I INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the scheme can go up or down depending on various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee the future performance of the Scheme.
- The Scheme does not in any manner indicate its quality or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1.00 lakh made by it towards setting up the Mirae Asset Mutual Fund.
- The present scheme is not a guaranteed or assured return scheme. In addition, the scheme does not guarantee or assure any dividend and also does not guarantee or assure that it will make any dividend distribution, though it has every intention to make the same in the distributions of Income Distribution cum Capital Withdrawal option. All distributions of Income Distribution cum Capital Withdrawal will be subjected to the investment performance of the Scheme.

Scheme Specific Risk Factors

Risks Associated with Equity Investments:

- Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio. Also, the value of the Scheme investments may be affected by interest rates, changes in law/ policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors.
- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Schemes unless they can afford to take the risk of losing their investment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

Risks Associated with Debt & Money Market Instruments

- Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- Credit Risk: In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.

- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- **Concentration Risk:** The Scheme portfolio may have higher exposure to a single sector, subject to maximum of 20% of net assets, depending upon availability of issuances in the market at the time of investment, resulting in higher concentration risk. Any change in government policy / businesses environment relevant to the sector may have an adverse impact on the portfolio.
- **Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk.** Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

Risk associated with Securities Lending

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending under the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

Risks Associated with Derivatives

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional instruments. Such risks include mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price. The loss can be unlimited as underlying asset can increase to any levels. The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price and the loss is limited to strike price.

Investments in futures face the same risk as the investments in the underlying securities. The extent of loss is the same as in the underlying securities. However, the risk of loss in trading futures contracts can be substantial,

because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. The derivatives are also subject to liquidity risk as the securities in the cash markets. The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility in the values. For further details please refer to section “Investments Limitations and Restrictions in Derivatives” in this SID.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk factors associated with potential change in tax structure

An equity oriented fund has been defined under the Income Tax Act as a scheme of a mutual fund where the investible funds are invested in equity shares of domestic companies to the extent of more than 65 per cent of the total assets of such fund. The percentage of equity shareholding of the fund shall be computed with reference to the annual average of the monthly averages of the opening and closing figures.

Given that the equity allocation may fall below this threshold and up to 15% in extreme situation, it is possible that the equity allocation remains below 65% over a prolonged period. Further, in defensive circumstances where the debt / money market instruments offer better returns than the arbitrage opportunities available in cash and derivatives segments of equity markets, then the investment manager may choose to have a lower equity exposure for a prolonged period. In such a case, the fund may be regarded as a debt oriented fund as per extant Income Tax laws and consequently may not enjoy its tax advantage available to an equity oriented fund and may be subject to tax as a debt oriented fund in that particular financial year. In such situation, a Unitholder who has redeemed the units during the respective financial year may end up paying long term capital gain tax as applicable to a debt fund and consequently would also not be able to derive any benefit of STT paid at the time of redemption. In view of the forgoing and individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”. As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.”

Risks associated with segregated portfolio

- 1) Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
- 2) Security comprises of segregated portfolio may not realise any value.
- 3) Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risk factors associated with instruments having special features

- The scheme may invest in certain debt instruments with special features which may be subordinated to equity and thereby such instruments may absorb losses before equity capital. The instrument is also convertible to equity upon trigger of a pre-specified event for loss absorption as may be decided by the RBI.
- The debt instruments with special features are considered as Non-Convertible Debentures, may be treated as debt instruments until converted to equity.
- The instruments are subject to features that grant issuer a discretion in terms of writing down the principal/coupon, to skip coupon payments, to make an early recall etc. Thus debt instruments with special features are subject to “Coupon discretion”, “Loss Absorbency”, “Write down on Point of Non-viability trigger (PONV) event” and other events as more particularly described as per the term sheet of the underlying instruments.
- The instrument is also subject to Liquidity Risk pertaining to how saleable a security is in the market. The particular security may not have a market at the time of sale due to uncertain/insufficient liquidity in the secondary market, then the scheme may have to bear an impact depending on its exposure to that particular security.

B. RISK MITIGATION MEASURES

Concentration Risk

The AMC will mitigate this risk by investing in sufficiently large number of issuers spread across the sectors so as to maintain optimum diversification and keep issuer/sector specific concentration risk relatively low.

Liquidity Risk

The Schemes will invest in debt instruments and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds. Liquidity risk is today characteristic of the Indian fixed income market. The Schemes will however, endeavor to minimize liquidity risk by investing in securities having a liquid market.

Risks Associated with Equity Investments:

The scheme has a diversified portfolio to counter the volatility in the prices of individual stocks. Diversification in the portfolio reduces the impact of high fluctuations in daily individual stock prices on the portfolio.

Risks Associated with Debt & Money Market Instruments

Credit Risk - The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.

C. REQUIREMENT OF MINIMUM NUMBER OF INVESTORS AND MINIMUM HOLDING BY SINGLE INVESTOR

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI

(MF) Regulations would become applicable automatically and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

D. SPECIAL CONSIDERATIONS

Mutual funds, like securities investments, are subject to market risks and there is no guarantee against loss in the Scheme or that the objective(s) of the scheme are achieved.

No person receiving a copy of Statement of Additional Information (SAI) & Scheme Information Document (SID) or any accompanying application form in such jurisdiction may treat this SAI & SID or such application form as constituting an invitation to them to subscribe for Units nor should they in any event use any such application form unless, in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance of any registration or other legal requirements.

The tax benefits described in this SID and SAI are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this SID and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.

The SAI, SID or the Units have not been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or totally prohibited due to registration requirements and accordingly, persons who come into possession of this SID are required to inform themselves about and to observe any such restrictions and or legal compliance requirements.

No person has been authorized to issue any advertisement or to give any information or to make any representations other than that contained in this SID. Circulars in connection with this offering not authorized by the Mutual Fund and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund. Any subscription, Purchase or Sale made by any person on the basis of statements or representations which are not contained in this Offer Document or which are inconsistent with the information contained herein shall be solely at the risk of the investor.

Prospective investors should review / study this Statement of Additional Information along with SID carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as an advice relating to legal, taxation, or financial / investment matters and are advised to consult their own professional advisor(s) as to the legal, tax, financial or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (by way of sale, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalization, disposal (by way of sale, transfer, switch or conversion into money) of Units within their jurisdiction of nationality, residence, incorporation, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to Purchase / gift Units are subject, and also to determine possible legal, tax, financial or other consequences of subscribing / gifting, purchasing or holding Units before making an application for Units.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME:

An open ended scheme investing in equity, arbitrage and debt

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to provide capital appreciation and income distribution to the investors by using equity and equity related instruments, arbitrage opportunities, and investments in debt and money market instruments. The Scheme does not assure or guarantee any returns.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation will be as follows:

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
Indian Equities and Equity Related Instruments	65%	90%	Medium to High
i. Equities & equity related instruments (unhedged)*	20%	45%	High
ii. Equities, equity related instruments and derivatives including index futures, stock futures, index options & stock options etc. as part of hedged / arbitrage exposure.**	20%	70%	Low to Medium
Money market instruments / debt securities Instruments and/or units of debt/liquid schemes of domestic Mutual Funds	10%	35%	Low to Medium

In defensive circumstances the asset allocation will be as per the below table:

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
Indian Equities and Equity Related Instruments	15%	65%	Medium to High
i) Equities & equity related instruments (unhedged)*	10%	40%	High
ii) Equities, equity related instruments and derivatives including index futures, stock futures, index options & stock options etc. as part of hedged / arbitrage exposure.**	0%	55%	Low to Medium
Money market instruments / debt securities Instruments and/or units of debt/liquid schemes of domestic Mutual Funds	35%	85%	Low to Medium

*Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc. The Indian equities & equity related securities of companies includes those securities listed on stock exchanges in India and includes ADRs & GDRs. The net long equity exposure is aimed to gain from potential capital appreciation and thus is a directional equity exposure which will not be hedged.

**The derivative positions will be hedged against corresponding positions in either equity or derivative markets depending on the strategies involved and execution costs. On the total portfolio level the scheme does not intend to take a net short exposure to equity markets. Unhedged positions in the portfolio (investments in equity shares without corresponding exposure to equity derivative) shall not exceed 45% of the net assets.

However, the aggregate gross exposure to equity, derivatives, debt instruments and money market instruments will not exceed 100% of the net assets of the scheme.

The scheme shall not invest into securitized debt.

The Scheme may invest in repo/reverse repo in corporate bonds.

The scheme shall not engage in short selling and credit default swaps. The scheme may engage into securities lending and borrowing. The scheme shall not invest in any unrated debt instruments and derivatives. The scheme will not advance any loans. The scheme does not intend to invest in overseas / foreign securities. The Scheme does not intend to participate in stock lending.

Cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.

Debt securities include, but are not limited to, Debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the Regulations from time to time).

The Debt Securities (including money market instruments) referred to above could be fixed rate or floating rate, listed, unlisted, privately placed, among others, as permitted by regulation.

Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of clause 12.16 of SEBI Master Circular dated May 19, 2023.

Further, the Scheme may, pending deployment of funds invest in units of money market/liquid schemes of Mirae Asset Mutual Fund and/or any other mutual fund. Such investments will be within the limits specified under SEBI (MF) Regulations. The AMC shall not charge any investment management fees with respect to such investment.

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. As per clause 1.14.1.2 of SEBI Master Circular dated May 19, 2023, such changes in the investment pattern will be for short term and for defensive consideration only. In the event of deviations, portfolio rebalancing will be carried out within 30 calendar days in such cases.

In the event of deviation from mandated asset allocation mentioned above due to passive breaches, the rebalancing will be carried out in 30 business days. Where the portfolio is not rebalanced within 30 business days, justification for the same including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee, if so desires, can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period in accordance with clause 2.9 of SEBI Master Circular dated May 19, 2023. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Securities Lending by the Fund

Subject to the SEBI (MF) Regulations and in accordance with Clause 12.11 of SEBI Master Circular dated May 19, 2023, the Scheme seeks to engage in Stock Lending.

Securities Lending means the lending of securities to SEBI approved intermediaries for a fixed period of time at a negotiated compensation in order to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending. Not more than 20% of the net assets of the scheme can generally be deployed in securities lending and not more than 5% of the scheme can be deployed in securities lending to any single counterparty. Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation on a daily basis.

The Mutual Fund may not be able to sell such lent out securities and this can lead to temporary illiquidity.

Suspension of Purchase of Units and Right to Limit redemption of Units:

Subject to the approval of the Boards of the AMC and of the Trustee, and subject also to necessary communication of the same to SEBI, the determination of the NAV of the Units of the Scheme, and consequently of the Purchase and/or switching of Units, may be temporarily suspended in certain cases. For, further details please refer section on “(B)(6) Suspension of Purchase of Units” under section “V. TAX & LEGAL & GENERAL INFORMATION - B. LEGAL INFORMATION of SAI.

In Clause 1.12 of SEBI Master Circular dated May 19, 2023 has laid down certain requirements to be observed before imposing restriction on redemptions. For, further details please refer section on “ONGOING OFFER DETAILS - Right to Limit redemption of Units in this SID.

Investments in Scheme by AMC, Sponsor & Associates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 24 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme’s units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable regulations and also in accordance with clause 6.11.1.1 of SEBI Master Circular dated May 19, 2023 regarding minimum number of investors in the Scheme.

In terms of SEBI notification dated August 5, 2021 and as per Regulation 25, sub-regulation 16A of SEBI (Mutual Funds) Regulations, the asset management company shall invest such amounts in such schemes of the mutual fund, based on the risks associated with the schemes, as may be specified by the Board from time to time.

Overview of Debt Markets in India

Indian fixed income market, one of the largest and most developed in South Asia, is well integrated with the global financial markets. Screen based order matching system developed by the Reserve Bank of India (RBI) for trading in government securities, straight through settlement system for the same, settlements guaranteed by the Clearing Corporation of India and innovative instruments like Tri-party repo have contributed in reducing the settlement risk and increasing the confidence level of the market participants.

The RBI reviews the monetary policy six times a year giving the guidance to the market on direction of interest rate movement, liquidity and credit expansion. The central bank has been operating as an independent authority, formulating the policies to maintain price stability and adequate liquidity. Bonds are traded in dematerialized form. Credit rating agencies have been playing an important role in the market and are an important source of information to manage the credit risk.

Government (Central and State) is the largest issuer of debt in the market. Public sector enterprises, quasi government bodies and private sector companies are other issuers. Insurance companies, provident funds, banks, mutual funds, financial institutions, corporates and FPIs are major investors in the market. Government loans are available up to 40 years maturity. Variety of instruments available for investments including plain vanilla bonds, floating rate bonds, money market instruments, structured obligations and interest rate derivatives make it possible to manage the interest rate risk effectively.

Indicative levels of the instruments currently trading as on October 17, 2023 are as follows

	Maturity	Tenure	Yield	Liquidity
TREPS / Repo	Short	Overnight	6.75	Very High
CP / CD / T Bills	Short	3 months CP	7.20*	High
		3 months CD	7.18	
		1 Year CP	7.86*	
		1 Year CD	7.58	
Central Government securities	Low to High	10 years	7.32	Medium

These are only indicative levels and are likely to change depending upon the prevailing market conditions.

Creation of Segregated Portfolio

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- a) Downgrade of a debt or money market instrument to 'below investment grade', or
- b) Subsequent downgrades of the said instruments from 'below investment grade', or
- c) Similar such downgrades of a loan rating

2) In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as mentioned above and implemented at the ISIN level.

3) Creation of segregated portfolio is optional and is at the discretion of the Mirae Asset Investment Managers (India) Pvt Ltd.

Process for Creation of Segregated Portfolio

1) On the date of credit event, the AMC shall decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it shall:

- a) seek approval of trustees prior to creation of the segregated portfolio.
- b) immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors.

Mirae Asset Mutual Fund will also disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC.

c) ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme will be suspended for processing with respect to creation of units and payment on redemptions.

2) Once Trustee approval is received by the AMC:

- a) Segregated portfolio will be effective from the day of credit event
- b) AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
- c) An e-mail or SMS will be sent to all unit holders of the concerned scheme.
- d) The NAV of both segregated and main portfolios will be disclosed from the day of the credit event.
- e) All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
- f) No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
- g) AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
- h) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

3) If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.

4) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Benefits & Features of Creation of Segregated Portfolio:

- 1) Creation of Segregated portfolio helps ensuring fair treatment to all investors in case of a credit event and helps in managing liquidity risk during such events;
- 2) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio;
- 3) Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV;
- 4) A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio;
- 5) Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the scheme; and
- 6) The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

Monitoring by Trustees

- a) In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:
 - i. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
 - ii. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
 - iii. An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.

- iv. The trustees shall monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.
- b) In order to avoid mis-use of segregated portfolio, trustees will ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including clawback of such amount to the segregated portfolio of the scheme.

D. WHERE THE SCHEME WILL INVEST?

Equity and Equity Related Instruments:

The Schemes will invest in Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc.

- 1. Equity share is a security that represents ownership interest in a company.
- 2. Equity Related Instruments are securities which give the holder of the security right to receive Equity Shares on pre-agreed terms. It includes equity warrants.

The Scheme may take derivatives position based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under the SEBI Regulations

Debt & Money Market Instruments:

The Scheme will invest in debt and money market instruments. It retains the flexibility to invest across all the securities in the debt and money markets.

Debt securities and Money Market Instruments will include but will not be limited to:

- a. Securities created and issued by the Central and State Governments as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- b. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- c. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- d. Corporate debt (of both public and private sector undertakings).
- e. Obligations/Term Deposits of banks (both public and private sector) and development financial institutions.
- f. Money market instruments permitted by SEBI/RBI, or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- g. Certificate of Deposits (CDs).
- h. Commercial Paper (CPs), A part of the net assets may be invested in the Tri-party repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements.
- i. The non-convertible part of convertible securities.
- j. Any other domestic fixed income securities as permitted by SEBI / RBI from time to time.
- k. Any other instruments/securities, which in the opinion of the fund manager would suit the investment objective of the scheme subject to compliance with extant Regulations.

The Investment Manager will invest only in those debt securities that are rated investment grade by a domestic credit rating agency authorized to carry out such activity, such as CRISIL, ICRA, CARE, FITCH, etc. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals.

The Scheme shall not enter into any repurchase and reverse repurchase obligations in all securities held by it. The scheme does not intend to invest into any credit default swaps.

Investment in Derivatives:

Concepts and Examples of investing into Derivatives

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities and equities.

• Futures

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

Currently, futures contracts have a maximum expiration cycle of 3-months. Three contracts are available at any time for trading, with 1 month, 2 months and 3 months expiry respectively. Futures contracts typically expire on the last Thursday of the month. For example, a contract with the January expiration expires on the last Thursday of January.

A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Let us assume that the Nifty Index at the beginning of the month October 2017 was 5070 and three index futures as under were available:

Expiry Month	Bid Price	Offer Price
October 17	5075	5080
November 17	5085	5090
December 17	5095	5100

The Scheme could buy an index future of October, 2017 at the offer price of Rs. 5080. The Fund will be required to pay the initial margin as required by the exchanges.

The following is a hypothetical example of a typical trade in index future and the costs associated with the trade.

Particulars	Index Future	Actual Purchase of Stocks
Index as on beginning October 2017	5070	5070
October 2017 Futures Price	5080	-
1. Carry Cost associated with Futures	10 (5080-5070)	
2. Brokerage Cost @ 0.02% for Index Future and 0.03% for Cash Markets	1.016 (0.02% of 5080)	1.521 (0.03% of 5070)
3. Securities Transaction Tax (STT) STT on purchase of index futures – NIL STT on purchase of stocks – 0.025%	NIL (0% of 5080)	1.2675 (0.025% of 5070)
4. Gain on Surplus Funds (Assumed 6% returns on 75% of the money left after paying margin of 25%)	18.74 (6%*(100% of 5070 – 25% of 5080)*30/365)	NIL
Spot Market Price at the expiry of October	5569	5569

Particulars	Index Future	Actual Purchase of Stocks
Contract		
5. Brokerage Cost on Sale @ 0.02% for Index Future and 0.03% for Cash Markets	1.114 (0.02% of 5569)	1.671 (0.03% of 5569)
6. Securities Transaction Tax STT on sale of index future – 0.025% STT on sale of stocks – 0.025%	1.114 (0.025% of 5569)	1.392 (0.025% of 5569)
Total Cost (1+2+3-4+5+6)	-5.50	5.85

Please note that the above example is based on assumptions and is used only for illustrative purposes (including an assumption that there will be a gain pursuant to investment in index futures). As can be seen in the above example, the costs associated with the trade in futures are less than that associated with the trade in actual stock. Thus, in the above example the futures trade seems to be more profitable than the trade in actual stock. However, buying of the index future may not be beneficial as compared to buying stocks if the execution and brokerage costs on purchase of index futures are high and the return on surplus funds are low. The actual returns may vary based on actuals and depends on final guidelines / procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorities.

• Options

An option is a contract which provides the buyer of the option (also called the holder) the right, without the obligation, to buy or sell a specified asset at an agreed price on or upto a particular date. For acquiring this right the buyer has to pay a premium to the seller. The seller on the other hand has the obligation to buy or sell that specified asset at the agreed price. The premium is determined considering number of factors such as the underlying asset's market price, the number of days to expiration, strike price of the option, the volatility of the underlying asset and the risk less rate of return. The strike price, the expiration date and the market lots are specified by the exchanges.

An option contract may be of two kinds, viz., a call option or a put option. An option that provides the buyer the right to buy is a call option. The buyer of the call option (known as the holder of the option) can call upon the seller of the option (known as writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry date of the option. The seller of the option has to fulfill the obligation on exercise of the option.

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Options are of two types: European and American. In a European option, the holder of the option can only exercise his right on the date of expiration. In an American option, he can exercise this right anytime between the purchase date and the expiration date.

Example of options

Buying a Call option: Assume that the Scheme buys a call option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock on the date of expiry of the option is Rs. 5,400 (i.e. more than Rs. 5,000 which is the strike price of an option), the Scheme will exercise the option. However, it may not result into profit. The profit is made only in those circumstances when the intrinsic value (5400 (spot price)-5000(strike price)) is greater than cost paid i.e. option premium (100). If on the date of the expiry of the option, the market price of the underlying stock is Rs. 4,900, the Scheme will not exercise the option and it shall lose the premium of Rs. 100.

Thus, in the above example, the loss for the Scheme, as the buyer of the option, is limited to the premium paid by him while the gains are unlimited.

Writing a Call Option: Assume that the Scheme writes a call option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market price of the underlying stock on the date of expiry increases to Rs. 5,400 (i.e. more than Rs. 5,000) then the option is exercised. The Scheme earns the premium of Rs. 100/- but loses the

difference between the market price and the exercise price i.e. Rs. 400/-. In case the market price of the underlying stock decreases to Rs. 4,900, the Scheme gets to keep the premium of Rs.100.

Buying a Put Option: Assume that the Scheme buys a put option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock decreases to Rs. 4,850 (i.e. less than strike price of 5000) the Scheme would be protected from the downside and would exercise the put option. However, it may not result into profit. The profit is resulted only when the intrinsic value (5000 (strike price) – 4850 (spot price)) is greater than the cost paid i.e. option premium of 100. Whereas if the stock price moves up to say Rs. 5,150 the Scheme may let the option expire and forego the premium.

Writing a Put Option: Assume that the Scheme writes a put option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market value of the underlying stock decreases to Rs. 4,850, the put option will be exercised and the Scheme will earn the premium of Rs. 100 but loses the difference between the exercise price and the market price which is Rs. 150. However if the market price of the underlying stock is Rs. 5,150, the option-holder will not exercise the option. As a result of which the option will expire and the Scheme will earn the premium income of Rs. 100.

A forward contract is a transaction in which the buyer and the seller agree upon the delivery of a specified quality (if commodity) and quantity of underlying asset at a predetermined rate on a specified future date.

Please note that the above examples are based on assumptions and are used only for illustrative purposes.

Risks associated with investment strategy which may be followed by the fund managers for investment in derivatives:

Execution of investment strategies depends upon the ability of the fund manager to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable.

The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.

E. WHAT ARE THE INVESTMENT STRATEGIES?

The scheme will seek to achieve its investment objective primarily by employing various strategies which seek to exploit available arbitrage opportunities in markets along with pure equity investments and investments in debt and money market instruments.

Equity:

The fund has the flexibility to invest across market capitalization in portfolio companies. The fund manager does have the flexibility to follow a focused approach on the investments.

The focus would be to build a portfolio of strong growth companies, reflecting our most attractive investment ideas at all points of time.

The universe of stocks will comprise majorly of companies having robust business models, enjoying sustainable competitive advantages as compared to their competitors and have high return ratios.

The Fund Manager will try to have a large base of stocks in the portfolio to avoid concentration risk and liquidity risk. The Fund Managers will monitor the trading volumes in a particular stock before investment to avoid liquidity risk.

Equity Derivatives:

In pursuance of Investment Objective of the Scheme, the Scheme would use derivatives to generate income through arbitrage opportunities between cash and derivative market and arbitrage opportunities within the derivative segment subject to SEBI (MF) Regulations. The Scheme intends to take position in derivative

instruments like Index Futures, Stock Futures, Index Options and such other derivative instruments as may be permitted by SEBI from time to time.

Debt securities:

The Scheme will also invest in high quality debt securities with portfolio duration based on interest rate view and money market instruments.

- The credit quality of the portfolio will be maintained and monitored using in-house research capabilities as well as inputs from external sources such as independent credit rating agencies.
- The investment team will primarily use a top down approach for taking interest rate view, sector allocation along with a bottom up approach for security/instrument selection.
- The bottom up approach will assess the quality of security/instrument (including the financial health of the issuer) as well as the liquidity of the security.
- Investments in debt instruments carry various risks such as interest rate risk, reinvestment risk, credit risk and liquidity risk etc. Whilst such risks cannot be eliminated, they may be minimized through diversification.

Risk is an inherent part of the investment function. Effective risk management is critical to fund management for achieving financial soundness. Investments by the Scheme shall be made as per the investment objective of the Scheme and provisions of SEBI (MF) Regulations. AMC has incorporated adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme. The risk control process involves identifying & measuring the risk through various Risk Measurement Tools like but not limited to calculating risk ratios, tracking error etc. The AMC has implemented Bloomberg as the Front Office and Settlement System (FOS). The system has incorporated all the investment restrictions as per SEBI guidelines and “soft” warning alerts at appropriate levels for preemptive monitoring. The system enables identifying & measuring the risk through various risk measurement tools like various risk ratios, average duration and analyzes the same so as to act in a preventive manner.

The risk control measures for managing the debt portion of the scheme are:

1. Monitoring risk adjusted returns performance of the fund with respect to its peers and its benchmark.
2. Tracking analysis of the fund on various risk parameters undertaken by independent fund research / rating agencies or analysts and take corrective measures if needed.
3. Credit analysis plays an important role at the time of purchase of bond and then at the time of regular performance analysis. Our internal research anchors the credit analysis. Sources for credit analysis include Capital Line, CRISIL, ICRA updates etc. Debt ratios, financials, cash flows are analysed at regular intervals to take a call on the credit risk.
4. We define individual limits for G-Sec, money market instruments, MIBOR linked debentures and corporate bonds exposure, for diversification reasons.

The Scheme does not propose to underwrite issuances of securities of other issuers.

Policy for Investment decisions

The investment policy of the AMC has been determined by the Investment Committee (“IC”) which has been ratified by the Boards of the AMC and Trustee. At the strategic level, the broad investment philosophy of the AMC and the authorized exposure limits are spelt out in the Investment Policy of the AMC. During trading hours, the Fund Managers have the discretion to take investment decisions for the Scheme within the limits defined in the Investment Policy, these decisions and the reasons thereof are communicated to the CEO for post facto approval.

The designated Fund Manager(s) of the Scheme will be responsible for taking day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

Portfolio Turnover Policy

Portfolio turnover is defined as the aggregate value of purchases or sales as a percentage of the corpus of a scheme during a specified period of time. The Scheme is open ended, with subscriptions and redemptions expected on a daily basis, resulting in net inflow/outflow of funds, and on account of the various factors that affect portfolio turnover; it is difficult to give an estimate, with any reasonable amount of accuracy.

However, during volatile market conditions, the fund manager has the flexibility to churn the portfolio actively to optimize returns keeping in mind the cost associated with it.

F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

(i) Type of Scheme:

An open ended scheme investing in equity, arbitrage and debt

(ii) Investment Objective:

The investment objective of the scheme is to provide capital appreciation and income distribution to the investors by using equity and equity related instruments, arbitrage opportunities, and investments in debt and money market instruments. The Scheme does not assure or guarantee any returns.

Asset allocation:

Under normal circumstances, the asset allocation will be as follows:

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
Indian Equities and Equity Related Instruments	65%	90%	Medium to High
i. Equities & equity related instruments (unhedged)*	20%	45%	High
ii. Equities, equity related instruments and derivatives including index futures, stock futures, index options & stock options etc. as part of hedged / arbitrage exposure.*	20%	70%	Low to Medium
Money market instruments / debt securities Instruments and/or units of debt/liquid schemes of domestic Mutual Funds	10%	35%	Low to Medium

In defensive circumstances the asset allocation will be as per the below table

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
Indian Equities and Equity Related Instruments	15%	65%	Medium to High
i) Equities & equity related instruments (unhedged)*	10%	40%	High
ii) Equities, equity related instruments and derivatives including index futures, stock futures, index options & stock options etc. as part of hedged / arbitrage exposure.**	0%	55%	Low to Medium
Money market instruments / debt securities Instruments and/or units of debt/liquid schemes of domestic Mutual Funds	35%	85%	Low to Medium

*Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc. The Indian equities & equity related securities of companies includes those securities listed on stock exchanges in India and includes ADRs & GDRs. The net long equity exposure is aimed to gain from potential capital appreciation and thus is a directional equity exposure which will not be hedged.

**The derivative positions will be hedged against corresponding positions in either equity or derivative markets depending on the strategies involved and execution costs. On the total portfolio level the scheme does not intend to

take a net short exposure to equity markets. Unhedged positions in the portfolio (investments in equity shares without corresponding exposure to equity derivative) shall not exceed 45% of the net assets.

However, the aggregate gross exposure to equity, derivatives, debt instruments and money market instruments will not exceed 100% of the net assets of the scheme.

The scheme shall not invest into securitized debt

The Scheme may invest in repo/reverse repo in corporate bonds.

The Cumulative Gross Exposure to Money Market Instruments, Debt instruments, will not exceed 20% of the Net Assets of the Scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.

In the event of deviations, portfolio rebalancing will be carried out within 30 calendar days.

(iii) Terms of Issue:

(a) Listing:

The Scheme being open ended, the Units are not proposed to be listed on any stock exchange and no transfer facility is provided.

(b) Redemption of Units:

The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. The minimum redemption amount shall be 'any amount' or 'any number of units' as requested by the investor at the time of redemption request.

Redemption Price:

The Redemption Price of the Units is the price at which a Unit Holder can redeem Units of a scheme. It will be calculated as described below:

Redemption Price = Applicable NAV - (Applicable NAV x Exit Load*)

* Exit Load, whatever is applicable, will be charged.

Redemption Price will be calculated for up to four decimal places for the Scheme.

For example, if the Applicable NAV of a Scheme is Rs.10.5550, and it has a 2% Exit Load, the Redemption Price will be calculated as follows:

Redemption Price = 10.5550 - (10.5550 X 2.00%) i.e. 10.4550 - 0.2110 = 10.3440

If the Scheme has no Exit Load, the Redemption Price will be equal to the Applicable NAV.

The Securities Transaction Tax levied under the Income Tax Act, 1961, at the applicable rate on the amount of redemption will be reduced from the amount of redemption.

To illustrate:

If a Redemption of 4,900 units is sought by the Unit Holder at a Redemption Price of Rs. 10.3440 (as calculated above), the redemption amount is Rs. 50,685.60. Securities Transaction Tax (STT) for instance is 0.001%. This will be further reduced by the STT of Re. 0.50 (i.e. Rs. 50,685.60 x 0.001%), making the net redemption amount Rs. 50,685.10.

If a Redemption of Rs. 10,000 is sought by the Unit Holder at a Net Redemption Price of Rs. 10.3440 (as calculated above), which will give 966.744 Units; the effective redemption amount will be grossed up to Rs. 10,204.08 (i.e. $10,000 \div (1-2\%)$) and 966.744 units ($10,204.08 \div 10.555$) will be redeemed. This is to ensure that the Unit Holder receives the net amount of Rs. 10,000 as desired.

Investors may note that the Trustee has a right to modify the existing Load structure in any manner subject to a maximum as prescribed under the Regulations and with prospective effect only.

Please refer section – LOAD STRUCTURE.

Applicable NAV for Redemption / Switch-Out / Systematic Transfer Plan:

- In respect of valid Redemption applications accepted at a Designated Collection Centre up to 3 p.m. on a Business Day, the NAV of such day will be applicable.
- In respect of valid Redemption applications accepted at a Designated Collection Centre after 3 p.m. on a Business Day, the NAV of the next Business Day will be applicable.

(c) **Aggregate fees and expenses charged to the scheme:**

For detailed fees and expenses charged to the scheme please refer to section ‘Fees and Expenses’.

- (d) The Scheme does not provide any safety net or guarantee to the investors.
There is no assurance OR guarantee of returns.

Change in the fundamental attributes of the Schemes:

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the Fund or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any exit Load.

Further, before effecting any such change, the Trustees shall obtain comments from SEBI.

Fundamental attributes will not cover changes to the Scheme made in order to comply with changes in regulation with which the Scheme has been required to comply.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the scheme will be benchmarked to the performance of Nifty Equity Savings Index.

Rationale for adoption of benchmark:

The fund intends to invest in a mix of equity and related instruments using a blend of arbitrage opportunities alongside unhedged equity investments with an exposure to debt and money market instruments.

It is a total return index capturing price return and dividend or coupon income.

The index components are 30 per cent exposure to Nifty 50 total return index; 30 per cent exposure to equity arbitrage (long position in Nifty 50 total return index and equivalent short position in Nifty 50 futures Index); 30 per cent exposure to Nifty short duration debt index; and 5 per cent exposure to Nifty 1D rate index. The above benchmark is in accordance with clause 1.9 of SEBI Master Circular dated May 19, 2023 on ‘Guiding Principles for bringing uniformity in Benchmarks of Mutual Fund Schemes’.

The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

		The market provides opportunities to the investor to derive returns from the implied cost of carry between the underlying cash market and the derivatives market. This provides for opportunities to generate returns that are possibly higher than short term interest rates with minimal active price risk on equities. Implied cost of carry and spreads across the spot, futures and options markets can potentially lead to profitable arbitrage opportunities. The Scheme would carry out arbitrage strategies, which would entail taking offsetting positions in the various markets simultaneously. The arbitrage strategy can also be on account of buy-back of shares announced by a company and/or differences in prices between two exchanges/markets. In this case the arbitrage strategy will not include an offsetting derivatives transaction.

I. WHAT ARE THE INVESTMENT RESTRICTIONS?

Investment Limitations and Restrictions

The following investment limitations and other restrictions, inter-alia, as contained in the Trust Deed and the Regulations apply to the Scheme:

- The total exposure of debt schemes in a particular sector (excluding investments in Bank CDs, Tri-party repo, G-Secs, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. However, the scheme(s) may have an additional exposure to financial services sector (over and above the sectoral limit of 20%) not exceeding 10% of its net assets by way of increase in exposure to Housing Finance Companies (HFCs) registered with National Housing Bank. Such additional exposure shall be to securities issued by HFCs which are rated AA and above. Further, the Scheme may have an additional exposure of 5% of the net assets of the scheme for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio. The total investment / exposure in HFCs shall not exceed 20% of the net assets of the scheme(s).
- The Mutual Funds/AMCs shall ensure that total exposure of debt schemes in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Trustees.

Further, investments by debt mutual fund schemes in debt and money market instruments of group companies of both the sponsor and the asset management company shall not exceed 10% of the net assets of the scheme. Such investment limit may be extended to 15% of the net assets of the scheme with the prior approval of the Board of Trustees

A group means a group as defined under regulation 2(mm) of SEBI (Mutual Funds) Regulations, 1996 and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

- The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

Further, in accordance with clause 12.8 of SEBI Master Circular dated May 19, 2023, the Scheme shall not invest more than:

- a) 10% of its NAV in debt and money market securities rated AAA; or
- b) 8% of its NAV in debt and money market securities rated AA; or
- c) 6% of its NAV in debt and money market securities rated A and below

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified above.

- The scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. However, mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.
- Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. shall be subject to following:
 - a. Investments shall only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure in such instruments, shall not exceed 5% of the net assets of the scheme.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.

- No Mutual Fund under all its schemes taken together should own more than ten percent of any company's paid up capital carrying voting rights.
- Inter scheme transfers of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if such transfers are done at the prevailing market price for quoted instruments on spot basis. Explanation - "Spot basis" shall have same meaning as specified by stock exchange for spot transactions. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Pursuant to Clause 12.30 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, ISTs may be allowed in the following scenarios:

- i. for meeting liquidity requirement in a scheme in case of unanticipated redemption pressure
- ii. for Duration/ Issuer/ Sector/ Group rebalancing

No IST of a security shall be done, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment. The Scheme shall comply with the guidelines for inter-scheme transfers as specified under clause 12.30 of SEBI Master Circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023.

- Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and shall in no case put itself in a position whereby it has to make short sale or carry forward transaction or engage in badla finance, provided that mutual funds shall enter into derivatives transactions in a recognized stock exchange subject to such guidelines as may be specified by SEBI.
- Every mutual fund shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.

Special Products available:	
<p>i. <u>Systematic Investment Plan :</u></p> <p>This facility enables investors to save and invest periodically over a longer period of time. It is a convenient way to “invest as you earn” and affords the investor an opportunity to enter the market regularly, thus averaging the acquisition cost of Units. SIP Facility is available only under the Regular Plan and Direct Plan of the Scheme. A minimum period of 25 - 30 days shall be required for registration under SIP. Investors can avail this facility either through Post-dated Cheques OR through the National Automated Clearing House (NACH). Investor shall have the option of choosing any date of the month as the SIP date from 01st to 28th except the last three calendar dates 29th, 30th and 31st. If SIP debit date is not mentioned default date would be considered as 5th of every month. Even If the Investor selects or mentions the SIP dates as 29th, 30th or 31st, the default SIP date would be considered as 05th of every month only. All the cheques/payment instructions (including the first cheque/payment instruction) shall be of equal amounts. Non MICR/Outstation cheques will not be accepted. MICR Code starting and/ or ending with “000” are not valid for NACH. There is no upper limit for the Purchase for a single cheque/payment instruction or in aggregate. Please note that SIP will be started subject to the realization of the first registration cheque. The AMC reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the SID, incomplete/incorrect documentation and furnishing necessary information to the satisfaction of the Mutual Fund/AMC.</p> <p>The conditions for investing in SIP during the Ongoing Offer Period are as under:</p> <ul style="list-style-type: none"> Investors can enroll themselves for SIP by submitting the enrolment form along with the relevant documents including post-dated cheques/ auto / NACH debit instructions along with the first cheque to start SIP and a cancelled cheque or a copy of cheque as the case may be at any of our ISC's. In case of Post Dated Cheques the date of the first cheque shall be dated on or before the date of submission of the application form while the remaining cheques (minimum 5 in case of Monthly or 3 in case of Quarterly option) shall be post-dated cheques (dated uniformly for the stipulated SIP Date of a month or quarter). The installment of the SIP will be processed subject to applicable NAV & load, if any, on the date of submission on any Business Day. The 2nd installment in case of monthly SIP will be processed on the chosen SIP date indicated by the investor, after a gap of 25 to 30 calendar days from the date of processing of the first SIP. If the choice of date for the second installment is not indicated by the investor, the second installment of SIP will be by default processed on the 5th of the month. In case of quarterly SIP, the default date for next installment will be 5th of the relevant month. If any of above dates falls on a holiday/non-business day, the transaction will be taken as of the next Business Day. At the time of registration of SIP, if the ‘default’ end date is not mentioned by the investor, it will be registered for a default period upto 31st December 2099. The SIP installments shall continue until 31st December, 2099 unless the investor instructs Mirae Asset Mutual Fund to discontinue the SIP. If there is an ambiguity in the enrolment period of the SIP, the second installment 	

of SIP will be by default processed for the SIP date chosen (5th of the month if not specified) for a default period of 12 months.

- An extension of an existing SIP will be treated as a new SIP on the date of such application, and all the above conditions need to be met with. The load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the installments indicated in such application.
- Termination of SIP - For discontinuation of SIP the unit holder / investor should intimate the AMC / ISC at least 15 working days prior to the due date of next cheque / SIP installment of every month / quarter. On such request, SIP will be terminated and the balance post-dated cheques will be returned to the investor or the debit instruction given by the investor will be cancelled.
- In case of cancellation of a SIP or cheques returned un-cleared for SIP installments or payment instructions not honored, the AMC may reduce the number of Units allotted against the previous installments. For all SIP installments units will be allotted on realization basis as per guidelines.
- Any Unit Holder can avail of this facility subject to certain terms and conditions detailed in the Application Form.

For details on Frequency and minimum applicable amount refer at the end of the VTP section.

Top-up facility under Systematic Investment Plan (SIP)

‘SIP Top-Up’ is a facility which will enable investors to increase the amount of SIP installments at pre-defined frequency by a fixed amount during the tenure of SIP.

The features, terms and conditions for availing the ‘SIP Top-Up’ facility shall be as follows:

1- SIP Top-Up facility would be available to all existing and new SIP enrolments. Existing investors who have enrolled for SIP are also eligible to avail Top-Up facility and will be required to submit ‘Systematic Investment Plan (SIP) with Top-up Facility’ at least 25-30 calendar days prior to the Top-Up start month.

2-SIP Top-Up facility can be availed at half yearly and yearly intervals. In case the Top-Up frequency is not specified, Default will be considered as yearly frequency.

3-Minimum Top-Up amount would be Rs.500/- & in multiples of Re. 1/- thereafter for all the schemes of the Fund that offer SIP.

4-In case the investor does not specify Top-Up amount, Rs.500/- will be considered as the Top-Up amount and the request will be processed accordingly.

5-SIP Top-up facility can be started after minimum 6 months from the date of 1st SIP. If the end-date of the Top-up facility is not mentioned the Top-up facility will be continued up till the tenure of the SIP. For example, if the SIP is registered up till 2099, and the end date of the Top-up facility is not mentioned; then the Top-up will continue till 2099.

6. SIP Top-Up will be subject to minimum SIP investment requirement, as applicable to the eligible schemes from time to time.

7. The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option.

An Illustration: The Top-Up facility will work as follows:

Details of SIP registered	Details of Top-up opted for
<ul style="list-style-type: none"> • Fixed SIP Installment amount: Rs.5,000/- • SIP Period: 01-April-2016 till 31-March-2019 (3 years) • SIP date: 1st of every month (36 installments) 	Example: <ul style="list-style-type: none"> • Top-Up Amount: Rs.1,000/- • Top-Up Frequency: Every 6 months

Based on above details, SIP Installments shall be as follows:

SIP Pause facility:

Under SIP Pause facility, the investor who has an ongoing SIP, has an option to pause the SIP. The investor will have to submit the signed SIP Pause facility form duly complete in all respects to avail this Facility.

The features, terms and conditions for availing the SIP Pause Facility are as follows:

- The SIP Pause Facility is available for SIP registration with monthly frequency only.
- The request for SIP Pause should be submitted at least 10 days prior to the subsequent SIP date.
- The request for SIP Pause can be for either 3 instalments or 6 instalments.
- Investor can opt for the SIP Pause facility only twice during the tenure of a particular SIP.
- The SIP shall continue from the subsequent installment after the completion of Pause period automatically.

The AMC reserves the right to change / modify the terms and conditions of the Facility or withdraw the Facility at a later date.

SIP Modification Facility:

Modification of SIP facility allows the investors of Mirae Asset Mutual Fund to change the SIP Instalment date /SIP End date / Frequency / Amount and Option without cancelling the existing registered SIP.

This feature will avoid all the cancellations and re-registration process involved during various stages of SIP modification process. If the investor wants to modify the Scheme name, in such cases the existing SIP will cease and New SIP will get registered under the folio.

For detailed terms and conditions, investors are requested to refer the SIP Modification form available on the website of the AMC viz. www.miraeassetmf.co.in.

The AMC reserves the right to change / modify the terms and conditions of the Facility or withdraw the Facility. The facility shall be governed by the terms and conditions of the relevant scheme.

One Time Mandate (OTM) Facility:

One Time Mandate (OTM) facility is one-time registration which can be used by an investor to instruct the bank account to deduct a specific amount towards investing into Systematic Investment Plan (SIP) through physical mode. After registering for OTM, investors do not need to follow the payment process every time while investing in SIP.

The Salient features of the OTM Facility are as under:

1. OTM is a one - time registration process wherein the Investor of the Scheme(s) of the Fund authorizes his/ her bank to debit their account up to a certain specified limit on request received from the Fund, as and when the instalment is due, without the need of submitting cheque or fund transfer letter with every instalment thereafter.
2. OTM will be registered at a Folio level. In a Single Folio, Investor will be able to register 5 separate OTMs with different banks. Separate OTMs will need to be registered for separate Folios. Once registered OTM Debit Mandate Form enables periodic deduction of Systematic Investment Plan (SIP) transactions. Facility is not available for Lumpsum transactions.
3. New OTM submission will not replace the existing registered OTM in the Folio. It will be treated as additional OTM in the Folio which will be up to 5 OTMs per Folio. For any change or additional registration after the 5th OTM, the Investor will need to cancel any one of the Existing OTM in the Folio.
4. The facility would enable investment through SIP in the schemes of the Fund by sending instructions indicating OTM usage for transaction through physical mode.
5. The facility can be availed only if the Investor's Bank is participating in NACH (National Automated Clearing House) platform and subject to investor's bank accepting OTM registration mandate. Registration of One Time Mandate will take up to 25 - 30 Calendar days before the 1st installment date. This purely depends on the reverse response by NPCI.
6. Registration of the facility or any deactivation thereof shall be carried out by the AMC on submission of valid written request at any Investor Service Centre of the AMC by the Investor. The AMC shall not be liable for execution of OTM based transaction, if any, occurring between the period of submission of discontinuation request and registration of such deactivation. Investors are also requested to read the Terms and Conditions of the OTM facility given on the reverse of the application form.

The Trustees / AMC reserves the right to introduce, change, modify or withdraw the features available in this facility from time to time.

Multi-SIP Facility: This facility enables investors to start Investments through SIP (Including Micro SIP) for various eligible schemes (more than one or multiple) using a single application form.

All features / terms & conditions as applicable for investments through SIP shall also be applicable for availing the Multi-SIP facility subject to the following additional requirements:

1. Through this facility an investor can register SIP for maximum three schemes. A customized Multi-SIP form has been made available for the same. In case the investor wishes to register for more than three schemes a separate Multi-SIP form has to be filled up. Investors are requested to read the Terms and Conditions of the Multi SIP facility as given on the form and as shall be applicable / amended from time to time.
2. To avail this facility investor is required to fill up the One-Time Bank Mandate section (OTM Details) from which the amount shall be debited as per the SIP amounts applied for. The enrolment period specified in the SIP enrolment form should be less than or equal to the enrolment period mentioned in the OTM Details. In case of any deviation between the tenure for Multi-SIP and tenure mentioned in OTM Details, the transaction shall be processed till the tenure mentioned in "OTM Details". To initiate the investment, process the investor does not require to submit a physical cheque; however, Investors will be required to give a Cancel Cheque Leaf or a Copy of the Cheque for validation of bank account details.

Multi-SIP is only a facility for ease of investing in multiple schemes with one form. Investors are requested to note that each investment through Multi-SIP will be a separate investment in the concerned scheme and accordingly be governed by the terms and conditions of the relevant scheme.

The AMC reserves the right to change / modify the terms and conditions of the Facility or withdraw the Facility. Please refer to the Multi-SIP Facility Form and instructions before enrolment.

ii. Systematic Transfer Plan (STP)

This facility enables Unit Holders to transfer fixed sums from their Unit accounts in the Scheme to the existing schemes or other schemes launched by the Fund from time to time. The transfer will commence from the date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 5 days shall be required for registration under STP. The Units will be allotted / redeemed at the Applicable NAV of the respective dates of the Scheme on which such transfers are sought from the Scheme. In case the day on which the transfer is sought is a non-Business Day for the Scheme, then the application for the facility will be deemed to have been received on the immediately following Business Day. The facility of STP will not be available from any existing equity / equity oriented schemes to a non-equity scheme of the Fund. STP is not available for investments under lock-in period and for investments which are pledged.

Methodology:

The Unitholder has to ensure to maintain minimum balance in accordance with Plans selected in the Transferor Scheme on the transfer date / execution date under Systematic Transfer Plan.

In case of insufficient balance on the date of transfer in the folio, STP for that particular due date will be processed based on the clear balance available in the scheme. In such cases where STPs are processed due to insufficient balance, the criteria for minimum application amount in the transferee scheme shall not apply except in case of Mirae Asset Tax Saver Fund. However such residual transfer due to insufficient balance shall be done only once during the tenure of STP. For future STPs, in case the unitholder has sufficient balance, the amount as mentioned in the STP form shall be processed.

However, future STPs will continue to be active. This will help the investor to continue his STP facility seamlessly. Moreover, if the investor continues to have insufficient balance / unclear units for 3 consecutive months, the STP will be discontinued.

For details on Frequency and minimum applicable amount refer the table below.

Facility	Frequency	Day/Date	Criteria*
STP	Daily	Monday to Friday	Minimum 5 Transfers of Rs.1000

	Weekly	Every Wednesday	each and in multiples of Re. 1/- thereafter.
	Fortnightly	Every Wednesday of the alternate week.

Target Scheme: Mirae Asset Hybrid Equity Fund (MAHEF), Mirae Asset Emerging Bluechip Fund (MAEBF), Mirae Asset Great Consumer Fund (MAGCF), Mirae Asset Focused Fund, Mirae Asset Healthcare Fund (MAHCF), Mirae Asset Midcap Fund (MAMF), Mirae Asset Equity Savings Fund (MAESF), Mirae Asset Savings Fund (MASF), Mirae Asset Cash Management Fund (MACMF), Mirae Asset Tax Saver Fund*, Mirae Asset Dynamic Bond Fund (MADBF), Mirae Asset Short Term Fund (MASTF), Mirae Asset Midcap Fund (MAMF), Mirae Asset Overnight Fund (MAONF), Mirae Asset Large Cap Fund (MALCF), Mirae Asset Arbitrage Fund (MAAF), Mirae Asset Equity Allocator Fund of Fund (MAEAFOF), Mirae Asset Banking and PSU Debt Fund (MABPDF), Mirae Asset Ultra Short Duration Fund (MAUSDF), Mirae Asset ESG Sector Leaders Fund of Fund (MAESLFOF) and Mirae Asset Banking and Financial Services Fund (MABFSF), Mirae Asset Corporate Bond Fund (MACBF), Mirae Asset Corporate Bond Fund (MACBF), Mirae Asset Money Market Fund, Mirae Asset S&P 500 Top 50 ETF Fund of Fund, Mirae Asset NYSE FANG+ ETF Fund of Fund, Mirae Asset Nifty India Manufacturing ETF Fund of Fund, Mirae Asset Hang Seng TECH ETF fund of Fund, Mirae Asset Nifty SDL Jun 2027 Index Fund, Mirae Asset Balanced Advantage Fund, Mirae Asset Global X Artificial Intelligence & Technology ETF Fund of Fund, Mirae Asset Global Electric & Autonomous Vehicles ETFs Fund of Fund, Mirae Asset Balanced Advantage Fund, Mirae Asset Flexi Cap Fund and Mirae Asset Multicap Fund

* Each Instalment 'OUT' of Mirae Asset Tax Saver Fund shall be subject to lock in period of 3 years from the date of allotment of Units proposed to be redeemed.

Following are the features of Variable Transfer Plan (VTP):

- Under the Variable Transfer Plan, unit holders will be eligible to transfer:

- Fixed Amount per installment OR the amount as determined by the following formula:-
- $[(\text{Fixed amount to be transferred per installment} \times \text{number of installments including the current installment}) - \text{market value of the investments through Variable Transfer Plan in the Target Scheme on the date of transfer}]$ whichever is higher, on the date of transfer.
- The first VTP installment will be processed basis the fixed installment amount specified by the unit holder at the time of enrollment. From the second VTP installment onwards, the transfer amount shall be computed as per formula stated above.
- In case of VTP - Daily, Weekly and Fortnightly Interval, the commencement date shall be within 5 business days from the date of receipt of a valid request.
- For Daily, Weekly, Monthly, Fortnightly or Quarterly VTP falling on a Friday or on any business day where the next day is a non-business day, the NAV applicable shall be the Transaction date i.e. before 3.00 p.m. for both source and the target scheme.
- In order to discontinue the facility, a written request must be submitted at least 5 business days prior to the next applicable transfer date for the selected frequency.
- This facility introduced under the scheme will have the same investment objective, portfolio, liquidity and expense ratio as that of the prevailing plans of the respective schemes.

Example of Calculation of Installment of Variable Transfer Plan:

Source Scheme: Mirae Asset Savings Fund

Target Scheme: Mirae Asset Emerging Bluechip Fund

Suppose an investor chose a monthly VTP option from Mirae Asset Savings Fund to Mirae Asset Emerging Bluechip Fund of amount Rs.5000/- and he has already transferred three installments upto date August 1, 2015.

Total units allotted upto the date of last installment i.e. August 1, 2015 is assumed as 1400. The NAV of Mirae Asset Emerging Bluechip Fund - Growth Option on September 2015 is assumed as Rs.9.50 - per unit.

So the market value of investment on the date of transfer is 13,300 (1400 x 9.5). The next installment as per the VTP will be calculated as per the following formulae: Higher of the following, Fixed Amount to be transferred per installment (Rs.5,000/-) OR $[(\text{Fixed Amount to be transferred per installment} \times \text{Number of Installment including current installment}) - \text{Market Value of Target Scheme}] = (\text{Rs.5000} \times 4) - 13,300 = \text{Rs.6,700/-}$. So Rs.6,700/- will be transferred under the VTP.

For details on Frequency and minimum applicable amount for SIP, STP and VTP refer the table below:

Facility	Frequency	Day/Date	Criteria*
STP and VTP	Daily	Monday to Friday	Minimum 5 Transfers of Rs.1000 each and in multiples of Re. 1/- thereafter. Minimum balance amount at the time of enrolment of STP and VTP: NIL
	Weekly	Every Wednesday	
	Fortnightly	Every Wednesday of the alternate week.	
SIP	Monthly Quarterly	01st to 28th except the last three calendar dates 29th, 30th and 31st.	
STP and VTP	Monthly Quarterly	01 st , 10 th , 15 th , 21 st and 28 th .	

***Notes:**

Each STP/VTP Installment 'OUT' to / of Mirae Asset Tax Saver Fund will be subject to a lock-in period of three years from the date of allotment of Units proposed to be redeemed. Hence, Mirae Asset Tax Saver Fund shall act as Source Scheme for STP/VTP post completion of the said lock-in period.

iv. Systematic Withdrawal Plan:

This facility enables the Unit Holders to withdraw sums from their Unit accounts in the Scheme at periodic intervals through a one-time request. The withdrawals will commence from the Start Date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 5 days shall be required for registration under SWP. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. However, if any of the dates on which the redemption is sought is a non-Business Day, the Units will be redeemed at the Applicable NAV of the next Business Day.

☐ **Options available and Minimum Amount Fixed withdrawal:** Investors can withdraw fixed amount of Rs.1,000/- each and above at regular intervals.

☐ SWP is not available for investments under lock-in period and for investments which are pledged.

☐ SWP is not available for investments under lock-in period and for investments which are pledged. The SWP payouts will be processed at the requested frequency. The investor can opt for direct credit of the redemption proceeds to their registered bank accounts (Currently direct credit offered for the HDFC Bank only). For investors banking with any other bank apart from above mentioned bank, the AMC / MF will endeavour to credit the payout directly to that registered bank account through available electronic mode(s) (i.e., NEFT/RTGS). The AMC / MF shall not be responsible if payout through electronic mode(s) (NEFT/RTGS) does not get affected due to incomplete or incorrect information or any other destination bank technical /operational reasons. The AMC / MF reserve the right to use any other mode of payment as deemed appropriate, however the preferred mode will always be NEFT/RTGS.

☐ In case of Fixed Withdrawal, if the amount of instalment is more than the amount available in that account for redemption, the entire available amount will be redeemed and the SWP will get terminated automatically. In case of Appreciation Withdrawal, appreciation will be calculated on the units available for redemption at the time of the SWP instalment.

Withdrawal Dates:

Fixed Withdrawal: Investors can withdraw fixed amount on **1st or 10th or 15th or 21st or 28th** of each month / quarter/ semi-annual and annual for minimum 5 instalments across each frequency for a minimum of Rs.1000/- or above. By default, in case of any ambiguity in selection of withdrawal frequency, then the SWP frequency will be 'Monthly'. By default, in case of any ambiguity in selecting the SWP Date, then the SWP date will be '10th of each month'.

Facility	Frequency	Date	Criteria
SWP	Monthly	1st or 10th or 15th or 21st or 28th	Minimum 5 Transfers of Rs.1000 each and in multiples of Re. 1/- thereafter. Minimum balance amount at the time of enrolment of SWP : NIL
	Quarterly		
	Semi-Annually		
	Annually		

For applicable load on Redemptions through SWP, please refer section 'LOAD STRUCTURE'.

v. Interscheme Switching

The Transaction Slip can be used by investors to make inter-scheme switches (during the NFO Period and the ongoing offer period) within the Fund. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the Scheme / option.

vi. Intrascheme Switching

Investors can switch between different options under the same Plan of the Scheme, at the Applicable NAV. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the option. As per current Load structure, no Entry or Exit Loads will be charged for intra-scheme switching. However, AMC may change the Loads prospectively as indicated in section on LOAD STRUCTURE FOR THE SCHEME in this Scheme information document.

vii. Switch facility from one scheme to another scheme

In the interest of investors, it is hereby clarified that where the switch request has been made from one scheme to another specifying the number of Units or Amount (during NFO as well as ongoing), the request will be processed for the corresponding value of such units or amount and that the allotment in the resultant scheme may be done in fractional units, subject to fulfillment of the minimum purchase amount of the scheme where it is being switched.

viii. Folio Number

Unless otherwise requested by the Unit Holder, a single folio number may be assigned if an investor invests in

different schemes of the Fund, and a consolidated account statement will then be provided for investments in all the schemes.

ix. Fractional Units

Since a request for Purchase or Redemption is generally made in rupee amounts and not in terms of a fixed number of Units of the Scheme, an investor may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places for the Scheme.

x. Consolidation of folios

In case an investor holds investments in multiple folios under the Fund, the AMC reserves the right to consolidate all the folios belonging to the same investor into one folio.

xi. Transaction through electronic mode

The AMC may from time to time offer various facilities to the unit holders through electronic mode such as internet, mobile phones, Kiosk, etc. to facilitate transactions in units of the scheme. The AMC may enter into such arrangements / agreements as it may deem fit to give effect to the above.

However, investors intending to take benefit of these facilities should note that they should use these services at their own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of internet, mobile phones, Kiosk, etc. or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorized access or use of information.

xii. MIRAE ASSET TRIGGER INVESTMENT PLAN (TRIP) facility:

Mirae Asset Trigger Investment Plan (TRIP) is a facility provided to the Unit holders for the Source scheme(s) to set triggers based on the predetermined event to enable Mirae Asset Mutual Fund to automatically transfer on behalf of the Unit holder(s) the specified percentage of the amount registered in the Source scheme(s) to select Target scheme(s) on the trigger date(s) occurring during the period of 1 year from the date of registration under the Plan.

I. Schemes eligible for TRIP:

Source Schemes and Target Schemes

- Mirae Asset Emerging Bluechip Fund (MAEBF)
- Mirae Asset Tax Saver Fund (MATSF)*
- Mirae Asset Hybrid Equity Fund (MAHEF)
- Mirae Asset Healthcare Fund (MAHCF)
- Mirae Asset Cash Management Fund (MACMF)
- Mirae Asset Great Consumer Fund (MAGCF)
- Mirae Asset Equity Savings Fund (MAESF)
- Mirae Asset Dynamic Bond Fund (MADBF)
- Mirae Asset Short Term Fund (MASTF)
- Mirae Asset Savings Fund (MASF)
- Mirae Asset Focused Fund (MASFF)
- Mirae Asset Midcap Fund (MAMCF)
- Mirae Asset Large Cap Fund (MALCF)
- Mirae Asset Overnight Fund (MAOF)

*Mirae Asset Tax Saver Fund shall act as the source scheme subject to completion of 3-year lock in period.

II. Features of TRIP:

- The minimum Unit holder's account balance or a minimum amount of investment in the Source scheme at the time of enrolment under the Plan should be Rs.50,000/- and in multiples of Rs.1,000/- thereafter. The Unit holders of the Source scheme(s) have to set triggers based on the predetermined event. On occurrence of predetermined events i.e. the trigger date on which the closing value of Index (S&P BSE

SENSEX) reaches or crosses the Index level(s) as indicated by the Unit holder(s) in the enrolment form.

- The Fund on behalf of the Unit holders will automatically transfer the specified percentage of the amount registered in the Source scheme(s) to select Target scheme(s) on the trigger date(s).
- The trigger date(s) occurring during the period of 1 year from the date of registration of the Unit holder under the Plan shall only be covered.
- Unit holders under the Plan are offered two enrolment options viz.
- Flexible Installment option and
- Fixed Installment option.
- Default option - Fixed Installment option.
- **Flexible Installment Option:** The minimum percentage to be indicated against each Index level trigger is 10% and in multiples of 1% thereafter. Investors can choose minimum 1 trigger index level and maximum 4 index levels. The trigger levels chosen should be in multiples of 1%. However, the aggregate of all the levels mentioned should sum upto 100% failing which the application shall be rejected. Also note that if a single index level is indicated then the entire unit balance (100%) will be Switched-Out to the Target Scheme.
- **Fixed Installment Option:** The percentage indicated against each Index level trigger is fixed at 25%. The cumulative percentage under each option must be equal to 100.
- The amount transferred from the Source Scheme to the Target Scheme shall be effected by redeeming units of Source Scheme at Applicable NAV, after payment of Exit Load, if any, and subscribing to the units of the Target Scheme at Applicable NAV. In respect of the enrolments made in the above-mentioned Scheme(s) under the Plan, the Load Structure prevalent at the time of enrolment shall govern the investors during the tenure of the Plan.
- In case the Triggers indicated by the investors remain inactive, the amount will remain parked in the source scheme. In case investors decide to opt out of the facility, they can give a written request to cease the Trigger facility.
- The trigger once activated and processed, becomes inactive.
- On completion of 1 year from the date of registration, in case Nil Triggers or few Triggers are activated, then the balance of the amount registered under the Plan will remain parked in the source scheme.
- Notice of discontinuance from investor shall be made effective within 7 calendar days from the date of receipt of the said request. Triggers, which may get activated until the effective date of discontinuation shall be processed in accordance with the terms, laid herein above.
- The AMC will require at least 7 business days from the date of submission of valid enrolment forms to register the Unit holder under the Plan.
- NAV applicability - For TRIP falling on a Friday or on any business day where the next day is a non-business day, the NAV applicable shall be the transaction date (i.e. before 3.00 p.m.) for both source and the target scheme.

	TOTAL	100%	100%

***Investors to fill this column with S&P BSE SENSEX levels in multiples of 500 points.**

Assuming the S&P BSE Sensex is trading at 16,700 levels at the time of enrollment. In case, S&P BSE Sensex closes below 16,000 levels after 15 days, as per the illustration, under the fixed installment option of Rs.25,000/- each will be transferred from Mirae Asset Savings Fund automatically to Mirae Asset Large Cap Fund (MALCF). However, if the investor had chosen the flexible investment option Rs.20,000/- will be transferred into target

scheme. The remaining triggers remain active till the index reaches or crosses the trigger levels mentioned at the time of enrollment of the form.

The new facility introduced under the scheme will have the same investment objective, portfolio, liquidity and expense ratio as that of the prevailing plans of the respective schemes.

<p>Right to Limit Redemptions of Units</p>	<p>The fund shall at its sole discretion reserves the right to restrict Redemption (including switch-out) of the Units (including Plan/Option) of the scheme(s) of the fund on the occurrence of the below mentioned event for a period not exceeding ten (10) working days in any ninety (90) days period. The restriction on the Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable for the Redemption/switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). Further, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable for first Rs. 2,00,000/- (Rupees Two Lakhs).</p> <p>The restriction on redemption of the units of the Schemes may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets. A list of such circumstances are as follows:</p> <ul style="list-style-type: none"> • Liquidity issues: when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. • Market failures, exchange closures – when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies • Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). • If so directed by SEBI <p>Since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situations, the same may result in exceptionally large number of Redemption being made and in such a situation the indicative timeline (i.e. within 3 to 4 Business Days for schemes other than liquid funds and within 1 Business Day for liquid funds) mentioned by the Fund in the scheme offering documents, for processing of request of Redemption may not be applicable.</p> <p>Any restriction on Redemption or suspend Redemption of the Units in the scheme(s) of the Fund shall be made applicable only after prior approval of the Board of Directors of the AMC and Trustee Company.</p>
<p>Stamp Duty</p>	<p>Pursuant to Notification No. S.O. 1226I and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including dividend reinvestment) to the unitholders would be reduced to that extent.</p> <p>Please refer Statement of Additional Information for more details.</p>

D COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

NAV of Units under the Options there under can be calculated as shown below:

$$\text{NAV} = \frac{(\text{Market or Fair Value of Scheme's investments} + \text{Current assets including Accrued Income} - \text{Current Liabilities and provisions including accrued expenses})}{\text{No. of Units outstanding under the Scheme/Option.}}$$

The NAV, the sale and repurchase prices of the Units will be calculated and announced at the close of each working day. The NAVs of the Scheme will be computed and units will be allotted upto 3 decimals.

Computation of NAV will be done after taking into account dividends paid, if any, and the distribution tax thereon, if applicable. Therefore, once dividends are distributed under the IDCW Option, the NAV of the Units under the IDCW Option would always remain lower than the NAV of the Units issued under the Growth Option. The income earned and the profits realized in respect of the Units issued under the Growth Option remain invested and are reflected in the NAV of the Units.

The valuation of the Schemes' assets and calculation of the Schemes' NAVs shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

IV FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sale and distribution fees paid, marketing and advertising, registrar expenses, printing and stationery, bank charges etc. NFO expenses shall be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily net assets of the Scheme will be charged to the scheme as expenses. As per the Regulations, the maximum recurring expenses including investment management and advisory fee that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

First Rs. 500 crores	2.25%
Next Rs. 250 crores	2.00%
Next Rs. 1250crores	1.75%
Next Rs. 3000 crores	1.60%
Next Rs. 5000 crores	1.50%
on the next Rs. 40,000 crores of the daily net assets	Total expense ratio reduction of 0.05% for every increase of Rs 5,000 crores of daily net assets or part thereof, on the next Rs. 40,000 crores of the daily net assets
Balance of assets	1.05%

The recurring expenses of operating the Scheme on an annual basis, which shall be charged to the Scheme, are estimated to be as follows (each as a percentage per annum of the daily net assets)

\$ Additional expenses for gross new inflows from specified cities***	Upto 0.30%

* Other expenses: Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

@@ Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment shall not exceed 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 ['SEBI Regulations'] or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme namely:-

\$ Additional expenses for gross new inflows from specified cities:

(a) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI/AMFI from time to time are at least -

(i) 30 per cent of gross new inflows in the scheme, or;

(ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or subclause (ii), such expenses on daily net assets of the Scheme shall be charged on proportionate basis.

Provided further that, expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

This sub clause (a) shall be applicable for inflows received during the NFO period.

*** Note: SEBI vide its letter no. SEBI/HO/IMD-SEC-3/P/OW/2023/5823/1 dated February 24, 2023 and AMFI letter dated No. 35P/ MEM-COR/ 85/ 2022-23 dated March 02, 2023 has directed AMC's to keep B-30 incentive structure in abeyance with effect from March 01, 2023 till further notice.

Currently, SEBI has specified that the above additional expenses may be charged for inflows from beyond 'Top 30 cities.' The top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Provided further that, additional TER can be charged based on inflows only from retail investors from B30 cities in terms of clause 10.1 of SEBI Master Circular dated May 19, 2023. Retail investors' are defined as individual investors with an inflow of an amount upto Rs 2,00,000/- per transaction.

Additional expenses under regulation 52 (6A) (c)

^ Such expenses will not be charged if exit load is not levied/not applicable to the scheme.

^ (b) additional expenses, incurred towards different heads mentioned under Regulations 52(2) and 52(4), not exceeding 0.05 per cent of daily net assets of the Scheme;

(c) GST payable on investment and advisory service fees ('AMC fees') charged by Mirae Asset Investment Managers (India) Private Limited ('Mirae Asset AMC');

Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:

(a) GST on other than investment and advisory fees, if any, (including on brokerage and transaction costs on execution of trades) shall be borne by the Scheme;

(b) Investor education and awareness initiative fees of 2 basis points on daily net assets of respective Scheme.

The current expense ratios will be updated on the AMC website <https://miraeassetmf.co.in/downloads/regulatory>.

Further, the notice of change in base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A) (b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme will be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

However, any decrease in TER due to decrease in applicable limits as prescribed in Regulation 52 (6) (i.e. due to increase in daily net assets of the scheme) would not require issuance of any prior notice to the investors. Further, such decrease in TER will be immediately communicated to investors of the scheme through email or SMS and uploaded on the AMC website.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The TER of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.

**Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan. The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.

TER for the Segregated Portfolio

a) AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.

b) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.

- c) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- d) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

TRANSACTION CHARGES:

SEBI with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is vital, has allowed AMCs vide Clause 10.5 of SEBI Master Circular dated May 31, 2023 to deduct transaction charges for subscription of Rs. 10,000/- and above. The said transaction charges will be paid to the distributors of the Mutual Fund products (based on the type of product).

In accordance with the said circular, AMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors (based on the type of product and those who have opted to receive the transaction charges) as shown in the table below. Thereafter, the balance of the subscription amount shall be invested.

- (i) Transaction charges shall be deducted for Applications for purchase/ subscription received by distributor/ agent as under:

Investor Type	Transaction Charges
First Time Mutual Fund Investor	Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor. The balance of the subscription amount shall be invested.
Investor other than First Time Mutual Fund Investor	Transaction charge of Rs. 100/- per subscription of Rs. 10,000 and above will be deducted from the subscription amount and paid to the distributor/ agent of the investor. The balance of the subscription amount shall be invested.

(ii) Transaction charges shall not be deducted for:

- Purchases /subscriptions for an amount less than Rs. 10,000/-; and
- Transactions other than purchases/ subscriptions relating to new inflows such as Switches, etc.
- Any purchase/subscription made directly with the Fund (i.e. not through any distributor/ agent).
- Transactions carried out through the stock exchange platforms.

C LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time.

Investors are advised to contact any of the ISCs or the AMC by calling the investor line of the AMC at "1800 2090 777" to know the current applicable load structure prior to investing. Investors can also visit the website at www.miraeassetmf.co.in for complete details.

Entry Load: Not Applicable: In accordance with clause 10.4 of SEBI Master Circular dated May 19, 2023, no entry load will be charged by the Scheme to the investor. Similarly, no entry load will be charged with respect to applications for registrations under Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) accepted by the Mutual Fund with effect from August, 1, 2009. The upfront commission shall be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor.

Exit Load:

I. For investors who have opted for SWP under the plan:

- a) 15% of the units allotted (including Switch-in/STP - in) on or before completion of 365 days from the date of allotment of units: Nil.

b) Any redemption in excess of such limits in the first 365 days from the date of allotment shall be subject to the following exit load:

(Redemption of units would be done on First In First Out Basis (FIFO):

If redeemed within 1 year (365 days) from the date of allotment: 1%

If redeemed after 1 year (365 days) from the date of allotment: NIL

II. Other Redemptions: For Investors who have not opted for SWP under the plan (including Switch out, STP out):

If redeemed within 1 year (365 days) from the date of allotment: 1%

If redeemed after 1 year (365 days) from the date of allotment: NIL

*With effect from October 1, 2012, Mirae Asset Mutual Fund shall credit, exit load (net off GST, if any, payable in respect of the same) to the Scheme of the Fund.

As per clause 10.6 of SEBI Master Circular dated May 19, 2023, no load would be charged on Bonus units.

The investor is requested to check the prevailing load structure of the scheme before investing. No exit load is chargeable in case of switches made between different options of schemes, subject to regulations, the Trustee retains the right to change / impose an Exit Load. A Switch-Out/Withdrawal under SWP will also attract an exit load like any redemption. Exit load is applicable for all the Plans (i.e. the Regular Plan & the Direct Plan) under the Scheme by applying First in First Out basis. No Exit Load is chargeable in case of switches made between different Sub-options of the same plan. To elaborate, units for redemption/SWP transactions are extinguished based on the first-in first-out methodology. The holding period for particular units is calculated from the date of its allotment. If the unit balance, so wish to be redeemed does not fulfill the minimum number of days (as per the exit load structure), appropriate number of balance such units will be charged an exit load. All such units which have completed the minimum number of days as per exit load structure will not be charged any exit load.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The Mutual Fund may charge the load within the stipulated limit of 5% and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 95% of the NAV.

The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Mirae Asset ISCs' and distributors' offices and on the website of the AMC.
- The notice-cum-addendum detailing the changes shall be attached to SIDs and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memoranda already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. It may be noted that any such change in the load structure shall be applicable on prospective investment only. The exit load (net off GST, if any, payable in respect of the same) shall be credited to the Scheme of the Fund.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.
