

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments in equity and equity related securities. The NAVs of the units of the Scheme can go up or down because of various factors that affect the capital markets in general. Macroeconomic factors like changes in tax rates, political uncertainties, changes in government regulations etc. and industry specific factors like competition, demand supply, etc. could impact the performance of the companies in which the Scheme invests.

Settlement Risk

Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in receipt of sale proceeds. The inability of the Portfolio to make purchases in intended securities due to settlement problems could cause the Portfolio to miss certain investment opportunities.

Regulatory Risk

The value of the securities may be affected by uncertainties such as changes in government policies, changes in taxation, and other developments in the laws and regulations.

Risk associated with Unlisted Securities

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options.

The AMC may choose to invest in unlisted domestic securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and

valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

Risks associated with Debt and Money Market Instruments

Interest Rate Risk/Price Risk

From the perspective of coupon rates, debt securities can be classified in two categories, i.e., Fixed coupon bearing securities and Floating coupon bearing securities. In Fixed coupon bearing securities, the coupon rate is determined at the time of investment and paid/received at the predetermined frequency. In the floating coupon bearing securities, on the other hand, the coupon rate changes - 'floats' - with the underlying benchmark rate, e.g., MIBOR, 1 yr. Treasury bill. Fixed income securities (such as Government Securities, bonds, debentures and money market instruments) where a fixed return is offered, run price risk. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, the payment-frequency of such coupon, days to maturity and the increase or decrease in the level of interest rates. The prices of Government Securities (existing and new) will be influenced only by movement in interest rates in the financial system and liquidity. Whereas, in the case of corporate or institutional fixed income securities, such as bonds or debentures, prices are influenced not only by the change in interest rates but also by credit rating of the security and liquidity thereof.

Reinvestment Risk

Investments in fixed income securities may carry reinvestment risk as interest rates prevailing in the market may differ from the original coupon of the bond. Consequently the proceeds from regular coupon and principal payments on due date may get invested at a lower rate.

Credit Risk

Credit Risk comprises three components.

- Default Risk

Securities carry a risk of repayment of principal or interest by the borrower. This is called as default risk. The default risk depends on micro economic factors such as financial soundness and ability of the borrower and macro-economic factors such as industry performance, competition, trade barriers etc.

- Downgrade Risk

It is the risk that credit rating agency downgrades the rating of an issuer based on earnings and cash flows generating capacity. The credit rating migration of issuance leads to increase in the credit spread and thus reduces the price of corporate bond.

- Spread Risk

Though the sovereign yield curve might remain constant, investments in corporate bonds are exposed to the risk of spread widening between corporate bonds and gilts. Typically, if this spread widens, the prices of the corporate bonds tend to fall and so could the NAV of the Debt Schemes. Similar risk prevails for the investments in the floating rate bonds, where the benchmark might remain unchanged, but the spread over the benchmark might vary. In such an event, if the spread widens, the price and the NAV could fall.

Prepayment Risk

The Borrower may prepay the receivables prior to their respective due dates. This may result in a change in the yield and tenor for the scheme.

Liquidity Risk

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. The length of time for settlement may affect the Scheme in the event it has to meet an inordinately large number of redemption or of restructuring of the Scheme's investment portfolio.

Risks Associated with Derivatives

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional instruments. Such risks include mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount.

The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price. The loss can be unlimited as underlying asset can increase to any levels.

The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price and the loss is limited to strike price.

Investments in futures face the same risk as the investments in the underlying securities. The extent of loss is the same as in the underlying securities. However, the risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. The derivatives are also subject to liquidity risk as the securities in the cash markets. The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility in the values. For further details please refer to section "Investments Limitations and Restrictions in Derivatives" in this SID.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Risk associated with Securities Lending

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending under the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of

the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Risk associated with short selling

Short-selling is the sale of shares that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the loan. If the price of the stock has fallen, he can buy the stock back for less than he received for selling it and profits from it (the difference between higher short sale price and the lower purchase price).

However, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the price increases without limit and shall result into major losses in the portfolio.

In addition, the short selling will also have the risk of inability to borrow the securities by the seller. Then, it might be possible that the short seller will be required to purchase the securities sold short to cover the short even if the price of the security is higher at the time of the short sale.

If a stock starts to rise and a large number of short sellers try to cover their positions at the same time, it can quickly drive up the price even further. This phenomenon is known as a short squeeze. This might result in major losses in the portfolio.

Risk associated with Securitized Debt

Securitized debt papers carry credit risk of the Obligors and are dependent on the servicing of the PTC/Contributions etc. However these are offset suitably by appropriate pool selection as well as credit enhancements specified by Rating Agencies. In cases where the underlying facilities are linked to benchmark rates, the securitized debt papers may be adversely impacted by adverse movements in benchmark rates. However this risk is mitigated to an extent by appropriate credit enhancement specified by rating agencies. Securitized debt papers also carry the risks of prepayment by the obligors. In case of prepayments of securities debt papers, it may result in reduced actual duration as compared to the expected duration of the paper at the time of purchase, which may adversely impact the portfolio yield. These papers also carry risk associated with the collection agent who is responsible for collection of receivables and depositing them. The Investment team evaluates the risks associated with such investments before making an investment decision. The underlying assets in the case of investment in securitized debt could be mortgages or other assets like credit card receivables, automobile/vehicle/ personal/commercial/corporate loans and any other receivables/ loans/debt. The risks associated with the underlying assets can be described as under:

Credit card receivables are unsecured. Automobile/vehicle loan receivables are usually secured by the underlying automobile/ vehicle and sometimes by a guarantor. Mortgages are secured by the underlying property. Personal loans are usually unsecured.

Corporate loans could be unsecured or secured by a charge on fixed assets/receivables of the company or a letter of comfort from the parent company or a guarantee from a bank/financial institution. As a rule of thumb, underlying assets which are secured by a physical asset/guarantor are perceived to be less risky than those which are unsecured. By virtue of this, the risk and therefore the yield in descending order of magnitude would be credit card receivables, personal loans, vehicle/automobile loans, mortgages and corporate loans assuming the same rating.

Liquidity in Securitized Debt may be affected by trading volumes, settlement periods and transfer procedures. These factors may cause potential losses from being not able to sell the securitized debt instruments at its fair value.

Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risks. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than government securities. Further, even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

B. RISK MITIGATION MEASURES

The AMC will endeavor to mitigate such risks by adopting the following measures:

- i. The Fund Manager may diversify its portfolio across various sectors instead of concentrating on few sectors to avoid sectoral risk.
- ii. The Fund Manager may try to have a large base of stocks in the portfolio to avoid concentration risk and liquidity risk.
- iii. The Fund Managers will monitor the trading volumes in a particular stock before investment to avoid liquidity risk.
- iv. Fund Managers will invest in companies that benefit from macroeconomic, industry and sectoral trends (Top down Theme Overlay) after doing bottom up analysis and due diligence, quality of management in terms of corporate governance and commitment to minority shareholders etc..

Risks Associated with Repo in Corporate Debt

1) Illiquidity Risk

The repo market for corporate debt securities is over the counter (OTC) and illiquid. Hence, repo obligations cannot be easily sold to other parties. Therefore, to mitigate such risks, it has been stipulated that gross exposure to Repo in corporate bonds would be limited to 10% of net assets of the concerned scheme. Further, the tenor of repo would be taken based on nature and unit holders' pattern of the scheme.

2) Counter-party risk

Credit risk would arise if the counter-party fails to repurchase the security as contracted or if counterparty fails to return the security or interest received on due date. To mitigate such risks, the schemes shall carry out repo transactions with only those counterparties, which has a credit rating of 'A1+' or 'AA- and above'. In case of lending of funds as a repo buyer, minimum haircuts on the value of the collateral security have been stipulated, and we would receive the collateral security in the scheme's account before the money is lent to the counter-party. Overall, we would have a limited number of counter-parties, primarily comprising of Mutual Funds, Scheduled Commercial banks, Financial Institutions and Primary dealers. Similarly, in the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter-party may hurriedly dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to the Scheme. Thus, the Scheme may suffer losses in such cases. Sufficient funds flow management systems are in place to mitigate such risks.

3) Collateral Risk (as a repo buyer)

Collateral risks arise due to fall in the value of the security (change in credit rating and/or interest rates) against which the money has been lent under the repo arrangement. To mitigate such risks, we have stipulated the minimum credit rating of the issuer of collateral security. ('AA' for long-term instruments/A1+ for money market instruments), maximum duration of the collateral security (10 years) and minimum haircuts on the value of the security.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”. As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.”

C. REQUIREMENT OF MINIMUM NUMBER OF INVESTORS AND MINIMUM HOLDING BY SINGLE INVESTOR

The Scheme(s)/Plan(s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme(s)/Plan(s) (at portfolio level). The two conditions mentioned above shall be complied within each subsequent calendar quarter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable NAV on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

D. SPECIAL CONSIDERATIONS

Mutual funds, like securities investments, are subject to market risks and there is no guarantee against loss in the Scheme or that the objective(s) of the scheme are achieved.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME:

Large & Mid Cap Fund - An open ended equity scheme investing in both large cap and mid cap stocks

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to generate income and capital appreciation from a portfolio primarily investing in Indian equities and equity related securities of large cap and mid cap companies at the time of investment. From time to time, the fund manager may also seek participation in other Indian equity and equity related securities to achieve optimal Portfolio construction. The Scheme does not guarantee or assure any returns.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation will be as follows:

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
	Minimum	Maximum	
Indian Equities and Equity Related Securities* of Large cap companies (top 100 stocks by market capitalization at the time of investment).	35	65	High
Indian Equities and Equity Related Securities* of Mid cap companies (which are not part of the Top 100 stocks but fall within Top 250 stocks by market capitalization at the time of investment).	35	65	High
Other Indian Equities and Equity Related Securities/ Money market instruments (including Tri-party repo)/debt securities Instruments**	0	30	Low to Medium

*Equity and Equity related instruments include investments in ADRs/IDRs convertible debentures, equity warrants, convertible preference shares, equity derivatives etc. **Debt instruments include securitized debt upto 20% of corpus. The Scheme does not propose to underwrite issuances of securities of other issuers. The Scheme may invest in ADRs/ GDRs/IDRs/foreign Securities up to 25% of the net assets of the Scheme, subject to the approval from the Securities and Exchange Board of India and a maximum of US\$ 300 million per Mutual Fund as permitted under the Regulations.

The Scheme may invest upto 30% of net assets in equity derivatives instruments including futures (index and stock), options (index and stock) and forward contracts that are available for investment in India and overseas from time to time and are permissible as per the applicable Regulations. The corpus of the Scheme shall be predominantly invested in an actively managed portfolio of equity and equity related securities of companies on the basis of market capitalization (as notified by AMFI in terms with SEBI circular no. SEBI/HO/ IMD/DF3/CIR/P/2017/114 dated October 16, 2017).

However, due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term purpose only, for defensive considerations and the intention being at all times to protect the interests of the Unit Holders.

In the event of deviations, rebalancing will normally be carried out within 1 month from the date of AMFI issues notification on list of stocks under large cap, mid cap and small cap stocks which would

be made available by AMFI every 6 months. Investments other than in equity will be made for managing liquidity in the normal market circumstances.

Investments other than in equity will be made for managing liquidity in the normal market circumstances. The preferred instruments will be debt and money market instruments include commercial papers, commercial bills, treasury bills, Government securities, Tri-party repo or notice money, certificate of deposit and any other like instruments as specified by Reserve Bank of India from time to time. In case the rebalancing is not carried out within 1 month, the same would be reported to the Investment Committee of the AMC. The Investment committee would then put forth their recommendations to the Board of the AMC and Trustee Company, for their direction. For the purpose of further diversification and liquidity, the Scheme may invest in other schemes managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the AMC of any other mutual fund shall not exceed 5% of the net asset value of the Fund. The Scheme may propose to participate in stock lending as permitted by SEBI and as per the limits as specified by the relevant guidelines, circulars, regulations, etc. from time to time. The Fund will consider following definition as per SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2017/114 dated October 16, 2017:

- a. Large Cap: 1st -100th company in terms of full market capitalization
- b. Mid Cap: 101st -250th company in terms of full market capitalization
- c. Small Cap: 251st company onwards in terms of full market capitalization

INVESTMENT BY THE AMC IN THE SCHEME

Subject to the Regulations, the AMC may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme.

Overview of Debt Markets in India

Indian fixed income market, one of the largest and most developed in South Asia, is well integrated with the global financial markets. Screen based order matching system developed by the Reserve Bank of India (RBI) for trading in government securities, straight through settlement system for the same, settlements guaranteed by the Clearing Corporation of India and innovative instruments like Tri-party repo have contributed in reducing the settlement risk and increasing the confidence level of the market participants.

The RBI reviews the monetary policy six times a year giving the guidance to the market on direction of interest rate movement, liquidity and credit expansion. The central bank has been operating as an independent authority, formulating the policies to maintain price stability and adequate liquidity. Bonds are traded in dematerialized form. Credit rating agencies have been playing an important role in the market and are an important source of information to manage the credit risk.

Government (Central and State) is the largest issuer of debt in the market. Public sector enterprises, quasi government bodies and private sector companies are other issuers. Insurance companies, provident funds, banks, mutual funds, financial institutions, corporates and FPIs are major investors in the market. Government loans are available up to 30 years maturity. Variety of instruments available for investments including plain vanilla bonds, floating rate bonds, money market instruments, structured obligations and interest rate derivatives make it possible to manage the interest rate risk effectively.

Indicative levels of the instruments currently trading as on April 05, 2021 are as follows:

Instrument	Maturity	Tenure	Yield	Liquidity
TREPS / Repo	Short	Overnight	3.13	Very High
CP / CD / T Bills	Short	3 months CP	3.33*	High
		3 months CD	3.44	
		1 Year CP	3.69*	
		1 Year CD	3.76	
Central Government securities	Low to High	10 years	6.12	Medium

These are only indicative levels and are likely to change depending upon the prevailing market conditions.

D. WHERE THE SCHEME WILL INVEST?

Investment in Indian Equity securities:

The Scheme will invest in Equity and Equity related instruments of large cap companies, which are part of the top 100 stocks by market capitalization at the time of investment. The Scheme shall also invest in Equity and Equity related instruments of mid cap companies, which are not part of the top 100 stocks but fall within top 250 stocks by market capitalization at the time of investment.

From time to time, the fund manager may also seek participation in other Indian equity and equity related securities or debt securities or money market instruments to achieve optimal Portfolio construction.

The Schemes will invest in Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc.

The investment restrictions and limitations are specified in Schedule VII of SEBI (Mutual Funds) Regulations, 1996, the details of which are given below in “Section I - What are the Investment Restrictions”.

Investment in Debt securities:

The Schemes may invest in Money market instruments including, but not limited to Treasury Bills, Commercial Paper of Public Sector Undertakings and Private Sector Corporate Entities, Term Money, Tri-party repo, Certificates of Deposit of Scheduled Commercial Banks, Financial Institutions and Development Financial Institutions, Government securities with unexpired maturity of one year or less and other Money Market securities as may be permitted by SEBI/RBI from time to time and in the manner prescribed under the Regulations.

The Schemes may also invest into debt securities including, but not limited to, debt Obligations of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, Securitised debt (asset backed securities, mortgage backed securities, pass through certificates, collateralised debt obligations or any other instruments as may be prevailing and permissible under the Regulations from time to time).

The scheme may invest in foreign securities. The investment restriction applicable to scheme for investment in Foreign Securities shall be in accordance with SEBI Circular SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007 and SEBI/IMD/CIR No.2/1222577/08 dated April 08, 2009 and other applicable regulations.

These investments shall be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Scheme in excess of the ceiling, if any, on expenses prescribed by SEBI for offshore investment, and if no such ceiling is prescribed by SEBI, the expenses to the Scheme shall be limited to the level which, in the opinion of the Trustee, is reasonable and consistent with costs and expenses attendant to international investing. The Mutual Fund may, where necessary appoint other intermediaries of repute for advising and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed overseas advisors, transaction costs, and overseas regulatory costs.

Investment in Derivatives:

Concepts and Examples of investing into Derivatives

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities and equities.

• Futures

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

Currently, futures contracts have a maximum expiration cycle of 3-months. Three contracts are available at any time for trading, with 1 month, 2 months and 3 months expiry respectively. Futures contracts typically expire on the last Thursday of the month. For example, a contract with the January expiration expires on the last Thursday of January.

A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Let us assume that the Nifty Index at the beginning of the month October 2017 was 5070 and three index futures as under were available:

Expiry Month	Bid Price	Offer Price
October 17	5075	5080
November 17	5085	5090
December 17	5095	5100

The Scheme could buy an index future of October, 2017 at the offer price of Rs. 5080. The Fund will be required to pay the initial margin as required by the exchanges.

The following is a hypothetical example of a typical trade in index future and the costs associated with the trade.

Particulars	Index Future	Actual Purchase of Stocks
Index as on beginning October 2017	5070	5070
October 2014 Futures Price	5080	-
1.Carry Cost associated with Futures	10 (5080-5070)	
2.Brokerage Cost @ 0.02% for Index Future and 0.03% for Cash Markets	1.016 (0.02% of 5080)	1.521 (0.03% of 5070)
3.Securities Transaction Tax (STT) STT on purchase of index futures – NIL STT on purchase of stocks – 0.025%	NIL (0% of 5080)	1.2675 (0.025% of 5070)
4.Gain on Surplus Funds (Assumed 6% returns on 75% of the money left after paying margin of 25%)	18.74 (6%*(100% of 5070 – 25% of 5080)*30/365)	NIL
Spot Market Price at the expiry of October Contract	5569	5569
5.Brokerage Cost on Sale @ 0.02% for Index Future and 0.03% for Cash Markets	1.114 (0.02% of 5569)	1.671 (0.03% of 5569)
6.Securities Transaction Tax STT on sale of index future – 0.025% STT on sale of stocks – 0.025%	1.114 (0.025% of 5569)	1.392 (0.025% of 5569)
Total Cost (1+2+3+4+5+6)	-5.50	5.85

Please note that the above example is based on assumptions and is used only for illustrative purposes (including an assumption that there will be a gain pursuant to investment in index futures). As can be seen in the above example, the costs associated with the trade in futures are less than that associated with the trade in actual stock. Thus, in the above example the futures trade seems to be more profitable than the trade in actual stock. However, buying of the index future may not be beneficial as compared to buying stocks if the execution and brokerage costs on purchase of index futures are high and the return on surplus funds are low.

The actual returns may vary based on actuals and depends on final guidelines / procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorities.

• Options

An option is a contract which provides the buyer of the option (also called the holder) the right, without the obligation, to buy or sell a specified asset at an agreed price on or upto a particular date. For acquiring this right the buyer has to pay a premium to the seller. The seller on the other hand has the obligation to buy or sell that specified asset at the agreed price. The premium is determined considering number of factors such as the underlying asset's market price, the number of days to expiration, strike price of the option, the volatility of the underlying asset and the risk less rate of return. The strike price, the expiration date and the market lots are specified by the exchanges.

An option contract may be of two kinds, viz., a call option or a put option. An option that provides the buyer the right to buy is a call option. The buyer of the call option (known as the holder of the option) can call upon the seller of the option (known as writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry date of the option. The seller of the option has to fulfill the obligation on exercise of the option.

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Options are of two types: European and American. In a European option, the holder of the option can only exercise his right on the date of expiration. In an American option, he can exercise this right anytime between the purchase date and the expiration date.

Example of options

Buying a Call option: Assume that the Scheme buys a call option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock on the date of expiry of the option is Rs. 5,400 (i.e. more than Rs. 5,000 which is the strike price of an option), the Scheme will exercise the option. However, it may not result into profit. The profit is made only in those circumstances when the intrinsic value (5400 (spot price)-5000(strike price)) is greater than cost paid i.e. option premium (100). If on the date of the expiry of the option, the market price of the underlying stock is Rs. 4,900, the Scheme will not exercise the option and it shall lose the premium of Rs. 100.

Thus, in the above example, the loss for the Scheme, as the buyer of the option, is limited to the premium paid by him while the gains are unlimited.

Writing a Call Option: Assume that the Scheme writes a call option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market price of the underlying stock on the date of expiry increases to Rs. 5,400 (i.e. more than Rs. 5,000) then the option is exercised. The Scheme earns the premium of Rs. 100/- but loses the difference between the market price and the exercise price i.e. Rs. 400/-. In case the market price of the underlying stock decreases to Rs. 4,900, the Scheme gets to keep the premium of Rs.100.

Buying a Put Option: Assume that the Scheme buys a put option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock decreases to Rs. 4,850 (i.e. less than strike price of 5000) the Scheme would be protected from the downside and would exercise the put option. However, it may not result into profit. The profit is resulted only when the intrinsic value (5000 (strike price)-4850(spot price)) is greater than the cost paid i.e. option premium of 100. Whereas if the stock price moves up to say Rs. 5,150 the Scheme may let the option expire and forego the premium.

Writing a Put Option: Assume that the Scheme writes a put option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market value of the underlying stock decreases to Rs. 4,850, the put option will be exercised and the Scheme will earn the premium of Rs. 100 but loses the difference between the exercise price and the market price which is Rs. 150. However if the market price of the underlying stock is Rs. 5,150, the option-holder will not exercise the option. As a result of which the option will expire and the Scheme will earn the premium income of Rs. 100.

However, as per the SEBI circular dated August 18, 2010, the Schemes shall not write options or purchase instruments with embedded written options. The above explanations are only for illustrative purpose.

A forward contract is a transaction in which the buyer and the seller agree upon the delivery of a specified quality (if commodity) and quantity of underlying asset at a predetermined rate on a specified future date.

Please note that the above examples are based on assumptions and are used only for illustrative purposes. Risks associated with investment strategy which may be followed by the fund managers for investment in derivatives:

Execution of investment strategies depends upon the ability of the fund manager to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable.

The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.

Investments in Scheme by AMC, Sponsor & Associates

Under Regulation 28(4) of the SEBI (MF) Regulations, 1996 inserted by Gazette Notification No. LADNRO/Gn/2014-15/01 dated May 06, 2014, the AMC has invested in the Direct Plan – Growth option of the Scheme and such investment will not be redeemed unless the Scheme is wound up.

In addition to investments as mandated under Regulation 28(4) of the Regulations as mentioned above, the AMC, may invest in the scheme during the continuous offer period subject to the SEBI (MF). As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme. The Sponsor, Trustee and their associates may invest in the scheme on an ongoing basis subject to SEBI (MF) Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time.

E. WHAT ARE THE INVESTMENT STRATEGIES?

The investment strategies for the scheme are as follows:

- The scheme aims to generate income and capital appreciation from a portfolio primarily investing in Indian equities and equity related securities of large cap and mid cap companies at the time of investment. From time to time, the fund manager may also seek participation in other Indian equity and equity related securities to achieve optimal Portfolio construction.
- The fund manager may not have any bias towards particular theme, sector or style in picking investment opportunities. However, the fund manager does have the flexibility to follow a focused approach on the investments.
- The fund manager broadly analyses the macro economy, industry trends and business cycles. He will invest in companies that benefit from macroeconomic, industry and sectoral trends (Top down Theme Overlay) after doing bottom up analysis and due diligence, quality of management in terms of corporate governance and commitment to minority shareholders etc.
- The Fund Manager will diversify its portfolio across various sectors instead of concentrating on few sectors to avoid sectoral risk.
- The Fund Manager will try to have a large base of stocks in the portfolio to avoid concentration risk and liquidity risk.
- The Fund Managers will monitor the trading volumes in a particular stock before investment to avoid liquidity risk.
- The Scheme may invest in equity derivatives instruments to the extent permitted under and in accordance with the applicable Regulations, for the purposes of portfolio hedging, portfolio balancing to optimize the returns or to undertake any other strategy as permitted under the SEBI Regulations.
- Hedging does not mean maximization of returns but only attempts to reduce risk that may be inherent in the investment.

Apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund does not follow any internal norms vis-a-vis limiting exposure to a particular scrip or sector etc.

Policy for Investment decisions

The investment policy of the AMC has been determined by the Investment Committee (“IC”) which has been ratified by the Boards of the AMC and Trustee. At the strategic level, the broad investment philosophy of the AMC and the authorized exposure limits are spelt out in the Investment Policy of the AMC. During trading hours, the Fund Managers have the discretion to take investment decisions for the Scheme within the limits defined in the Investment Policy, these decisions and the reasons thereof are communicated to the CEO for post facto approval.

The designated Fund Manager(s) of the Scheme will be responsible for taking day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

Portfolio Turnover Policy

Portfolio turnover is defined as the aggregate value of investment and disinvestment in equity/equity related securities (other than those caused by the Purchases and Redemptions by Unit Holders) as a percentage of the average corpus of the Scheme during a specified period of time. This would also exclude investments /disinvestments in money market instruments.

The fund managers normally will buy stocks which they believe will deliver superior earnings growth over a one-to-two year period and hence the portfolio turnover is not expected to be very high. However, during volatile market conditions, the fund manager has the flexibility to churn the portfolio actively to optimize returns keeping in mind the cost associated with it.

F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

i. Type of Scheme:

Large & Mid Cap Fund - An open-ended equity scheme investing in both large cap and mid cap stocks

ii. Investment Objective:

The investment objective of the scheme is to generate income and capital appreciation from a portfolio primarily investing in Indian equities and equity related securities of large cap and mid cap companies at the time of investment. From time to time, the fund manager may also seek participation in other Indian equity and equity related securities to achieve optimal Portfolio construction. The Scheme does not guarantee or assure any returns.

iii. Asset Allocation

Please refer to 'Section II - C. Asset Allocation and Investment Pattern' of this SID for details.

iv. Terms of Issue:

a. Listing:

The Scheme being open ended, the Units are not proposed to be listed on any stock exchange and no transfer facility is provided.

b. Redemption of Units:

The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. In case the request for Redemption specifies both, i.e. amount in rupees as well the number of Units to be redeemed, then the latter will be considered as the redemption request and redemption will be processed accordingly. The minimum redemption amount shall be 'any amount' or 'any number of units' as requested by the investor at the time of redemption request. The Trustees have authorized the AMC to suo-moto redeem such fractional balance units (less than 1 unit), on periodic basis across all schemes, as and when decided by the AMC. Units can be redeemed (sold back to the Fund) at the

Redemption Price during the Ongoing Offer Period. If an investor has purchased Units of a Scheme on more than one Business Day the Units will be redeemed on a first-in-first-out basis. If multiple Purchases are made on the same day, the Purchase appearing earliest in the account statement will be redeemed first.

Redemption Price:

The Redemption Price of the Units is the price at which a Unit Holder can redeem Units of a scheme. It will be calculated as described below:

Redemption Price = Applicable NAV - (Applicable NAV x Exit Load*)

* Exit Load, whatever is applicable, will be charged.

Redemption Price will be calculated for up to three decimal places for the Scheme.

For example, if the Applicable NAV of a Scheme is Rs.10.555, and it has a 2% Exit Load, the Redemption Price will be calculated as follows:

Redemption Price = 10.555 - (10.555 X 2.00%) i.e. 10.455 - 0.211 = 10.344

If the Scheme has no Exit Load, the Redemption Price will be equal to the Applicable NAV.

The Securities Transaction Tax levied under the Income Tax Act, 1961, at the applicable rate on the amount of redemption will be reduced from the amount of redemption.

To illustrate:

If a Redemption of 4,900 units is sought by the Unit Holder at a Redemption Price of Rs. 10.344 (as calculated above), the redemption amount is Rs. 50,685.60. Securities Transaction Tax (STT) for instance is 0.001%. This will be further reduced by the STT of Re. 0.50 (i.e. Rs. 50,685.60 x 0.001%), making the net redemption amount Rs. 50,685.10.

If a Redemption of Rs. 10,000 is sought by the Unit Holder at a Net Redemption Price of Rs. 10.344 (as calculated above), which will give 966.744 Units; the effective redemption amount will be grossed up to Rs. 10,204.08 (i.e. $10,000 \div (1-2\%)$) and 966.744 units ($10,204.08 \div 10.555$) will be redeemed. This is to ensure that the Unit Holder receives the net amount of Rs. 10,000 as desired.

Investors may note that the Trustee has a right to modify the existing Load structure in any manner subject to a maximum as prescribed under the Regulations and with prospective effect only.

Please refer section - LOAD STRUCTURE.

c. Aggregate fees and expenses charged to the scheme:

For detailed fees and expenses charged to the scheme please refer to section VII 'Fees and Expenses'.

d. The Scheme does not provide any safety net or guarantee to the investors. There is no assurance OR guarantee of returns.

Change in the fundamental attributes of the Schemes:

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the Fund or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any exit load.

Further, before effecting any such change, the Trustees shall obtain comments from SEBI.

Fundamental attributes will not cover such actions of the Trustee of the Mutual Fund or the Board of Directors of the AMC, made in order to conduct the business of the Trust, the Scheme or the AMC, where such business is in the nature of discharging the duties and responsibilities with which they have been charged. Nor will it include changes to the Scheme made in order to comply with changes in regulation with which the Scheme has been required to comply.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked to the performance of the Nifty Large Midcap 250 Index. The same has been chosen as the benchmark as the asset allocation pattern of the benchmark is in conformity with the declared asset allocation pattern of the scheme in the SID.

The Trustees reserve the right to change the benchmark of the Scheme by suitable notification to the investors to this effect.

The performances of the schemes of the Mutual Fund are reviewed by the Investment Committee ("IC") as well as the Board of Directors of the AMC and Trustee periodically. The IC is operational at the AMC level and has majority representation from the senior management of the company. Monthly reports on the performance of the schemes with appropriate benchmark indices are also sent to the Directors of the AMC and Trustee and also with the relative performance of the schemes of other mutual funds schemes in the same category which is placed with the Board of Directors of the AMC and Trustee. Further, in terms of SEBI circular no. MFD/CIR/16/400/02 dated March 26, 2002 the performance of the schemes will be benchmarked against the performance of respective benchmarks. Since the scheme is managed with no bias towards any theme, sector, market cap or style, a suitable benchmark indexes have been chosen as the benchmark.

The performance of the Scheme compared to its benchmark index will be reviewed at every meeting of the Board of Directors of the AMC and Trustee and corrective action as proposed will be taken in case of unsatisfactory performance.

In terms of SEBI circular no. MFD/CIR/01/071/02 dated April 15, 2002, the AMC and Trustee may change the benchmark index or select an additional benchmark index after recording adequate justification for carrying out such change. However, change of benchmark index and/or selecting additional benchmark indices would be done in complete compliance of the relevant guidelines of SEBI in this regard.

This provides for opportunities to generate returns that are possibly higher than short term interest rates with minimal active price risk on equities. Implied cost of carry and spreads across the spot, futures and options markets can potentially lead to profitable arbitrage opportunities. The Scheme would carry out arbitrage strategies, which would entail taking offsetting positions in the various markets simultaneously. The arbitrage strategy can also be on account of buy-back of shares announced by a company and/or differences in prices between two exchanges/markets. In this case the arbitrage strategy will not include an offsetting derivatives transaction.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

The following investment limitations and other restrictions, inter-alia, as contained in the Trust Deed and the Regulations apply to the Scheme:

- A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company. Provided that such limit shall not be applicable for investments in

Government Securities, treasury bills and TREPS. Provided further that investment within such limit can be made in mortgaged backed securitised debts which are rated not below investment grade by a credit rating agency registered with the Board.

- No mutual fund under all its schemes should own more than ten per cent of any company's paid up capital carrying voting rights.
- The scheme shall not invest more than 10% of its NAV in the listed equity shares or listed equity related instruments of any company or listed units /securities of venture capital funds provided that the limit of 10% shall not be applicable for investments in index scheme or sector or industry specific scheme.
- All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
- Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. shall be subject to the following:
 - a. Investments shall only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure in such instruments, shall not exceed 5% of the net assets of the scheme.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
- Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments.
- The Scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management or in schemes under the management of any other asset management company shall not exceed 5% of the NAV of the mutual fund.
- Pending deployment of funds of a scheme in securities in terms of investment objectives of the scheme a mutual fund can invest the funds of the scheme in short term deposits of scheduled commercial banks. The investment in these deposits shall be in accordance with SEBI Circular dated April 16, 2007 and June 23, 2008 and August 16, 2019 and September 20, 2019.
- The mutual fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase, redemption of units or payment of interest or dividend to the unitholders. Provided that the mutual fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.
- The Scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management or in schemes under the management of any other asset management company shall not exceed 5% of the NAV of the mutual fund.
- The Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc.

However, the scheme may invest in unlisted Non-Convertible debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

- The investment of mutual fund schemes in below instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:
 - a) Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - b) Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.
- Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares.
- The Scheme shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
- The Mutual Funds/AMCs shall ensure that total exposure of debt schemes in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.

The investments by the Scheme in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees.

A group means a group as defined under regulation 2(mm) of SEBI (Mutual Funds) Regulations, 1996 and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

- Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. shall be subject to following:
 - a. Investments shall only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure in such instruments, shall not exceed 5% of the net assets of the scheme.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

As per SEBI Circular SEBI/IMD/CIR No.1/91171/07 dated April 16, 2007 and and SEBI Circular SEBI/HO/IMD/DF4/CIR/P/2019/093 dated August 16, 2019 & and SEBI Circular no. SEBI/HO/IMD/DF2/CIR/P/2019/101 dated September 20, 2019:

- Total investment of the Scheme in Short term deposit(s) of all the Scheduled Commercial Banks put together shall not exceed 15% of the net assets. However, this limit can be raised upto 20% of the net assets with prior approval of the trustees. Further, investments in Short

Term Deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.

- “Short Term” for parking of funds by Mutual Funds shall be treated as a period not exceeding 91 days
- The Scheme shall not invest more than 10% of the net assets in short term deposit(s), of any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not invest in short term deposit of a bank which has invested in that Scheme. AMC shall also ensure that the bank in which a scheme has Short term deposit do not invest in the said scheme until the scheme has Short term deposit with such bank.
- Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
- The investments in short term deposits of scheduled commercial banks will be reported to the Trustees along with the reasons for the investment which, inter-alia, would include comparison with the interest rates offered by other scheduled commercial banks. Further, AMC shall ensure that the reasons for such investments are recorded in the manner prescribed in SEBI Circular MFD/CIR/6/73/2000 dated July 27, 2000.
- The Scheme will comply with SEBI regulations and any other regulations applicable to the investments of Funds from time to time. The Trustee may alter the above restrictions from time to time to the extent that changes in the regulations may allow. All investment restrictions shall be applicable at the time of making investment.
- In accordance with SEBI Circular No. SEBI/IMD/CIR No.7/129592/08 dated June 23, 2008, the aforesaid limits shall not be applicable to term deposits placed as margins for trading in cash and derivatives market.
- Inter scheme transfers (ISTs) of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if such transfers are done at the prevailing market price for quoted instruments on spot basis. Explanation -“Spot basis” shall have same meaning as specified by stock exchange for spot transactions. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further, ISTs may be allowed in the following scenarios:

- i. for meeting liquidity requirement in a scheme in case of unanticipated redemption pressure
- ii. for Duration/ Issuer/ Sector/ Group rebalancing

No IST of a security shall be done, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.

- The scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities;
- The Scheme shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.

- The Scheme shall not make any investment in: a) Any unlisted security of an associate or group company of the Sponsor; or b) Any security issued by way of private placement by an associate or group company of the sponsor; or c) The listed securities of group companies of the Sponsor which is in excess of 25% of the net assets.

- This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.

The Trustee may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the Unit Holders.

Apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund does not follow any internal norms vis-a-vis limiting exposure to a particular scrip or sector etc.

Investments in Scheme by AMC, Sponsor & Associates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their associates, their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 24 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable regulations and also in accordance with SEBI Circular no. SEBI/IMD/CIR No. 10/22701/03 dated December 12, 2003 regarding minimum number of investors in the Scheme.

In terms of SEBI notification dated May 06, 2014 and March 06, 2020, as per regulation 28, sub-regulation (4) the sponsor or AMC shall invest not less than 1% of the amount which would be raised in the NFO or Rs. 50 lakhs, whichever is less in the growth option of the scheme, and such investment shall not be redeemed unless the scheme is wound up.

Participation in Repo in Corporate Debt

In accordance with SEBI Circulars No. CIR/IMD/DF/19/2011 dated November 11, 2011 and CIR/IMD/DF/23/2012 dated November 15, 2012 on 'Participation of mutual funds in repo in corporate debt securities', Mirae Asset Mutual Fund shall participate in repo transactions in Corporate Debt Securities within the following overall framework, as per the guidelines of Securities and Exchange Board of India and Boards of Mirae Asset Trustee Co. Pvt. Ltd. & Mirae Asset Investment Managers (India) Pvt. Ltd.

(A) Gross Exposure Norms

- (i) The gross exposure of the scheme to 'corporate bonds repo transactions' shall not be more than 10% of the net assets of the concerned scheme.
- (ii) The cumulative gross exposure through repo transactions in corporate debt, equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.

(iii) In addition to investment restrictions specified in SEBI (Mutual Funds) Regulations 1996, the counter-party exposure in a scheme, considering the investments held in the debt securities and value of collaterals held through repo transactions (as a lender), shall not be more than 10% of the Net Assets of the Scheme.

(B) Category of the counter-party to be considered for making investment

Eligible Counterparties: In accordance with the RBI Circular No. RBI/2009- 10/284 idmd.dod.05/11.08.38/2009- 10 dated January 8, 2010, the following categories of entities shall be deemed to be the eligible counterparties to undertake repo transactions in corporate debt securities, provided, they form part of the Fixed Income Investment Universe of Mirae Asset Mutual Fund, and subject to execution of master repo agreement:

- i) Any scheduled commercial bank excluding RRBs and LABs;
- ii) Any Primary Dealer authorized by the Reserve Bank of India;
- iii) Any non-banking financial company registered with the Reserve Bank of India (other than Government companies as defined in section 617 of the Companies Act, 1956);
- iv) All-India Financial Institutions, namely, Exim Bank, NABARD, NHB and SIDBI;
- v) Other regulated entities, subject to the approval of the regulators concerned, viz.,
- vi) Any mutual fund registered with the Securities and Exchange Board of India;
- vii) Any housing finance company registered with the National Housing Bank;
- viii) Any insurance company registered with the Insurance Regulatory and Development Authority and
- ix) other entities specifically permitted by the Reserve Bank.

(C) Credit Rating of Counterparty to be considered for making investment

The scheme/s shall carry out repo transactions with only those counterparties, who have a credit rating of 'AA and above' (Long term rating) or 'A1+' (Short term rating) which are part of our approved Debt Universe on which we have approved Credit Limits.

(D) Tenor of Repo

As a repo seller, the scheme/s can borrow for a period not more than six months as per the existing Regulation 44(2) of the SEBI (Mutual Funds) Regulations, 1996. As a repo buyer, the scheme/s can lend for a maximum period of one year, subject to provision/s of the Scheme Information Document (SID).

(E) Tenor and Credit Rating of the Collateral

The scheme/s shall participate in repo transactions in Corporate Bonds rated 'AA and above' ('A1+' in respect of money market instruments). The tenor of the collateral shall not be more than 10 years.

(F) Minimum Haircut

Haircut/ margins will be decided either by the clearing house or may be bilaterally agreed upon, in terms of the documentation governing repo transactions, subject to the following stipulations:

- Listed corporate bonds and debentures shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.
- CPs and CDs shall carry a minimum haircut of 1.5% of market value.
- Securities issued by a local authority shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.

The above are minimum stipulated haircuts where the repo period is overnight or where the re-margining frequency (in case of longer tenor repos) is daily. In all other cases, Fund Manager may adopt appropriate higher haircuts.

Apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund does not follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector etc.

SIP Facility is available only under the Regular Plan and Direct Plan of the Scheme. A minimum period of 25 - 30 days shall be required for registration under SIP. Investors can avail this facility either through Post-dated Cheques OR through the National Automated Clearing House (NACH). Investor shall have the option of choosing any date of the month as the SIP date from 01st to 28th except the last three calendar dates 29th, 30th and 31st. If SIP debit date is not mentioned default date would be considered as 5th of every month. Even If the Investor selects or mentions the SIP dates as 29th, 30th or 31st, the default SIP date would be considered as 05th of every month only. All the cheques/payment instructions (including the first cheque/payment instruction) shall be of equal amounts. Non MICR/Outstation cheques will</p>

not be accepted. MICR Code starting and/ or ending with “000” are not valid for NACH. There is no upper limit for the Purchase for a single cheque/payment instruction or in aggregate. Please note that SIP will be started subject to the realization of the first registration cheque. The AMC reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the SID, incomplete/incorrect documentation and furnishing necessary information to the satisfaction of the Mutual Fund/AMC.

The conditions for investing in SIP during the Ongoing Offer Period are as under:

- Investors can enroll themselves for SIP by submitting the enrolment form along with the relevant documents including post-dated cheques/ auto / NACH debit instructions along with the first cheque to start SIP and a cancelled cheque or a copy of cheque as the case may be at any of our ISC's. In case of Post Dated Cheques the date of the first cheque shall be dated on or before the date of submission of the application form while the remaining cheques (minimum 5 in case of Monthly or 3 in case of Quarterly option) shall be post-dated cheques (dated uniformly for the stipulated SIP Date of a month or quarter).
- The installment of the SIP will be processed subject to applicable NAV & load, if any, on the date of submission on any Business Day. The 2nd installment in case of monthly SIP will be processed on the chosen SIP date indicated by the investor, after a gap of 25 to 30 calendar days from the date of processing of the first SIP. If the choice of date for the second installment is not indicated by the investor, the second installment of SIP will be by default processed on the 5th of the month. In case of quarterly SIP, the default date for next installment will be 5th of the relevant month. If any of above dates falls on a holiday/non-business day, the transaction will be taken as of the next Business Day. At the time of registration of SIP, if the 'default' end date is not mentioned by the investor, it will be registered for a default period upto 31st December 2099. The SIP installments shall continue until 31st December, 2099 unless the investor instructs Mirae Asset Mutual Fund to discontinue the SIP. If there is an ambiguity in the enrolment period of the SIP, the second installment of SIP will be by default processed for the SIP date chosen (5th of the month if not specified) for a default period of 12 months.
- An extension of an existing SIP will be treated as a new SIP on the date of such application, and all the above conditions need to be met with. The load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the installments indicated in such application.
- Termination of SIP - For discontinuation of SIP the unit holder / investor should intimate the AMC / ISC at least 15 working days prior to the due date of next cheque / SIP installment of every month / quarter. On such request, SIP will be terminated and the balance post-dated cheques will be returned to the investor or the debit instruction given by the investor will be cancelled.
- In case of cancellation of a SIP or cheques returned un-cleared for SIP installments or payment instructions not honored, the AMC may reduce the number of Units allotted against the previous installments. As part of the process, units are automatically allotted as per the SIP date for all SIP installments below 2 Lakhs and the credit is then checked for the units such allotted; post the status report received for ECS debits to the SIP investor account. Where the credit has not been received or the transaction is a failure transaction, the units so allotted will be reversed/reduced for that particular transaction. For all SIP installments which are 2 Lakhs and above, units will be allotted on realization basis as per guidelines.
- Any Unit Holder can avail of this facility subject to certain terms and conditions detailed in the Application Form.

For details on Frequency and minimum applicable amount refer at the end of the VTP section.

Top-up facility under Systematic Investment Plan (SIP)

‘SIP Top-Up’ is a facility which will enable investors to increase the amount of SIP installments at pre-defined frequency by a fixed amount during the tenure of SIP.

The features, terms and conditions for availing the ‘SIP Top-Up’ facility shall be as follows:

- 1- SIP Top-Up facility would be available to all existing and new SIP enrolments. Existing investors who have enrolled for SIP are also eligible to avail Top-Up facility and will be required to submit 'Systematic Investment Plan (SIP) with Top-up Facility' at least 25-30 calendar days prior to the Top-Up start month.
- 2-SIP Top-Up facility can be availed at half yearly and yearly intervals. In case the Top-Up frequency is not specified, Default will be considered as yearly frequency.
- 3-Minimum Top-Up amount would be Rs.500/- & in multiples of Re. 1/- thereafter for all the schemes of the Fund that offer SIP.
- 4-In case the investor does not specify Top-Up amount, Rs.500/- will be considered as the Top-Up amount and the request will be processed accordingly.
- 5-SIP Top-up facility can be started after minimum 6 months from the date of 1st SIP. If the end-date of the Top-up facility is not mentioned the Top-up facility will be continued up till the tenure of the SIP. For example, if the SIP is registered up till 2099, and the end date of the Top-up facility is not mentioned; then the Top-up will continue till 2099.
6. SIP Top-Up will be subject to minimum SIP investment requirement, as applicable to the eligible schemes from time to time.
7. The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option.

SIP Pause facility:

Under SIP Pause facility, the investor who has an ongoing SIP, has an option to pause the SIP. The investor will have to submit the signed SIP Pause facility form duly complete in all respects to avail this Facility.

The features, terms and conditions for availing the SIP Pause Facility are as follows:

- The SIP Pause Facility is available for SIP registration with monthly frequency only.
- The request for SIP Pause should be submitted at least 10 days prior to the subsequent SIP date.
- The request for SIP Pause can be for either 3 instalments or 6 instalments.
- Investor can opt for the SIP Pause facility only twice during the tenure of a particular SIP.
- The SIP shall continue from the subsequent installment after the completion of Pause period automatically.

The AMC reserves the right to change / modify the terms and conditions of the Facility or

withdraw the Facility at a later date.

All Mirae Asset Variable Transfer Plan (VTP)/Mirae Asset Trigger Investment Plan (TRIP applications for all designated modes and frequencies are suspended till further Notice. (vide addendum AD/26/2017 dated November 30, 2017 and notice cum addendum AD/35/2020 dated November 4, 2020). If and when available, following shall be the features of such facility as mentioned below:

ii. Systematic Withdrawal Plan:

This facility enables the Unit Holders to withdraw sums from their Unit accounts in the Scheme at periodic intervals through a one-time request. The withdrawals will commence from the Start Date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 7 days shall be required for registration under SWP. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. However, if any of the dates on which the redemption is sought is a non-Business Day, the Units will be redeemed at the Applicable NAV of the next Business Day.

Options available and Minimum Amount Fixed withdrawal: Investors can withdraw fixed amount of Rs.1,000/- each and above at regular intervals.

Appreciation withdrawal: Investors can withdraw appreciation of Rs.1,000/- and above at regular intervals. If the appreciation amount is less than Rs. 1,000/- or the specified amount, there will be no SWP in that month / quarter. The cumulative appreciation of this period and the immediately succeeding period shall be paid out subject to it being a minimum of Rs.1,000/- or the specified amount.

- SWP is not available for investments under lock-in period and for investments which are pledged.
- The SWP payouts will be processed at the requested frequency. The investor can opt for direct credit of the redemption proceeds to their bank accounts (Currently direct credit offered for the following banks - Axis Bank, Citibank, HDFC Bank, ICICI Bank, IDBI Bank, Kotak Mahindra Bank, Standard Chartered Bank and The Royal Bank of Scotland). For investors banking with any other bank apart from above mentioned banks, the AMC / MF will endeavor to credit the payout directly to that bank account through available electronic mode(s) (ECS / Direct Credit). The AMC / MF shall not be responsible if payout through electronic mode(s) (ECS / Direct Credit) does not get affected due to incomplete or incorrect information or any other technical /operational reasons. The AMC / MF reserve the right to use any other mode of payment as deemed appropriate, however the preferred mode will always be NEFT/RTGS.
- In case of Fixed Withdrawal, if the amount of installment is more than the amount available in that account for redemption, the entire available amount will be redeemed and the SWP will terminate automatically. In case of Appreciation Withdrawal, appreciation will be calculated on the units available for redemption at the time of the SWP installment.
- Withdrawal Dates:

Fixed Withdrawal: Investors can withdraw fixed amount on 1st or 10th or 15th or 21st or 28th of each month / quarter for minimum 12 months / 4 quarters. By default, in case of any ambiguity in selection of withdrawal frequency, the SWP date will be 10th of each month.

Appreciation withdrawal: Investors can withdraw appreciation on the 1st of each month / quarter for minimum of 12 months / 4 quarters.

iii. Interscheme Switching

The Transaction Slip can be used by investors to make inter-scheme switches (during the NFO Period

and the ongoing offer period) within the Fund. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the Scheme / option.

iv. Intrascheme Switching

Investors can switch between different options under the same Plan of the Scheme, at the Applicable NAV. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the option. As per current Load structure, no Entry or Exit Loads will be charged for intra-scheme switching. However, AMC may change the Loads prospectively as indicated in section on LOAD STRUCTURE FOR THE SCHEME in this Scheme information document.

v. Switch facility from one scheme to another scheme

In the interest of investors, it is hereby clarified that where the switch request has been made from one scheme to another specifying the number of Units or Amount (during NFO as well as ongoing), the request will be processed for the corresponding value of such units or amount and that the allotment in the resultant scheme may be done in fractional units, subject to fulfillment of the minimum purchase amount of the scheme where it is being switched.

vi. Folio Number

Unless otherwise requested by the Unit Holder, a single folio number may be assigned if an investor invests in different schemes of the Fund, and a consolidated account statement will then be provided for investments in all the schemes.

vii. Fractional Units

Since a request for Purchase or Redemption is generally made in rupee amounts and not in terms of a fixed number of Units of the Scheme, an investor may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places for the Scheme.

viii. Consolidation of folios

In case an investor holds investments in multiple folios under the Fund, the AMC reserves the right to consolidate all the folios belonging to the same investor into one folio.

ix. Transaction through electronic mode

The AMC may from time to time offer various facilities to the unit holders through electronic mode such as internet, mobile phones, Kiosk, etc. to facilitate transactions in units of the scheme. The AMC may enter into such arrangements / agreements as it may deem fit to give effect to the above.

However, investors intending to take benefit of these facilities should note that they should use these services at their own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of internet, mobile phones, Kiosk, etc. or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorized access or use of information.

The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs/FPIs. The Fund may make other arrangements for effecting payment of redemption proceeds in future.</p> <p>The normal processing time may not be applicable in situations where necessary details are not provided by investors/Unit holders. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques and/or any delay/loss in transit.</p> <p>Unclaimed Redemptions and Dividends As per circular no. MFD / CIR / 9 / 120 / 2000, dated November 24, 2000 and circular no. SEBI/HO/IMD/DF2/CIR/P/2016/37 dated February 25, 2016 issued by SEBI, the unclaimed Redemption and dividend amounts shall be deployed by the Fund in call money market or money market instruments and in a separate plan of Liquid scheme / Money Market Mutual Fund scheme floated by Mutual Funds specifically for deployment of the unclaimed amounts. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. The AMCs shall not be permitted to charge any exit load in this plan.</p> <p>The circular also specifies that investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. Thus, after a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts.</p>
--	---

	<p>The website of Mirae Asset Mutual Fund also provides information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same. The details of such unclaimed amounts are also disclosed in the annual report sent to the Unit Holders.</p> <p>Important Note: All applicants must provide a bank name, bank account number, branch address, and account type in the Application Form.</p>
Delay in payment of redemption / repurchase proceeds	The AMC shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).

Right to Limit Redemptions of Units	<p>The fund shall at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan/Option) of the scheme(s) of the fund on the occurrence of the below mentioned event for a period not exceeding ten (10) working days in any ninety (90) days period. The restriction on the Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable for the Redemption/switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). Further, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable for first Rs. 2,00,000/- (Rupees Two Lakhs).</p> <p>The restriction on redemption of the units of the Schemes may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets. A list of such circumstances are as follows:</p> <ul style="list-style-type: none"> • Liquidity issues: when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. • Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies • Operational issues - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). • If so directed by SEBI <p>Since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situations, the same may result in exceptionally large number of Redemption being made and in such a situation the indicative timeline (i.e. within 3 to 4 Business Days for schemes other than liquid funds and within 1 Business Day for liquid funds) mentioned by the Fund in the scheme offering documents, for processing of request of Redemption may not be applicable.</p>

	Any restriction on Redemption or suspend Redemption of the Units in the scheme(s) of the Fund shall be made applicable only after prior approval of the Board of Directors of the AMC and Trustee Company.
Stamp Duty	<p>Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including dividend reinvestment) to the unitholders would be reduced to that extent.</p> <p>Please refer Statement of Additional Information for more details.</p>

Tax on Income Distributed by a Mutual Fund

Finance Act, 2020 has amended the provision of section 115R of the Act (Dividend Distribution Tax) to provide that the income distributed on or before 31st March 2020 shall only be covered under the provision of this section.

With effect from 1st April, 2020, dividend or income distribution by mutual fund on units is taxable in the hands of unit holders at the applicable rates

A new section 194K has been introduced in the Income Tax Act to provide that any person responsible for paying to a resident any income in respect of units of a Mutual Fund specified under clause (23D) of section 10, Mutual Fund shall at the time of credit of such income to the account of the payee or at the time of payment thereof by any mode, whichever is earlier, deduct income-tax there on at the rate of 10%.

Finance Act, 2020 has also amended the provision of section 196A of the Act to revive its applicability on TDS on income in respect of units of a Mutual Fund. It is also proposed to substitute “of the Unit Trust of India” with “from the specified company defined in Explanation to clause (35) of section 10” and “in cash or by the issue of a cheque or draft or by any other mode” with “by any mode”

For details on taxation please refer to the clause on Taxation in the SAI.

D COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

NAV of Units under the Options there under can be calculated as shown below:

$$\text{NAV} = \frac{(\text{Market or Fair Value of Scheme's investments} + \text{Current assets including Accrued Income} - \text{Current Liabilities and provisions including accrued expenses})}{\text{No. of Units outstanding under the Scheme/Option.}}$$

The NAV and the sale and repurchase prices of the Units will be calculated and announced at the close of each working day. The NAVs of the Scheme will be computed and units will be allotted upto 3 decimals.

Computation of NAV will be done after taking into account dividends paid, if any, and the distribution tax thereon, if applicable. Therefore, once dividends are distributed under the IDCW Option, the NAV of the Units under the IDCW Option would always remain lower than the NAV of the Units issued under the Growth Option. The income earned and the profits realized in respect of the Units issued under the Growth Option remain invested and are reflected in the NAV of the Units.

Due to difference in time zones of different markets, in case the closing prices of securities are not available within a given time frame to enable the AMC to upload the NAVs for a Valuation Day, the AMC may use the last available traded price for the purpose of valuation. The use of the closing price / last available traded price for the purpose of valuation will also be based on the practice followed in a particular market. In case any particular security is not traded on the Valuation Day, the same shall be valued on a fair value basis by the Valuation Committee of the AMC.

IVFEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sale and distribution fees paid, marketing and advertising, registrar expenses, printing and stationery, bank charges etc. NFO expenses shall be borne by the AMC.

Maximum total expense ratio (TER) permissible under Regulation 52 (6) (c) (i) and (6) (a)	
^ Additional expenses under regulation 52 (6A) (c) Upto 0.05%	Upto 0.05%
\$ Additional expenses for gross new inflows from specified cities	Upto 0.30%

* Other expenses: Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

@@ Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment shall not exceed 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 ['SEBI Regulations'] or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme namely:-

\$ Additional expenses for gross new inflows from specified cities:

(a) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI/AMFI from time to time are at least -

(i) 30 per cent of gross new inflows in the scheme, or;

(ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the Scheme shall be charged on proportionate basis.

Provided further that, expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

This sub clause (a) shall be applicable for inflows received during the NFO period.

Currently, SEBI has specified that the above additional expenses may be charged for inflows from beyond 'Top 30 cities.' The top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Additional expenses under regulation 52 (6A) (c)

^ Such expenses will not be charged if exit load is not levied/not applicable to the scheme.

^ (b) additional expenses, incurred towards different heads mentioned under Regulations 52(2) and 52(4), not exceeding 0.05 per cent of daily net assets of the Scheme;

(c) GST payable on investment and advisory service fees ('AMC fees') charged by Mirae Asset Investment Managers (India) Private Limited ('Mirae Asset AMC');

Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:

(a) GST on other than investment and advisory fees, if any, (including on brokerage and transaction costs on execution of trades) shall be borne by the Scheme;

(b) Investor education and awareness initiative fees of at least 2 basis points on daily net assets of respective Scheme.

Any expenditure in excess of the SEBI regulatory limits shall be borne by the AMC or the Sponsor.

The current expense ratios will be updated on the AMC website <https://miraeassetmf.co.in/downloads/regulatory>

Further, the notice of change in base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A) (b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme will be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

However, any decrease in TER due to decrease in applicable limits as prescribed in Regulation 52 (6) (i.e. due to increase in daily net assets of the scheme) would not require issuance of any prior notice to

the investors. Further, such decrease in TER will be immediately communicated to investors of the scheme through email or SMS and uploaded on the AMC website.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

****Direct Plan** shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under Direct Plan. The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The TER of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.

TRANSACTION CHARGES:

SEBI with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is vital, has allowed AMCs vide its circular No. Cir/IMD/ DF/13/ 2011 dated August 22, 2011 to deduct transaction charges for subscription of Rs. 10,000/- and above. The said transaction charges will be paid to the distributors of the Mutual Fund products (based on the type of product).

In accordance with the said circular, AMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors (based on the type of product and those who have opted to receive the transaction charges) as shown in the table below. Thereafter, the balance of the subscription amount shall be invested.

(i) Transaction charges shall be deducted for Applications for purchase/ subscription received by distributor/ agent as under:

Investor Type	Transaction Charges
First Time Mutual Fund Investor	Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor. The balance of the subscription amount shall be invested.
Investor other than First Time Mutual	Transaction charge of Rs. 100/- per subscription of Rs, 10,000 and above will be deducted from the subscription amount and paid to the distributor/ agent of

Fund Investor	the investor. The balance of the subscription amount shall be invested.
----------------------	---

(ii) Transaction charges shall not be deducted for:

- Purchases /subscriptions for an amount less than Rs. 10,000/-; and
- Transactions other than purchases/ subscriptions relating to new inflows such as Switches, etc.
- Any purchase/subscription made directly with the Fund (i.e. not through any distributor/ agent).
- Transactions carried out through the stock exchange platforms..

C LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time.

Investors are advised to contact any of the ISCs or the AMC by calling the investor line of the AMC at "1800 2090 777 " (toll-free) to know the current applicable load structure prior to investing. Investors can also visit the website at www.miraeassetmf.co.in. for complete details.

Entry Load: Not Applicable: In accordance with SEBI circular no. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor. Similarly, no entry load will be charged with respect to applications for registrations under Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) accepted by the Mutual Fund with effect from August, 1, 2009. The upfront commission shall be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor.

Exit load* -

i) For investors who have opted for SWP under the plan:

- c) 15% of the units allotted (including Switch-in/STP - in) on or before completion of 365 days from the date of allotment of units: NIL.
- d) Any redemption in excess of such limits in the first 365 days from the date of allotment shall be subject to the following exit load: (Redemption of units would be done on First In First Out Basis (FIFO):
 - If redeemed within 1 year (365 days) from the date of allotment: 1%.
 - If redeemed after 1 year (365 days) from the date of allotment: NIL.

ii) Other Redemptions: For Investors who have not opted for SWP under the plan:

- b) For all other redemption(s) (including Switch out, STP out):
 - If redeemed within 1 year (365 days) from the date of allotment: 1%.
 - If redeemed after 1 year (365 days) from the date of allotment: NIL

*Mirae Asset Mutual Fund shall credit, exit load (net off GST, if any, payable in respect of the same) to the Scheme of the Fund.

As per SEBI/IMD/CIR No. 14/120784/08 dated March 18, 2008, no load would be charged on Bonus units and of units allotted on reinvestment of Dividend.

The investor is requested to check the prevailing load structure of the scheme before investing. No exit load is chargeable in case of switches made between different options of schemes, subject to regulations, the Trustee retains the right to change / impose an Exit Load. A switch-out or a withdrawal through any systematic route (STP/SWP/SIP) shall also attract an exit load like any redemption. Exit load is applicable for all the Plans (i.e. the Regular Plan & the Direct Plan) under the Scheme by applying First in First Out basis. No Exit Load is chargeable in case of switches made between different sub-options of the same plan.

To elaborate, units for redemption/SWP transactions are extinguished based on the first-in first-out methodology. Further, for the purpose of determining the exit load period at the time of redemptions, the holding period for particular units are calculated from the date of its allotment i.e. date of allotment is included in holding period. If the unit balance, so wish to be redeemed does not fulfill the minimum number of days (as per the exit load structure), appropriate number of balance such units will be charged an exit load. All such units which have completed the minimum number of days as per exit load structure will not be charged any exit load.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The Mutual Fund may charge the load within the stipulated limit of 5% and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 95% of the NAV.

The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load or introduce a differential load structure on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Mirae Asset ISCs' and distributors' offices and on the website of the AMC
- The notice-cum-addendum detailing the changes shall be attached to Scheme Information Documents and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. The load charged could also be different as regards the amount/tenor of investment, etc. It may be noted that any such change in the load structure shall be applicable on prospective investment only.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.
