HIGHLIGHTS / SUMMARY OF THE SCHEME:

Name of the Scheme	Mirae Asset Gold ETF
Category of the Scheme	Exchange Traded Fund (ETF)
Type of the Scheme	An open-ended scheme replicating/tracking Domestic Price of Gold
Scheme Code	MIRA/O/O/GET/23/01/0045
Investment Objective	To generate returns that are in line with the performance of physical gold in domestic prices, subject to tracking error. The Scheme does not guarantee or assure any returns.
Plans/Options offered	<p>The Scheme does not offer any Plans/Options for investment.</p> <p>The AMC and the Trustees reserve the right to introduce such other Plans/Options as they deem necessary or desirable from time to time, in accordance with the SEBI Regulations.</p>
Liquidity Facility	<p>The Units of the ETF will be listed on the Capital Market Segment of the National Stock Exchange of India Ltd (NSE) /BSE Limited (BSE) and/or any other recognised stock exchanges as may be decided by the AMC from time to time. All investors including Authorized Participants and Large Investors can subscribe (buy) / redeem (sell) Units of the Scheme on a continuous basis on the NSE and/ or BSE on which the Units are listed during the trading hours on all the trading days. The Units of the Scheme may be bought or sold on all trading days at prevailing listed price on such Stock Exchange(s). Alternatively, the Authorised Participants and large investors may subscribe to and/or redeem the units of the Scheme with the Mutual Fund on any business day during the ongoing offer period commencing not later than 5(five) business days from the date of allotment at approximately indicative NAV based prices (along with applicable charges and execution variations) for applications directly received at AMC, provided the units offered for subscription and/or redemption are not less than Creation Unit size & in multiples thereof. The price of Units of the Scheme in the secondary market on the Stock Exchange(s) will depend on demand and supply at that point of time. There is no minimum trade amount, although Units are normally traded in round lots of 1 Unit.</p> <p>In addition, Authorized Participants and Large investors can directly subscribe to/ redeem Units of the Scheme on all Business Days with the Fund in ‘Creation Unit Size’ on an ongoing basis.</p> <p>The AMC will appoint Authorized Participant(s) to also provide for the liquidity in secondary market on an ongoing basis. The Authorized Participant(s) would offer two-way quotes (buy and sell quotes) in the secondary market for ensuring liquidity in the Units of the Scheme.</p> <p>The list of Authorized Participants will be updated on our website https://www.miraeassetmf.co.in. Presently, below mention Authorized participants are proposed to be appointed by the AMC:</p> <ul style="list-style-type: none"> • Augmont Enterprises Private Limited • Parshwa Prism Gems and Jewellery Ltd • Raksha Bullion <p>Redemption of units directly with the Mutual Fund (other than Authorized Participants): Investors other than Authorized Participants can redeem units directly with the Fund for less than Creation Unit size at</p>

	<p>approximately indicative NAV based prices (along with applicable charges and execution variations) of units without any exit load if:</p> <ol style="list-style-type: none"> Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days. <p>Such instances shall be tracked by the AMC on an ongoing basis and in case any of the above mentioned scenarios arises, the same shall be disclosed on the website of the Mutual Fund.</p> <p>Under these circumstances, investors, as specified above, can redeem units of the Scheme directly with the fund house without any exit load.</p> <p>The aforesaid criteria for the direct redemption with the fund house are also available at the website of the AMC. The mutual fund will track the aforesaid liquidity criteria and display it on its website viz., https://www.miraeassetmf.co.in/ if the same is triggered, no exit load would be applicable in such cases.</p> <p>Redemption by NRIs/FIIs/FPI</p> <p>Credit balances in the account of a NRIs/FIIs/FPI unitholder may be redeemed by such unit holder subject to any procedures laid down by the RBI. Payment to NRI/FII/FPI, unit holder will be subject to the relevant laws/guidelines of RBI as are applicable from time to time (subject to deduction of tax at source as applicable). The Fund will not be liable for any delays or for any loss on account of exchange fluctuations while converting the rupee amount in US Dollar or any other currency. In case of redemptions by NRIs, requisite TDS will be deducted from the respective redemption proceeds.</p> <p>Note: The mutual fund will rely on the NRI status and his account details as recorded in the depository system. Any changes to the same can be made only through the depository system.</p> <p>Mutual fund will repurchase units from Authorised Participant(s) and large investors on any business day provided the value of units offered for repurchase is not less than creation unit size.</p>

I INTRODUCTION

A. RISK FACTORS

■ **Standard Risk Factors:**

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal
- As the price / value / interest rate of the gold/ securities in which the Scheme invests fluctuates, the value of your investment in the scheme can go up or down depending on various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee the future performance of the Scheme.
- The name of the Scheme does not in any manner indicate its quality or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1 lakh made by it towards setting up the Fund.
- The present scheme is not a guaranteed or assured return scheme.

■ **Scheme Specific Risk Factors**

Risk Factors associated with Exchange traded Schemes

The Scheme is subject to the specific risks that may adversely affect the Scheme's NAV, return and / or ability to meet its investment objective. The specific risk factors related to the Scheme include, but are not limited to the following:

■ **Risk factors associated with investing in Gold and Gold related instruments**

- The NAV of the Units relates directly to the value of the gold held by the Scheme minus the expenses incurred in managing of the scheme including but not limited to management fees, Operational expenses, cost incurred to buy and sell, taxes, other charges, tracking error, tracking difference (Positive or negative) and fluctuations in the price of gold could adversely affect investment value of the Units. The factors that may affect the price of gold, *inter-alia*, include economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, etc.
- Actual or perceived disruptions in the processes used to determine the LBMA Gold Price, or lack of confidence in that benchmark, may adversely affect the return on your investment in the scheme (if any).
- Future governmental decisions may have significant impact on the price of gold, which may result in a significant decrease or increase in the value of the net assets and the net asset value.
- Because the ETF holds only gold, an investment in the ETF may be more volatile than an investment in a more broadly diversified portfolio.
- To the extent that demand for gold exceeds the available supply at that time, Authorized Participants may not be able to readily acquire sufficient amounts of gold necessary for the creation of a Basket. Market speculation in gold could result in increased requests for the issuances. It is possible that Authorized Participants may be unable to acquire sufficient gold that is acceptable for delivery for the issuance of new Baskets due to a limited then-available supply coupled with a surge in demand for the ETF units. In such circumstances, the AMC may suspend or restrict the issuance of Baskets. Such occurrence may lead to further volatility in Share price and deviations, which may be significant, in the market price of the ETF units relative to the NAV.
- The gold market in general has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to factors such as gold's uses in jewelry, technology, and industrial applications, or cost and production levels in major gold-producing countries such as China, Mexico, and Peru. In particular, supply chain disruptions resulting from the

COVID-19 outbreak and investor speculation have significantly contributed to recent price and volume fluctuations.

- The formula for determining NAV of the Units is based on the imported (landed) value of gold. The landed value of gold is computed by multiplying international market price by US dollar value. The value of gold or NAV, therefore will depend upon the conversion value of US dollar into Indian rupee and attracts all the risks attached to such conversion and forex volatility.
- There is no Exchange for physical gold in India. The Scheme may have to buy or sell gold from the open market, which may lead to counter party risks for the Scheme for trading and settlement.
- The returns from physical gold in which the Scheme invests may underperform returns from other securities or asset classes.
- There is a risk that part or all of the Scheme's gold could be lost, damaged or stolen. Access to the Scheme's gold could also be restricted by natural events or human actions. Any of these actions may have adverse impact on the operations of the Scheme and consequently on investment / redemption in Units.
- The Scheme may retain certain investments in cash or cash equivalents for its day-to-day liquidity requirements. The Scheme has to sell gold only to bullion bankers / traders who are authorized to buy gold. Though, there are adequate numbers of players (commercial or bullion bankers) to whom the Scheme can sell gold, the Scheme may have to resort to distress sale of gold if there is no or low demand for gold to meet its cash needs of redemption or expenses. The distress sale may affect the redemption value of the units adversely. The Trustee, in general interest of the Unit holders of the Scheme offered under this Scheme Information Document and keeping in view of the unforeseen circumstances / unusual market conditions, may limit the total number of Units, which can be redeemed on any Business Day.
- Any changes in trading regulations by the stock exchange(s) or SEBI may affect the ability of Authorised Participant to arbitrage resulting into wider premium / discount to NAV. Any changes in the regulations relating to import and export of gold or gold jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the Scheme to buy / sell gold against the purchase and redemption requests received.
- The Scheme is not actively managed. The performance of the Scheme may be affected by a general price decline in the Gold prices. The Scheme invests in the physical Gold regardless of their investment merit. The AMC does not attempt to take defensive positions in declining markets.
- For the valuation of gold by the Scheme, indirect taxes like customs duty, VAT, etc. would also be considered. Hence, any change in the rates of indirect taxation / applicable taxes would affect the valuation of the Scheme.
- Gold Exchange Traded Funds (GETFs) are relatively new products and their value could decrease if unanticipated operational or trading problems arise. Mirae Asset Gold ETF, an open ended Exchange Traded Fund, is therefore subject to operational risks.
- Though this is an open-ended scheme, the Scheme would ordinarily repurchase Units in Creation Unit Size. Thus Unit holding less than Creation Unit Size can only be sold through the secondary market on the Exchange. Further, the price received upon the redemption of Units of the Scheme may be less than the value of the gold represented by them.
- A day on which valuation on London Bullion Market Association (LBMA) is not available shall not be a Business day and hence NAV for the said day shall not be available to the Investors.
- Mirae Asset Gold ETF (the Scheme) is a passively managed fund that shall be investing substantial portion of its assets in physical gold and tracking its performance as close as possible to the price of gold. Therefore, irrespective of decline / rise in prices of physical gold, the Scheme shall remain invested in gold and being a passively managed fund, no active calls based on outlook of gold prices will be taken by the Fund.
- Investments by the Scheme are subject to availability of Gold. If favorable investment opportunities do not exist or opportunities have notably diminished, the scheme may suspend accepting fresh subscriptions.

- Performance of the Scheme may be affected by political, social and economic developments, which may include changes in government policies, diplomatic conditions, taxation and other policies.
 - ETF units are created to reflect, at any given time, the market price of gold. Because the value of ETFs depends on the price of gold, it is subject to fluctuations similar to those affecting gold prices. The price of gold has fluctuated widely over the past several years. If gold markets continue to be characterized by the wide fluctuations that they have shown in the past several years, the price of the ETF units will change widely and in an unpredictable manner. This exposes your investment in ETF units to potential losses if you need to sell your ETF units at a time when the price of gold is lower than it was when you made your investment in ETF units. Even if you are able to hold ETF units for the mid- or long-term you may never realize a profit, because gold markets have historically experienced extended periods of flat or declining prices. Investors should be aware that while gold is used to preserve wealth by investors around the world, there is no assurance that gold will maintain its long-term value in terms of future purchasing power. In the event the price of gold declines, it is expected the value of an investment in the ETFs to decline proportionately.
 - During the process of creation or redemption of the Scheme in creation unit size, the AMC will source or sell the physical gold from a counterparty. The price at which the gold is bought or sold at will include a spread also, apart from cost price of the gold, taxes and other transaction cost. Thus cost may vary depending on the source from which gold is bought or sold, due to different cost being changed by the counterparty. This varying buying or selling cost will impact the cost at which units are created for the investor or redeemed for the investor. AMC will most likely be passing on all the cost associated with buying and selling of the physical gold, including spread, transaction cost, taxes etc. on to the investor/investors. This will impact the per unit cost realized by the investor in case of creation or redemption directly with the AMC
 - The AMC within the regulatory guidelines and room given in Scheme information document, may use derivative on gold (like Futures) for rebalancing, holding, creation of fresh units or redemption of existing units for the Scheme. The use of derivatives may affect the performance of the scheme and tracking error. It may also impact the value at units are created or redeemed by the scheme.
 - If the process of creation and redemption of Baskets encounters any unanticipated difficulties or is materially restricted due to any illiquidity in the market for physical gold, the possibility for arbitrage transactions by Authorized Participants, intended to keep the price of the ETF units closely linked to the price of gold may not exist and, as a result, the price of the ETF units may fall or otherwise diverge from NAV.
- **Risk factors associated with investing in Gold Monetisation Scheme (GMS) and Gold Deposit Scheme (GDS)**

The ETF shall, as permitted by SEBI, may invest a part of its pool of physical gold assets in Gold Monetisation Scheme/Gold Deposit Scheme run by Banks. Under the GMS/GDS, the ETF will deposit its physical gold assets as principal with the Banks which offer such facility (“the issuer”). A situation could arise where the issuer is unable to return the principal physical gold to ETF upon maturity or in case of an early redemption. Such inability to return physical gold could arise on account of liquidity problems or general financial health of the issuer. A default by the issuer under a GMS /GDS may result in losses to the Unit holders of the ETF. GMS/GDS being an unlisted and non-transferrable security can be Redeemed only with the issuer and hence, is subject to the risk of an issuer’s inability to meet principal and interest payments on the obligation (credit risk). Credit Risk means that the issuer of a Security may default on interest payments or even paying back the principal amount on maturity (i.e. the issuer may be unable to make timely principal and interest payments on the Security) which may result in losses to the Unitholders of the ETF.

- **Risks associated with handling, storing and safekeeping of physical gold:**

All physical gold procured must follow the LMBA guidelines as per prescribed SEBI guidelines.

Risk arises when part or all of the gold held by the Fund could be lost, stolen or damaged and access to gold may be restricted due to natural calamities or human actions, loss or damage directly or indirectly occasioned by, happening through or in consequence of war, invasion, acts of foreign enemies, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection, military or usurped power. Loss due to aridity, humidity, exposure to light or extremes of temperature. Hence, the Custodian maintains insurance in regard to the business on terms and conditions and the custodian is also responsible for all costs arising from the insurance policies.

The custodian taking delivery on behalf of the AMC needs to ensure the weight, purity, and the source of gold as specified under the LMBA guidelines.

Since this is paramount to the SEBI guidelines the risk arises in violation of same.

Safekeeping of physical gold requires appropriate vaulting space, confirming to the best global standards. The vaulting agents engaged by the custodian needs to ensure the same.

- **Risks Related to the Custody of Gold**

- The Custodian is responsible for the safekeeping of the gold bullion and also facilitates the transfer of gold bullion into and out of the vault. Although the Custodian is a market maker, clearer and approved weigher under the rules of the LBMA (which sets out good practices for participants in the bullion market), the LBMA is not an official or governmental regulatory body. Accordingly, the ETF is dependent on the Custodian to comply with the best practices of the LBMA and to implement satisfactory internal controls for its gold bullion custody operations in order to keep the gold bullion secure.
- The Custodian is responsible for loss or damage to the gold only under limited circumstances. The Custodian Agreement contemplates that the Custodian will be responsible to the AMC only if it acts with negligence, fraud or in willful default of its obligations under the Custodian Agreement. In addition, the Custodian has agreed to indemnify the Trust for any loss or liability directly resulting from a breach of the Custodian's representations and warranties in the Custodian Agreement, a failure of the Custodian to act in accordance with the instructions or any physical loss, destruction or damage to the gold held for the Trust's account, except for losses due to nuclear fission or fusion, radioactivity, war, terrorist event, invasion, insurrection, civil commotion, riot, strike, act of government or public authority, act of God or a similar cause that is beyond the control of the Custodian for which the Custodian will not be responsible to the AMC. The Custodian's liability to the AMC, if any, will be limited to the value of any gold lost, or the amount of any balance held on an unallocated basis, at the time of the Custodian's negligence, fraud or willful default, or at the time of the act or omission giving rise to the claim for indemnification.
- Neither the Shareholders nor any Authorized Participant have a right under the Custodian Agreement to assert a claim against the Custodian. Claims under the Custodian Agreement may only be asserted by the AMC.
- The procedures agreed to with the Custodian contemplate that the Custodian must undertake certain tasks in connection with the inspection of gold delivered by Authorized Participants in exchange for Baskets. The Custodian's inspection includes review of the corresponding bar list to ensure that it accurately describes the weight, fineness, refiner marks and bar number appearing on the gold bars, but does not include any chemical or other tests designed to verify that the gold received does, in fact, meet the purity requirements. Accordingly, such inspection procedures may not prevent the deposit of gold that fails to meet these purity standards. The Custodian will not be responsible or liable to the Trust or to any investor in the event any gold otherwise properly inspected by it does not meet the purity requirements

- The AMC does not insure its gold (Underlying gold of the scheme). The Custodian maintains insurance on such terms and conditions as it considers appropriate in connection with its custodial obligations under the Custodian Agreement and is responsible for all costs, fees and expenses arising from the insurance policy or policies. The AMC is not a beneficiary of any such insurance and does not have the ability to dictate the existence, nature or amount of coverage. Therefore, Shareholders cannot be assured that the Custodian maintains adequate insurance or any insurance with respect to the gold held by the Custodian on behalf of the Trust.
- **Tracking Error Risk:** The Fund Manager would not be able to invest the entire corpus in physical gold due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance, changes to the underlying index and regulatory restrictions, which may result in Tracking Error with the underlying index. The Scheme's returns may therefore deviate from those of the underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the Scheme. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index. Tracking Error may arise due to the following reasons: -
 1. Expenditure incurred by the Fund.
 2. Available funds may not be invested at all times as the Scheme may keep a portion of the funds in cash to meet Redemptions for corporate actions or otherwise.
 3. Accounting for indirect taxes including tax reclaims.
 4. SEBI Regulations (if any) may impose restrictions on the investment and/or divestment activities of the Scheme. Such restrictions are typically outside the control of the AMC and may cause or exacerbate the Tracking Error
- **Risk associated with Lending of physical Gold**
- **Market Trading Risks**
 - Although Units of Scheme described in this Scheme Information Document are listed / to be listed on the Exchange, there can be no assurance that an active secondary market will be developed or be maintained.
 - Trading in Units of the Scheme on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange Authorities or SEBI, trading in Units of the Scheme is not advisable. In addition, trading in Units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to the Exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of the Exchange necessary to maintain the listing of Units of the Scheme will continue to be met or will remain unchanged.
 - Any changes in trading regulations by the Stock Exchange(s) or SEBI may affect the ability of market maker to arbitrage resulting into wider premium / discount to NAV. The Units of the Scheme may trade above or below their NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of Units of the Scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the Units of the Scheme.
 - The Units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of Units available to the credit of Unit holder. Settlement of trades, repurchase of Units by the Mutual Fund during liquidity window depends upon the confirmations to be received from depository(ies) on which the Mutual Fund has no control.
 - Governments, central banks and related institutions worldwide, own a significant portion of the aggregate world gold holdings. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world gold prices, the price of Units of the Scheme will be adversely affected.

- The Scheme provides for the creation and redemption of Units in Creation Unit Size directly with the Fund and therefore, it is expected that large discounts or premiums to the NAV of the Units of the Scheme will not sustain due to arbitrage opportunity available.
- Conversion of underlying physical gold into the Units of the Scheme may attract capital gain tax depending on acquisition cost and holding period.

Risks Associated with Debt & Money Market Instruments

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- **Concentration Risk:** The Scheme portfolio may have higher exposure to a single sector, subject to maximum of 20% of net assets, depending upon availability of issuances in the market at the time of investment, resulting in higher concentration risk. Any change in government policy / businesses environment relevant to the sector may have an adverse impact on the portfolio.
- **Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk.** Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

Risks Associated with Derivatives

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional instruments. Such risks include mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying

assets, rates and indices. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price. The loss can be unlimited as underlying asset can increase to any levels. The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price and the loss is limited to strike price.

Investments in futures face the same risk as the investments in the underlying securities. The extent of loss is the same as in the underlying securities. However, the risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. The derivatives are also subject to liquidity risk as the securities in the cash markets. The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility in the values. For further details please refer to section "Investments Limitations and Restrictions in Derivatives" in this SID.

Risks associated with segregated portfolio

- 1) Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
- 2) Security comprises of segregated portfolio may not realise any value.
- 3) Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus, the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

RISK MITIGATION MEASURES

Risks Associated with Debt & Money Market Instruments

Credit Risk - The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

B. REQUIREMENT OF MINIMUM NUMBER OF INVESTORS AND MINIMUM HOLDING BY SINGLE INVESTOR

As the Scheme is an Exchange Traded Scheme, the provisions of minimum number of Investors and maximum holding of the Investors are not applicable as per SEBI Regulations and circulars.

C. SPECIAL CONSIDERATIONS

Mutual funds, like securities investments, are subject to market risks and there is no guarantee against loss in the Scheme or that the objective(s) of the scheme are achieved.

II. INFORMATION ABOUT THE SCHEME

A. TYPE OF THE SCHEME:

An open ended scheme replicating / tracking performance domestic price of Gold.

B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to generate returns that are in line with the performance of physical gold in domestic prices, subject to tracking error. The Scheme does not guarantee or assure any returns.

There is no assurance that the investment objective of the Scheme will be realized.

C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances the asset allocation will be as follows:

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
	95%	100%	
Gold and gold related instruments*	95%	100%	Medium to High
Money market instruments including Tri Party REPO/ debt securities, Instruments and/or units of debt/liquid schemes of domestic Mutual Funds.	0	5%	Low to Medium

*includes physical Gold and other gold related instruments^ which may be permitted by Regulator from time to time. Exchange Traded Commodity Derivatives (ETCDs) having gold as the underlying shall be considered as 'gold related instrument' for Gold ETF. Further, "Gold Monetization Scheme" (GMS) of Banks shall be considered as 'gold related instrument'

- Before investing in ETCDs or GMS having gold as the underlying, mutual funds shall put in place a written policy with regard to such investment with due approval from the Board of the AMC and the Trustees. The policy shall be reviewed by the Board of AMC and Trustees at least once a year.
- The cumulative investment by the Scheme in GMS will not exceed 20% of total AUM of such schemes
- The cumulative exposure to gold related instruments i.e. Gold Deposit Scheme (GDS) of banks, Gold Monetization Scheme (GMS) and ETCD having gold as the underlying shall not exceed 50% of net asset value of the scheme. However, within the 50% limit, the investment limit for GDS and GMS as part of gold related instrument shall not exceed 20% of net asset value of the scheme. The unutilized portion of the limit for GDS of banks and GMS can be utilized for ETCD having gold as the underlying.
- The cumulative gross exposure of the scheme through Gold and gold related instruments and Money market instruments shall not exceed 100% of the net assets of the scheme.

As per SEBI circular no. CIR/IMD/DF/11/2015 dated December 31, 2015, it is proposed that in case of Gold ETFs, the cumulative exposure to gold related instruments i.e. Gold Deposit Scheme (GDS) of banks, Gold Monetization Scheme (GMS) and ETCD having gold as the underlying shall not exceed 50% of net asset value of the scheme. However, within the 50% limit, the investment limit for GDS and GMS as part of gold related instrument shall not exceed 20% of net asset value of the scheme. The unutilized portion of the limit for GDS of banks and GMS can be utilized for ETCD having gold as the underlying.

Investment in the physical gold shall be of standard 1 kg bar's with fineness of 995 parts per thousand (or 99.5% purity) confirming to London Bullion Market Association (LBMA) Good Delivery Standards. This may change as per the regulatory guidelines in future. During buying or selling, for a concerned transaction, in case of any variation in the weight of the gold bar (away from 1 kg), same shall be adjusted in the cash component i.e. higher weight will reduce cash component and lower weight will increase cash component for the concerned investor.

The Scheme may invest in the schemes of Mutual Funds in accordance with the applicable extant SEBI (Mutual Funds) Regulations as amended from time to time.

The Scheme will not invest in ADR/ GDR / Foreign Securities / Securitized Debt/ structured obligation/ Repo in Corporate Debt Securities nor will it engage in short selling. The scheme does not intend to invest into any credit default swaps. The scheme shall not invest in instruments having Special Features as defined in SEBI Circular no. SEBI/HO/IMD/DF4/CIR/P/2021/032 dated March 10, 2021. The scheme shall not invest in Units issued by REITs and InvITs. The scheme shall not engage in Securities Lending or short selling.

Pending deployment of funds of a Scheme in securities in terms of investment objectives of the Scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of SEBI circular dated April 16, 2007, June 23, 2008 and August 16, 2019 and September 20, 2019.

Further, the Scheme may, for meeting liquidity requirements invest in units of money market/liquid schemes of Mirae Asset Mutual Fund and/or any other mutual fund provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund. The AMC shall not charge any investment management fees with respect to such investment.

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. As per SEBI Circular SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 4, 2021 and in line with SEBI clarification letter dated June 29, 2022, such changes in the investment pattern will be for short term and for defensive consideration only.

The Scheme shall rebalance the portfolio in case of any deviation to the asset allocation. Such rebalancing shall be done within 7 days from the date of occurrence of deviation. Where the portfolio is not rebalanced within 7 Days, justification for the same including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Schemes.

Change in Asset Allocation Pattern

The Scheme, out of the funds allocated shall primarily invest in Gold (includes physical Gold and other Gold related instruments which may be permitted by Regulator from time to time) and shall invest in debt and money market securities, only to the extent necessary to meet the liquidity requirements for honoring repurchase / redemptions / expenses. In view of the nature of the Scheme, the asset allocation pattern as indicated above may not change, except in line with the changes made in SEBI (MF) Regulations, from time to time.

The tracking error i.e. the annualised standard deviation of the difference in daily returns between physical gold and the NAV of Gold ETF based on past one year rolling over data (For ETFs in

existence for a period of less than one year, annualized standard deviation shall be calculated based on available data) shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. The same shall be disclosed on a daily basis on the websites of AMC and AMFI.

Investments in Scheme by AMC, Sponsor & Associates

Subject to the Regulations, the AMC and investment companies managed by the Sponsor(s), their associate companies and subsidiaries may invest either directly or indirectly, in the Scheme during the NFO and/or on ongoing basis. However, the AMC shall not charge any investment management fee on such investment in the Scheme, in accordance with sub-regulation 3 of Regulation 24 of the Regulations and shall charge fees on such amounts in future only if the SEBI Regulations so permit. The associates, the Sponsor, subsidiaries of the Sponsor and/or the AMC may acquire a substantial portion of the Scheme's units and collectively constitute a major investment in the Schemes. The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and required by applicable regulations and also in accordance with SEBI Circular no. SEBI/IMD/CIR No. 10/22701/03 dated December 12, 2003 regarding minimum number of investors in the Scheme.

INTRODUCTION TO GOLD EXCHANGE TRADED FUND (GETF)

Gold as an Asset Class

For thousands of years, gold has been valued as a global currency, a commodity, an investment and simply an object of beauty. As financial markets developed rapidly during the 1980s and 1990s, gold receded into the background. Recent years have seen a striking increase in investor interest in gold. While a sustained price rally, underpinned by the fact that demand consistently outstrips supply, is clearly a positive factor in this resurgence, there are many reasons why people and institutions around the world are once again investing in gold.

Gold and Inflation

The value of gold, in terms of the real goods and services that it can buy, has remained largely stable for many years. Gold's real price has endured a century characterised by sweeping change, inflation and repeated geopolitical shocks. Despite all challenges, it has retained its purchasing power. Investors in gold can point to a growing body of research supporting gold's reputation as a protector of wealth against the ravages of inflation. Market cycles come and go, but extensive research from a range of economists has demonstrated that, over the long term, through both inflationary and deflationary periods, gold has consistently maintained its purchasing power

Gold and Portfolio Diversification

Asset allocation is an important aspect of any investment strategy. By balancing asset classes of different correlations, investors hope to maximise returns and minimise risk. To counter adverse movements in a particular asset or asset class, many investors now strive to achieve more effective diversification in their portfolios by incorporating alternative investments such as commodities. While gold has shown strong returns over recent years, its most valuable contribution to a portfolio lies in the fact that it is not correlated with most other assets. This is because the gold price is not driven by the same factors that drive the performance of other assets. Gold offers enhanced diversification opportunities relative to many alternative assets. Independent studies have shown that while alternative assets and traditional diversifiers often fail during times of market stress or instability, even a small allocation to gold may significantly improve the consistency of portfolio performance during both stable and unstable financial periods

Gold and Risk Financial instruments usually carry three main types of risk.

- Credit risk: the risk that a debtor will not pay
- Liquidity risk: the risk that the asset cannot be sold as a buyer cannot be found.
- Market risk: the risk that the price will fall due to a change in market conditions.

Gold is unique in that it does not carry a credit risk. Gold is no one's liability. There is no risk that a coupon or a redemption payment will not be made, as for a bond, or that a company will go out of business, as for an equity. And unlike a currency, the value of gold cannot be affected by the economic policies of the issuing country or undermined by inflation in that country. At the same time, 24-hour trading, a wide range of buyers - from the jewellery sector to financial institutions to manufacturers of industrial products - and the wide range of investment channels available, including coins and bars, jewellery, futures and options, exchange-traded funds, certificates and structured products, make liquidity risk very low. The gold market is deep and liquid, as demonstrated by the fact that gold can be traded at narrower spreads and more rapidly than many competing diversifiers or even mainstream investments. Gold is of course subject to market risk, as is clear from the experience of the 1980s when the gold price declined sharply. But many of the downside risks associated with the gold price are very different to the risks associated with other assets, a factor which enhances gold's attractiveness as a portfolio diversifier. For example, should a central bank announce its intention to engage in substantial sales of gold, as happened prior to the Central Bank Gold Agreement in 1999, this would be unlikely to have an impact on equity returns but could reasonably be expected to affect the gold price in the short run. Similarly, the specific risks to which bonds and equities are exposed, including pressure on the health of the government and corporate sector during an economic downturn, are not shared by gold.

Exchange-traded gold Gold-backed securities

Gold is traded in the form of securities on stock exchanges in Australia, France, Hong Kong, Japan, Mexico, Singapore, South Africa, Switzerland, Turkey, the United Kingdom and the United States. By design, these forms of securitised gold investment and all regulated financial products, generally referred to as Exchange Traded Commodities or Exchange Traded Funds (ETFs), are expected to track the gold price almost perfectly. Unlike derivative products, the securities are 100% backed by physical gold held mainly in allocated form.

Benefits of Gold ETFs

- Can be easily bought / sold like any other stock on the exchange through terminals spread across the country.
- Can be bought / sold anytime during market hours at prices that are expected to be close to actual NAV of the Scheme. Thus, investor invests at real-time prices as opposed to end of day prices.
- No separate form filling for buying / selling units. It is just a phone call to your broker or a click on the net.
- Ability to put limit orders
- Minimum investment for a Gold ETF is one unit.
- Protects long-term investors from the inflows and outflows of short-term investors. 1 Helps in increasing liquidity of underlying gold market.
- An investor can get a consolidated view of his investments without adding too many different account statements, as the units will be in demat form.

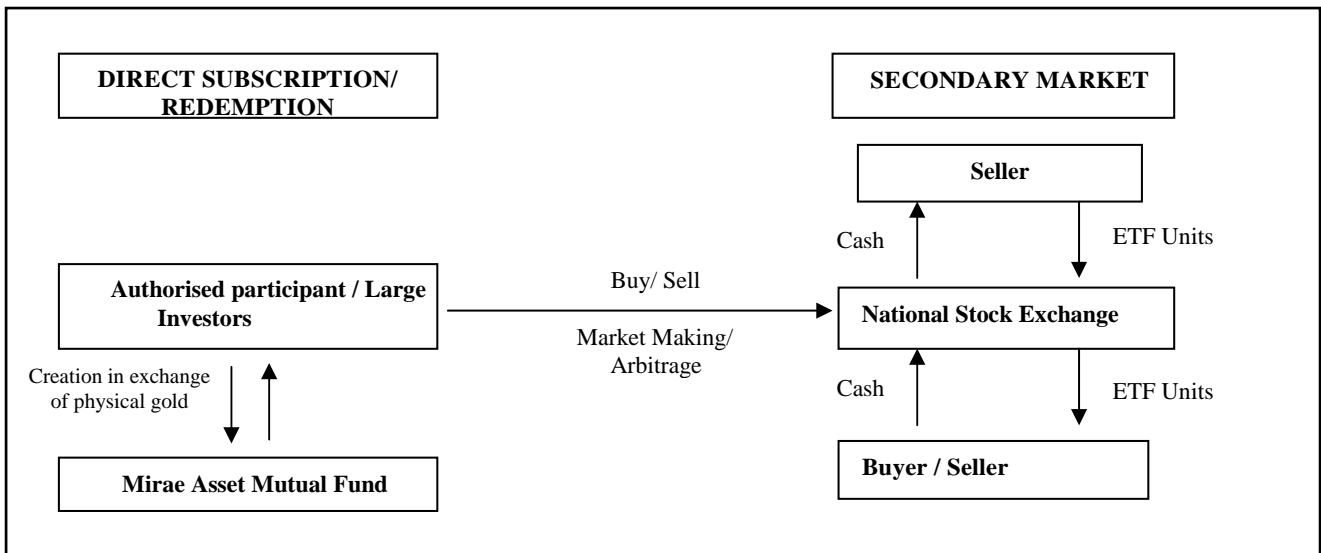

Uses of Gold ETFs

- No need to hold physical gold
- Units are issued in demat form, thereby reducing risk of holding physical gold.
- Allows easy asset allocation for Large Investor
- Investors with a shorter term horizon have liquidity due to ability to trade during the day and expected to have quotes near NAV during the course of trading day on an exchange where the units of the Gold ETF are listed.

Comparison of Gold ETF with Physical Gold is given in the illustrative chart below:

Sr. No.	Parameter	Jeweller	Bank	Gold ETF
1	How Gold is held	Physical (Bars / Coins)	Physical (Bars / Coins)	Dematerialized (Electronic Form)
2	Pricing	Differs from one to another. Neither transparent nor standard.	Differs from bank to bank. Not Standard.	Linked to International Gold Prices and very transparent
3	Buying Premium above Gold price	Likely to be more	Likely to be more	Likely to be less
4	Making Charges	Charges are incurred	Charges are incurred	No Charges are incurred
5	Impurity Risk	High	Nil	Nil
6	Storage Requirement	Locker / Safe	Locker / Safe	Demat Account
7	Security of Asset	Investor is responsible	Investor is responsible	Fund House takes the responsibility
8	Resale	Conditional and uneconomical	Banks do not buy back	At Secondary Market Prices
9	Convenience in Buying / Selling	Less convenient, as Gold needs to be moved physically	Less convenient, as Gold needs to be moved physically	More Convenient, as held in electronic form under the demat account
10	Quantity to Buy / Sell	Available in standard denomination	Available in standard denomination	Minimum is ½ or 1 gram according to the fund
11	Bid Ask Spread	Very High	Can't Sell Back	Very Low
12	Risk of Theft	Yes, possible	Yes, possible	No, Not possible

An illustration of the working of Gold ETF is given below:

A. Issue of Units

1. As the Units of the Scheme will be listed on the NSE and BSE, investors can buy or sell Units of the Scheme from the secondary market on the Stock Exchange(s). The minimum number of Units that can be bought or sold on the Stock Exchange(s) is 1 (one) Unit.
2. Alternatively, Authorised Participants and Large Investors will be able to directly buy / sell Units of the Scheme from the Fund in 'Creation Unit' size, as defined below.

'Creation Unit' is a fixed number of Units of the Scheme, which represents/exchanged for Portfolio Deposit (which would consist of physical Gold of defined purity and quantity and / or Cash Component) and / or Cash Component. The facility of creating / redeeming Units in Creation Unit Size will be available with the Authorised Participants and Large Investor only. Each Creation Unit consists of 1,10,000 Units of the Scheme. Each Creation Unit of the Scheme will be equivalent to 1 kg of gold plus cash component. *During buying or selling, for a concerned transaction, In case of any variation in the weight of the gold bar (away from 1 kg), same shall be adjusted in the cash component i.e. higher weight will reduce cash component and lower weight will increase cash component for the concerned investor.*

Investors are also requested to note, that any Subscription transaction through Portfolio Deposit (i.e. physical gold) will not be accepted from any Investor (Including Large Investors) other than the designated Authorized Participant; however, AMC reserves the right to allow physical deposit for other investors also in future, in case of liquidity issues in the gold market or on a case to case basis.

I. Creation of Units of the Scheme in Creation Unit Size:

A) Authorised Participants:

1. Authorised Participants may submit an application for purchase of Units of the Scheme in Creation Unit Size to the AMC on any Business Day, within the applicable cut-off timing for NAV applicability.
2. By submitting the application, the Authorized Participants agree to transfer (deposit) the Portfolio Deposit (in form of cash or physical gold) and the Cash Component (if any) in the

Scheme's account. The physical deposit of gold and Cash Component is explained below. The day on which the application is submitted is referred to as the 'T' day.

3. In case of portfolio deposit in the form of gold, Authorized Participants are required to transfer (deposit) the Portfolio Deposit (i.e. physical gold) to the Custodian, while the balance Cash Component, if any has to be paid to the AMC only by means of payment instruction of Real Time Gross Settlement (RTGS) / National Electronic Funds Transfer (NEFT) or Funds Transfer Letter / Transfer Cheque of a bank where the Scheme has a collection account.
4. Any Application will be treated as a complete transaction for consideration where the Application along with the requisite portfolio deposit to AMC is received before cut-off. Here the AMC will rely on the conformation by the Vaulting Agent and that time will be essence for the purpose of transaction.
5. The total amount of gold and / or equivalent Cash Component if any required for creation of Units in Creation Unit Size will be based on the prorata amount of the NAV of the Scheme represented by the Creation Units (i.e. 1,10,000 Units) being created determined on the day the request to create is placed by the Authorised Participants. As per the agreement with Custodian for physical gold, Custodian will accept physical gold only if the gold is following the Good Delivery norms as specified by LBMA which are as under:
 - (a) Original Assay Certificate; (b) Bar list from the refiner; (c) relevant shipping documents (airway bill and customs invoice) establishing that the gold has been shipped directly from a Good London Refiner using an accredited international shipping company on a door to door basis through one of the accredited agencies; and (d) such other documents that the Custodian may require from time to time so as to adequately indicate the purity of the Gold deposited with it.

The Custodian will ensure that all Gold deposited with it is accompanied by the above documents and that the Gold bars indicate that the fineness is 995 or above.
6. On having credited the Scheme's account with the gold deposits in the physical form, the custodian will confirm to the AMC of vaulting of gold and in turn AMC instructs the registrar the total number of units to be created and upon realization of the Cash Component.
7. In case the Authorized participant doesn't opt for physical deposit of gold (portfolio component), he shall deposit the equivalent cash and cash component for the creation of ETF units in creation unit size. The value of units for subscription and redemption will be dependent on the value of the gold procured, transaction cost, taxes etc. borne for the same.
8. Applicable NAV for Cash Subscription/Redemption in Creation unit size - Intra-day NAV shall be applicable in case of subscription/redemption of units directly with the Fund. Applicable NAV for Basket Subscription/Redemption - In case of creation of units by way of deposit of portfolio deposit and cash component or redemption of units by way of withdrawal of portfolio basket and cash component, the applicable NAV will be based on the value of the portfolio deposit and cash component as at the end of the previous day.
9. The Registrar & Transfer Agent will then allocate the Units in proportion of the amount received from the Authorised Participants and will credit the Units to the demat account of the Authorised Participants.

B) Large Investors:

1. Large Investors may submit an application for purchase of Units of the Scheme in creation unit size to the AMC on any Business Day, within the applicable cut-off timing for NAV applicability.
2. Large Investors can apply to the AMC at NAV based prices by payment of requisite cash as determined by AMC only by means of payment instruction of Real Time Gross Settlement (RTGS) / National Electronic Funds Transfer (NEFT) or Funds Transfer Letter / Transfer Cheque of a bank where the Scheme has a collection account. The AMC will not accept Portfolio Deposit (i.e. physical gold) from the Large Investors.
3. On receipt of confirmation from the Custodian of crediting the Scheme's account with the gold deposits purchased by the AMC on behalf of the Large Investor, AMC will instruct the Registrar & Transfer Agent the total number of Units to be created and upon realization of the requisite cash.
4. Applicable NAV for Cash Subscription/Redemption in Creation unit size - Intra-day NAV shall be applicable in case of subscription/redemption of units directly with the Fund. Applicable NAV for Basket Subscription/Redemption - In case of creation of units by way of deposit of portfolio deposit and cash component or redemption of units by way of withdrawal of portfolio basket and cash component, the applicable NAV will be based on the value of the portfolio deposit and cash component as at the end of the previous day.

The role of the AMC is of a facilitator to the Authorised Participants / Large Investors to purchase / sell Gold on their behalf for the purpose of creating / redeeming Units of the Scheme. The Portfolio Deposit and / or Cash Component for the Scheme may change from time to time due to change in NAV.

The Scheme shall meet its expenses out of the cash held and in case the cash is insufficient to meet expenses, the Scheme may be required to sell the Portfolio Deposit to meet the Scheme expenses resulting into Portfolio Deposit being lower than the Units allotted under the Scheme.

The Fund may from time to time change the size of the Creation Unit in order to equate it with marketable lots of the underlying instruments.

Portfolio Deposit

Portfolio Deposit will be in predefined quantity (i.e. weighing 1 Kg) and in multiples of 1 Kg and purity (fineness) of 995 parts per 1,000 (99.5%) of physical gold. The quantity and purity (fineness) of physical gold will be defined and announced by the AMC from time to time. *During buying or selling, for a concerned transaction, In case of any variation in the weight of the gold bar (away from 1 kg), same shall be adjusted in the cash component i.e. higher weight will reduce cash component and lower weight will increase cash component for the concerned investor.*

Cash Component (Creating in Creation Unit Size)

Cash Component represents the difference between the Applicable Net Asset Value of Creation Unit and the market value of physical Gold in domestic market. This difference will represent accrued interest, income earned by the Scheme. In addition the Cash Component will include accrued annual charges including management fees and residual cash in the Scheme. In addition the Cash Component will include transaction cost as charged by the Custodian / DP and other incidental expenses, if any and will include the difference between the purchase price and closing price of Portfolio Deposit for creation of Units of the Scheme in Creation Unit Size. The Cash Component will vary from time to time and will be decided and announced by the AMC.

II. Redeeming of Units of the Scheme in Creation Unit Size:

1. The procedure by which an Authorised Participant / Large Investors can redeem Units of the Scheme will mirror the procedure for the creation of Units of the Scheme.
2. Authorised Participants/Large investors may make a redemption request to the AMC for redemption of Units of the Scheme in Creation Unit Size on any Business Day in a duly filled redemption form within the applicable cut-off timing for NAV applicability.
3. By placing the redemption request, the Authorised Participants / Large Investors agree to transfer the requisite number of Units of the Scheme to the Scheme's DP accounts for the process of redemption.
4. The request for redemption by Authorised Participants / Large Investors needs to be enclosed with the delivery order used in the depository system duly acknowledged by the DP with whom the Authorised Participant / Large Investor has a depository account stating the number of Units of the Scheme transferred to the Scheme's DP account.
5. The Fund may allow cash Redemption of Units of the Scheme in Creation Unit size by Authorized Participants and large investors. Such Investors shall make Redemption request to the Fund/AMC where upon the Fund/AMC will arrange to sell physical gold on behalf of the Investor. *In case of liquidity issues, where the AMC is not able to sell the gold in the market, the Investor (AP or Large investor) who has applied for "cash redemption", will instead be treated as an investor who has applied for "in-kind" redemption and AMC will do the in-kind redemption instead. Though it will be AMC's objective to ensure cash redemption for AP and large investors (if applied for) to the best extent possible.* Accordingly, the sale proceeds of physical gold after adjusting necessary charges/costs and prevailing Exit Load will be remitted to the Investor including remit / collect the Cash Component after adjusting transaction handling charges, other applicable charges and the difference between the applicable NAV and closing price of gold.
6. In case of in-kind redemption, after successful verification of the redemption request, the AMC will instruct the Custodian to transfer the Portfolio Deposit of physical gold to the custody account of Authorised Participant / Large Investors and remit / collect the Cash Component after adjusting transaction handling charges, other applicable charges which may also include insurance + logistics cost and the difference between the applicable NAV and closing price of gold. Please note if the Large investor do not possess custody account which will enable vault to vault transfer in same facility, no – in kind redemption will be available for such large investor.
7. The expenses associated with taking the physical delivery of gold will have to be borne by Authorised Participants / Large Investors. The delivery of physical gold to Authorised Participants / Large Investors will be made at the location of the Custodian within the jurisdiction of Mumbai or any other location based on the discretion of the AMC.
8. Applicable NAV for Cash Subscription/Redemption in Creation unit size - Intra-day NAV shall be applicable in case of subscription/redemption of units directly with the Fund. Applicable NAV for Basket Subscription/Redemption - In case of creation of units by way of deposit of portfolio deposit and cash component or redemption of units by way of withdrawal of portfolio basket and cash component, the applicable NAV will be based on the value of the portfolio deposit and cash component as at the end of the previous day.
9. Redemption proceeds will be sent to Authorised Participants / Large Investors within 3 Business Days of the date of redemption subject to confirmation with the depository records of the Scheme's DP account.
10. In case of redemption, AMC may not be able to find the buyer for the gold, in such scenarios the AMC will take the route of in kind redemption. The AMC will instruct the Custodian to transfer the

Portfolio Deposit of physical gold to the custody account of Authorized Participation / Large Investors and remit / collect the Cash Component after adjusting transaction handling charges, other applicable charges and the difference between the applicable NAV and closing price of gold. The expenses associated with taking the physical delivery of gold will have to be borne by Authorized Participants / Large Investors. The delivery of physical gold to Authorized Participants / Large Investors will be made at the location of the Custodian within the jurisdiction of Mumbai.

Cash Component (Redemption in Creation Unit Size): Cash Component represents the difference between the Applicable Net Asset Value of a Creation Unit and the market value of the physical Gold. This difference will represent accrued interest, income earned by the Scheme, accrued annual charges including management fees and residual cash in the Scheme. Any transaction cost charged by the Custodian / DP and other incidental expenses, if any and will include the difference between the sale price and closing price of Portfolio Deposit for redemption of Units of the Scheme in Creation Unit Size. The Cash Component for redemption will vary from time to time and will be decided and announced by the AMC to the Authorised Participants. The Cash Component will also include exit load, if applicable. The exit load will be declared by the AMC from time to time.

Creation / Redemption of Units of the Scheme facility (for Cash Directly): Mirae Asset Mutual Fund shall allow only cash purchases of Units in Creation Unit Size by Large Investors. Such investors shall make creation request to the Fund where upon the receipt of request, the Scheme will arrange to purchase the underlying physical Gold. The role of the AMC is of a facilitator to the Large Investors to purchase Gold on their behalf for the purpose of creating Units of the Scheme in Creation Unit Size.

Also, the Fund provides for cash redemption of Units of the Scheme in Creation Unit Size by Authorised Participants / Large Investors. On receipt of such redemption requests the Fund will arrange to sell physical Gold on behalf of the Authorised Participants / Large Investors. Accordingly the sale proceeds of physical Gold after adjusting necessary charges / costs and exit load, if any will be remitted to the Authorised Participants / Large Investors.

The creation / redemption request for cash can be made to the Fund in a duly filled application / transaction form.

Application / Transaction form for Creation / Redemption for Units in 'Creation Unit Size' can be obtained from any of the ISCs / Official Points of Acceptance of the AMC.

The minimum number of Units that can be created / redeemed for Cash directly with the Fund will be announced by the Fund from time to time. In the event of change in 'Creation Unit Size', the Fund shall provide Large Investors a one-time exit window to exercise the redemption (repurchase) of their existing holding of Units of the Scheme created directly with the Fund in the prevailing Creation Unit Size without payment of exit load. Any such change shall be announced by the AMC by way of a notice published in the newspapers. On closure of the exit window, redemption (repurchase) made directly with the Fund shall be in the new Creation Unit Size.

Example of computation of Cash Component for Creation / Redemption of Units in Creation Unit Size:

As explained above, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by the Fund. The Portfolio Deposit will be physical Gold and will be for 1 kg and in multiples of 1 kg. *During buying or selling, for a concerned transaction, In case of any variation in the weight of the gold bar (away from 1 kg), same shall be adjusted in the cash component i.e. higher weight will reduce cash component and lower weight will increase cash component for the concerned investor.* The value of Portfolio Deposit will change due to changes in the prices during the day.

The Cash Component will be arrived in the following manner:

Number of Units comprising one Creation Unit	A	1,10,000
NAV per Unit	B	Rs.50.118
Value of one Creation Unit (including cash component)	C	Rs. 55,12,980
Closing price per 0.01 gram of Gold	D	Rs. 55
Weight of gold sourced for this transaction	E	1 kg
Value of Portfolio Deposit (physical gold of 1kg)	F	Rs 55,00,000.
Other charges applicable for this transaction (including depository and other applicable transaction charges and taxes)	G	1,180
Cash Component (Applicable for this transaction) # (C-F+G)	H	Rs. 14,160

The above is just an example to illustrate the calculation of Cash Component.

Cash Component will vary depending upon the accrued interest, income earned by the Scheme, the actual charges incurred like Custodial Charges and other incidental charges for creating Units and will include the difference between the purchase / sale price and closing price of Portfolio Deposit for creation / redemption of Units in Creation Unit Size.

The AMC shall disclose on a daily basis the Portfolio Deposit and Cash Component for subscription and redemption of Units in Creation Unit Size on our website www.miraeasset.com and the same would be applicable for subscribing and redeeming Units in Creation Unit Size for that Business Day only.

Buying / Selling through the Stock Exchange

Buying / Selling Units on the Stock Exchange is just like buying / selling any other normal listed securities. If an investor has bought Units, an investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realized before the funds pay-in day of the settlement cycle on the Exchange. If an investor has sold Units, an investor has to deliver the Units to the broker / sub-broker before the securities pay-in day of the settlement cycle on the Exchange.

The Units (in case of Units bought) and the funds (in the case of Units sold) are paid out to the broker on the payout day of the settlement cycle on the Exchange. The trading member would pay the money or deliver the Units to the investor in accordance with time prescribed by the Stock Exchange regulations.

If an investor has bought Units, he should give standing instructions for 'Delivery-In' to his / her DP for accepting Units in his / her beneficiary account. An investor should give the details of his / her beneficiary account and the DP-ID of his / her DP to his / her trading member. The trading member will transfer the Units directly to his / her beneficiary account on receipt of the same from Exchange's clearing corporation.

An investor who has sold Units should instruct his / her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the Units from his / her account to the trading member account through whom he / she have sold the Units. The details of the pool A/c of his / her trading member to which the Units are to be transferred, Unit quantity etc. should be mentioned in the delivery out instructions given by him / her to the DP. The instructions should be given will before the prescribed securities pay-in day. SEBI has advised that the delivery out instructions should be

given at least 24 hours prior to the cut off time for the prescribed securities pay in to avoid any rejection of instructions due to data entry errors, network problems, etc.

The above procedure relating to purchase and sale of Units by different types of investors / Authorised Participants in the MIRAE ASSET Gold Exchange Traded Fund is tabulated for easy reference.

Overview of Debt Markets in India

Indian fixed income market, one of the largest and most developed in South Asia, is well integrated with the global financial markets. Screen based order matching system developed by the Reserve Bank of India (RBI) for trading in government securities, straight through settlement system for the same, settlements guaranteed by the Clearing Corporation of India and innovative instruments like TREPS have contributed in reducing the settlement risk and increasing the confidence level of the market participants.

The RBI reviews the monetary policy six times a year giving the guidance to the market on direction of interest rate movement, liquidity and credit expansion. The central bank has been operating as an independent authority, formulating the policies to maintain price stability and adequate liquidity. Bonds are traded in dematerialized form. Credit rating agencies have been playing an important role in the market and are an important source of information to manage the credit risk.

Government (Central and State) is the largest issuer of debt in the market. Public sector enterprises, quasi government bodies and private sector companies are other issuers. Insurance companies, provident funds, banks, mutual funds, financial institutions, corporates and FPIs are major investors in the market. Government loans are available up to 40 years maturity. Variety of instruments available for investments including plain vanilla bonds, floating rate bonds, money market instruments, structured obligations and interest rate derivatives make it possible to manage the interest rate risk effectively.

Indicative levels of the instruments currently trading as on 15th January, 2023 are as follows:

Instrument	Maturity	Tenure	Yield	Liquidity
TREPS / Repo	Short	Overnight	6.21	Very High
CP / CD / T Bills	Short	3 months CP	7.35*	High
		3 months CD	7.14	
		1 Year CP	7.87*	
		1 Year CD	7.75	
Central Government securities	Low to High	10 years	7.3	Medium

Creation of Segregated Portfolio

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- a) Downgrade of a debt or money market instrument to ‘below investment grade’, or
- b) Subsequent downgrades of the said instruments from ‘below investment grade’, or
- c) Similar such downgrades of a loan rating

- 2) Segregated portfolio of unrated debt or money market instruments may be created only in case of actual default of either the interest or principal amount.
- 3) In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as mentioned above and implemented at the ISIN level.
- 4) Creation of segregated portfolio is optional and is at the discretion of the Mirae Asset Investment Managers (India) Pvt Ltd.

Process for Creation of Segregated Portfolio

1) On the date of credit event, the AMC shall decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it shall:

- a) seek approval of trustees prior to creation of the segregated portfolio.
- b) immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors.

The AMC will also disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC.

c) ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme will be suspended for processing with respect to creation of units and payment on redemptions.

2) Once Trustee approval is received by the AMC:

- a) Segregated portfolio will be effective from the day of credit event
- b) AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
- c) An e-mail or SMS will be sent to all unit holders of the concerned scheme.
- d) The NAV of both segregated and main portfolios will be disclosed from the day of the credit event.
- e) All existing investors in the scheme as on the day of the credit event will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
- f) No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
- g) AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
- h) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

3) If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.

4) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Benefits & Features of Creation of Segregated Portfolio:

- 1) Creation of Segregated portfolio helps ensuring fair treatment to all investors in case of a credit event and helps in managing liquidity risk during such events;

- 2) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio;
- 3) Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV;
- 4) A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio;
- 5) Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the scheme; and
- 6) The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

Monitoring by Trustees

- a) In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:
 - i. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
 - ii. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.

- iii. An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.
 - iv. The trustees shall monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.
- b) In order to avoid mis-use of segregated portfolio, trustees will ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including clawback of such amount to the segregated portfolio of the scheme.

D. WHERE THE SCHEME WILL INVEST?

The corpus of the Scheme shall be invested in accordance with the investment objective as follows:

- Gold bullion - fineness (or purity) of 995 parts per 1,000 (99.5%) or higher. Investments in Gold bullion will be as per the limits specified in the asset allocation table as mentioned in Section II C Asset Allocation
- Investments in gold related instruments (including derivative instruments related to gold) will be made as and when SEBI permits mutual funds to invest in gold related instruments.

The Scheme also may engage in gold lending, and / or deposit gold with banks in return for fees as and when permitted by SEBI.

Debt & Money Market Instruments:

The Scheme will invest in debt and money market instruments. It retains the flexibility to invest across all the securities in the debt and money markets.

Debt securities and Money Market Instruments will include but will not be limited to:

- a. Securities created and issued by the Central and State Governments as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- b. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- c. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- d. Corporate debt (of both public and private sector undertakings).
- e. "money market instruments" includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time; subject to regulatory approvals where applicable.
- f. Certificate of Deposits (CDs).
- g. Commercial Paper (CPs). A part of the net assets may be invested in the Collateralized Borrowing & Lending Obligations (CBLO) or in an alternative investment as may be provided by RBI to meet the liquidity requirements.

- h. The non-convertible part of convertible securities.
- i. Any other domestic fixed income securities as permitted by SEBI / RBI from time to time subject to necessary approvals from SEBI and RBI, if any.
- j. Any other instruments/securities, which in the opinion of the fund manager would suit the investment objective of the scheme subject to compliance with extant Regulations.

The Investment Manager will invest only in those debt securities that are rated investment grade by a domestic credit rating agency authorized to carry out such activity, such as CRISIL, ICRA, CARE, FITCH, etc. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals.

The Scheme shall not enter into any repurchase and reverse repurchase obligations in all securities held by it. The scheme does not intend to invest into any credit default swaps.

E. WHAT ARE THE INVESTMENT STRATEGIES?

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising Gold (includes physical Gold and other Gold related instruments which may be permitted by Regulator from time to time) and instruments related to gold (including derivatives as and when permitted by SEBI), Debt Securities and Money Market Instruments. Investments in gold (includes physical Gold and other Gold related instruments which may be permitted by Regulator from time to time) would be primarily assessed with regard to its fineness. The AMC will endeavor to address the key risks associated with investments in Gold Bullion as under:

1. Quality and Purity Risk

- Physical Gold purchased by the Scheme will be of fineness(or purity) of 995 parts per 1,000 (99.9%) or higher.
- Custodian will accept physical gold only if the gold is compliance with the Good Delivery norms as specified by LBMA.

2. Passive Investments

The Scheme is a passively managed fund that shall be investing substantial portion of its assets in physical gold and tracking its performance as close as possible to the price of gold. Therefore, irrespective of decline / rise in prices of physical gold, The Scheme shall remain invested in gold and being a passively managed fund, no active calls based on outlook of gold prices will be taken by the Fund.

3. Custody risk

There is a risk that part or all of the physical gold belonging to the Scheme could be lost, damaged or stolen. In order to ensure safety, the said gold will be stored with custodian in its vaults. Gold held by custodian is also insured.

4. Tracking Error

Tracking error means the variance between daily returns of the underlying benchmark (gold in this case) and the NAV of the Scheme for any given period. NAV of the Scheme is dependent on valuation of gold. Gold has to be valued based on the formula prescribed by SEBI. NAV so computed may vary from the price of Gold in the domestic market.

Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of gold due to -
 - Illiquidity of gold,
 - Delay in realization of sale proceeds,
 - Creating a lot size to buy the required amount of gold
- The Scheme may buy or sell the gold at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired gold at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.
- Execution of large buy / sell orders
- Transaction cost (including taxes and insurance premium) and recurring expenses
- Realization of Unit holders' funds

Tracking error due to movement in prices of physical gold will impact the performance of the Scheme. However, the Scheme will endeavor to keep tracking error as low as possible by:

- Use of gold related derivative instruments, as and when allowed by SEBI Regulations
- Rebalancing of the portfolio.
- Setting off of incremental subscriptions against redemptions.

The tracking error i.e. the annualised standard deviation of the difference in daily returns between physical gold and the NAV of Gold ETF based on past one year rolling over data (For ETFs in existence for a period of less than one year, annualized standard deviation shall be calculated based on available data) shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees with corrective actions taken by the AMC, if any. The same shall be disclosed on a daily basis on the websites of AMC and AMFI.

Along with the disclosure of tracking error, Gold ETF schemes shall also disclose the tracking difference i.e. the difference of returns between physical gold and the Gold ETF, on the website of the AMC on monthly basis for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

Policy for Investment decisions

The investment policy of the AMC has been determined by the Investment Committee (“IC”) which has been ratified by the Boards of the AMC and Trustee. At the strategic level, the broad investment philosophy of the AMC and the authorized exposure limits are spelt out in the Investment Policy of the AMC. During trading hours, the Fund Managers have the discretion to take investment decisions for the Scheme within the limits defined in the Investment Policy, these decisions and the reasons thereof are communicated to the CEO for post facto approval.

The designated Fund Manager(s) of the Scheme will be responsible for taking day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

PORTFOLIO TURNOVER

Portfolio Turnover measures the volume of trading that occurs in a Scheme’s portfolio (gold in this scheme) during a given time period. The Scheme is an open-ended Exchange Traded Fund. It is therefore expected that there would be a number of subscriptions and redemptions on a daily basis through Stock Exchange(s) or with Mirae Asset Mutual Fund directly by Authorised Participants and Large Investors that may require purchase or sale of gold. In view of the nature of the Scheme, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio.

F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

(i) Type of Scheme:

An open ended scheme replicating/tracking domestic price of gold.

(ii) Investment Objective:

The investment objective of the scheme is to generate returns that are in line with the performance of physical gold in domestic prices, subject to tracking error. The Scheme does not guarantee or assure any returns.

Asset allocation: Please refer to ‘Section II - C. Asset Allocation and Investment Pattern’ of this SID for details.

(iii) Terms of Issue:

(a) Listing:

The Units of the Scheme shall be listed on the Capital Market Segment of the NSE and BSE.

The AMC engages Authorized Participants for creating liquidity for the Units of the Scheme on the Stock Exchange(s) so that investors other than Authorized Participants and Large Investors are able to buy or redeem Units on the Stock Exchange(s) using the services of a stock broker.

The Mutual Fund may at its sole discretion list the Units of the Scheme on any other recognized Stock Exchange(s) at a later date.

The AMC/Trustee reserves the right to delist the Units of the Scheme from a particular stock exchange provided the Units are listed on at least one stock exchange.

An investor can buy/sell Units on a continuous basis on the NSE and BSE on which the Units are listed during the trading hours like any other publicly traded stock at prices which may be close to the NAV of the Scheme. The price of the Units in the market will depend on demand and supply at that point of time. There is no minimum investment, although Units are purchased in round lots of 1.

(b) Redemption of Units: Redemption Price

(c) Aggregate fees and expenses charged to the scheme:

For detailed fees and expenses charged to the scheme please refer to section ‘Fees and Expenses’.

**(d) The Scheme does not provide any safety net or guarantee to the investors.
There is no assurance OR guarantee of returns.**

Change in the fundamental attributes of the Schemes:

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the Fund or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any exit Load.

Further, before effecting any such change, the Trustees shall obtain comments from SEBI.

Fundamental attributes will not cover changes to the Scheme made in order to comply with changes in regulation with which the Scheme has been required to comply.

G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The benchmark for the Scheme is the **Domestic Price of Physical Gold (based on LBMA Gold daily spot fixing price)**. Performance comparisons for the Scheme will be made vis-à-vis the Benchmark. However, the Scheme's performance may not be strictly comparable with the performance of the Benchmark, due to the inherent differences in the construction of the portfolio.

Listing	The Units of the Scheme shall be listed on the Capital Market

	<p>Segment of the NSE and BSE.</p> <p>The AMC engages Authorized Participants for creating liquidity for the Units of the Scheme on the Stock Exchange(s) so that investors other than Authorized Participants and Large Investors are able to buy or redeem Units on the Stock Exchange(s) using the services of a stock broker.</p> <p>The Mutual Fund may at its sole discretion list the Units of the Scheme on any other recognized Stock Exchange(s) at a later date.</p> <p>The AMC/Trustee reserves the right to delist the Units of the Scheme from a particular stock exchange provided the Units are listed on at least one stock exchange.</p> <p>An investor can buy/sell Units on a continuous basis on the NSE and BSE on which the Units are listed during the trading hours like any other publicly traded stock at prices which may be close to the NAV of the Scheme. The price of the Units in the market will depend on demand and supply at that point of time. There is no minimum investment, although Units are purchased in round lots of 1.</p>
<p>Additional mode of payment through Applications Supported by Blocked Amount (“ASBA”) during the New Fund offer (NFO) period</p>	<p>Investors are requested to note that SEBI vide its circular dated March 15, 2010 has extended ASBA facility (w.e.f. July 1, 2010), to the NFOs of Mutual Fund Schemes.</p> <p>Thus, investors apart from the current process of accepting payment through cheques/demand also have the ASBA facility as additional mode of payment. The banks which are in SEBI’s list shall extend the same facility in case of this NFO of Mirae Asset Gold ETF to all eligible investors. Please refer ASBA application form for detailed instructions.</p>
<p>Facilities available during the NFO</p>	<p><u>Switching:</u> During the NFO period (switch request from Existing Investors of the schemes of MAMF will be accepted upto cut-off time of February 15, 2023 for equity schemes and liquid and debt schemes), by switching part or all of their Unit holdings held in the equity, liquid and debt schemes (Only from schemes in which switch facility is available) of the Mutual Fund. The switch request will only be taken in amount which has to be for a Minimum Purchase Value of Rs. 5,000/- and in multiples of Re. 1/-.</p> <p>A switch has the effect of redemption from one scheme/plan/option and a purchase in the other scheme/plan/option to which the switching has been done and accordingly the exit load shall be applicable, if any.</p> <p>The price at which the units will be switched-out will be based on the redemption price of the scheme from which switch-out is done and the proceeds will be invested into the scheme at the NFO Price. The balance amount if any, will be refunded to the investor.</p>

Example of Switch (Amt. in Rs.)		
Net Switch out amount after applicable charges	A	5,960
Allotment Price	B	260
Units allotted rounded off to nearest lowest integer	$C=A/B$	22
Value of units allotted	$D=B*C$	5720
Balance amount refunded to investor	$E=A-D$	240

(i) Auto Switch Facility:

During the NFO period, investors can also avail the Auto Switch facility which is a Special facility available to Existing investors having investments in any existing Schemes of Mirae Asset Mutual Fund only during the New Fund Offering (NFO) period whereby investors can switch their units from such existing Schemes during the NFO Period.

The application for Auto Switch will be processed on the closing day of the NFO. The units from the Transferor Scheme will be switched, subject to provisions mentioned in the Scheme Information Document of the Transferor Scheme. The units in the Transferee Scheme will be allotted at the NFO Price of the Scheme on the allotment date.

Investors may please note that the said facility Auto Switch facility is different from the regular Switch facility.

Any Existing Investor who has applied through an Auto Switch form or has requested/mentioned as Auto Switch out, the units from the Transferor Scheme will be switched out from the Transferor Scheme at the closing applicable NAV **as on the last date of the NFO period** and that the units in the NFO Scheme will be allotted at the NFO Price on the allotment date.

Whereas, for a regular Switch transaction, the units from the Transferor Scheme will be switched out from the Transferor Scheme at the closing applicable NAV as per cut-off on the **date of submission** of such transaction and that the units in the NFO Scheme will be allotted at the NFO Price on the allotment date.

Investors are also requested to refer to the instruction section overleaf the Auto Switch application form.

A switch has the effect of redemption from one scheme/plan/option and a purchase in the other scheme/plan/option to which the switching has been done and accordingly the exit load shall be applicable, if any.

The price at which the units will be switched-out will be based on the redemption price of the scheme from which switch-out is done and the proceeds will be invested into the scheme at the NFO Price.

	<p>A switch request must be compulsorily made by specifying the amount in multiples of Rs.5000/-. Also, where the switch request has been made specifying the number of Units, the request will be processed for the entire amount or can also be processed for a round value nearest to the value which will be in multiples of Rs.1 and the fractional value will be refunded. In case of ambiguity, the request will not be processed. Any Switch where the resultant value is less than the Minimum Purchase Value of Rs. 5000/- will be rejected.</p> <p>(ii) Transaction through electronic mode: The AMC may from time to time offer various facilities to the unit holders through electronic mode such as internet, mobile phones, Kiosk, etc. to facilitate transactions in units of the scheme. The AMC may enter into such arrangements/ agreements as it may deem fit to give effect to the above.</p> <p>However, investors intending to take benefit of these facilities should note that they should use these services at their own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of internet, mobile phones, Kiosk, etc. or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorized access or use of information.</p>
<p>The Policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</p>	<p>All units can be reissued without any limit by the Scheme.</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>As the units of the Scheme are mandatorily to be held in demat mode, the same are freely transferable. Further, the unit holders will have to approach their DP for transfer, transmission, pledge related requests etc. which shall be done by the DP in accordance with the procedural requirements laid down by the Depositories, viz. NSDL/ CDSL and/or in accordance with the provisions laid under the Depositories Act, 1996 and the Regulations thereunder.</p> <p>RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS:</p> <p>The Fund at its sole discretion reserves the right to restrict Redemption (including switch out) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out)</p>

	<p>request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs).</p> <p>The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows:</p> <ol style="list-style-type: none"> 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. <p>It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3-4 Business Days) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable.</p>
<p>Suspension of Purchase of Units and Right to limit redemption of Units</p>	<p>Subject to the approval of the Boards of the AMC and of the Trustee, and subject also to necessary communication of the same to SEBI, the determination of the NAV of the Units of the Scheme, and consequently of the Purchase and/or switching of Units, may be temporarily suspended in certain cases. For, further details please refer section on “(B)(6) Suspension of Purchase of Units” under section “V. TAX & LEGAL & GENERAL INFORMATION - B. LEGAL INFORMATION of SAI.</p>
<p>Applicability of Stamp Duty</p>	<p>Pursuant to Notification No. S. O. 1226 (E) and G.S.R 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value shall be levied on applicable mutual fund transactions.</p> <p>Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions to the unitholders would be reduced to that extent. The stamp duty will be deducted from the net investment amount i.e. gross investment amount less any other deduction like transaction charge. Units will be</p>

	<p>created only for the balance amount i.e. Net Investment Amount as reduced by the stamp duty. The stamp duty will be computed at the rate of 0.005% on an inclusive method basis.</p> <p>For instance: If the transaction amount is Rs. 100100 /- and the transaction charge is Rs. 100, the stamp duty will be calculated as follows: ((Transaction Amount – Transaction Charge)*0.005%) = Rs. 5. If the applicable Net Asset Value (NAV) is Rs. 10 per unit, then units allotted will be calculated as follows: (Transaction Amount – Transaction Charge – Stamp Duty)/ Applicable NAV = 9,999.50 units.</p>

The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations, while converting the rupee amount in foreign exchange in the case of transactions with NRIs/FPIs. The Fund may make other arrangements for effecting payment of redemption proceeds in future.</p> <p>The normal processing time may not be applicable in situations where necessary details are not provided by investors/Unit holders. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques and/or any delay/loss in transit.</p> <p>Unclaimed Redemptions and Dividends As per circular no. MFD / CIR / 9 / 120 / 2000, dated November 24, 2000 and circular no. SEBI/HO/IMD/DF2/CIR/P/2016/37 dated February 25, 2016 issued by SEBI, the unclaimed Redemption and dividend amounts shall be deployed by the Fund in call money market or money market instruments and in a separate plan of Overnight Fund / Liquid scheme / Money Market Mutual Fund scheme</p>

	<p>floated by Mutual Funds specifically for deployment of the unclaimed amounts. The investment management fee charged by the AMC for managing such unclaimed amounts shall not exceed 50 basis points. The AMCs shall not be permitted to charge any exit load in this plan.</p> <p>Provided that such schemes where the unclaimed redemption and IDCW amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per SEBI Circular No. SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/573 dated June 07, 2021.</p> <p>The circular also specifies that investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing NAV. Thus, after a period of three years, this amount can be transferred to a pool account and the investors can claim the said amounts at the NAV prevailing at the end of the third year. In terms of the circular, the onus is on the AMC to make a continuous effort to remind investors through letters to take their unclaimed amounts.</p> <p>The website of Mirae Asset Mutual Fund also provides information on the process of claiming the unclaimed amount and the necessary forms / documents required for the same.</p> <p>The details of such unclaimed amounts are also disclosed in the annual report sent to the Unit Holders.</p> <p>Important Note: All applicants must provide a bank name, bank account number, branch address, and account type in the Application Form.</p>
<p>Option to subscribe / hold Units in dematerialized (demat) form</p>	<p>For further details kindly refer Section ‘II How to Apply?’ on ‘Option to Subscribe/hold units in dematerialized (demat) form’.</p>
<p>Delay in payment of redemption proceeds</p>	<p>The Asset Management Company shall be liable to pay interest to the unitholders at such rate as may be specified by SEBI for the period of such delay (presently @15% per annum) in case the redemption proceeds are not made within 3 Business Days from the date of receipt of a valid redemption request.</p>
<p>Transfer, Transmission, Nomination, Lien, Pledge, Duration of the Scheme and Mode of Holding</p>	<p>Units held in Demat form are transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018, as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding Units and having a Demat Account. The delivery instructions for transfer of Units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode. Further, for the procedure of release of lien, the investors shall contact their respective Depository.</p> <p>However, if a person becomes a holder of the Units consequent</p>

	<p>to operation of law or upon enforcement of a pledge, the Mutual Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Mutual Fund subject to production of satisfactory evidence.</p> <p>Please refer SAI for details on transmission, nomination, lien, pledge, duration of the Scheme and Mode of Holding.</p>
<p>Process for Investments made in the name of a Minor through a Guardian and Transmission of Units in accordance with SEBI Circular no. SEBI/HO/IMD/DF3/CIR/P/2019/166 dated December 24, 2019</p>	<ul style="list-style-type: none"> • Payment for investment by means of Cheque, Demand Draft or any other mode shall be accepted from the bank account of the minor or from a joint account of the minor with the guardian only. • The AMC will send an intimation to Unit holders advising the minor (on attaining majority) to submit an application form along with prescribed documents to change the status of the account from 'minor' to 'major'. • All transactions / standing instructions / systematic transactions etc. will be suspended i.e. the Folio will be frozen for operation by the guardian from the date of beneficiary child completing 18 years of age, till the status of the minor is changed to major. Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new bank account. • No investments (lumpsum/SIP/ switch in/ STP in etc.) in the scheme would be allowed once the minor attains majority i.e. 18 years of age. <p>Please refer SAI for details on Transmission of Units.</p>
<p>Restrictions, if any, on the right to freely retain or dispose of units being offered.</p>	<p>As the units of the Scheme are mandatorily to be held in demat mode, the same are freely transferable. Further, the unit holders will have to approach their DP for transfer, transmission, pledge related requests etc. which shall be done by the DP in accordance with the procedural requirements laid down by the Depositories, viz. NSDL/ CDSL and/or in accordance with the provisions laid under the Depositories Act, 1996 and the Regulations thereunder.</p> <p>RIGHT TO RESTRICT REDEMPTION AND / OR SUSPEND REDEMPTION OF THE UNITS:</p> <p>The Fund at its sole discretion reserves the right to restrict Redemption (including switch out) of the Units (including Plan /Option) of the Scheme of the Fund upon occurrence of the below mentioned events for a period not exceeding ten (10) working days in any ninety (90) days period subject to approval of the Board of Directors of the AMC and the Trustee. The restriction on Redemption (including switch-out) shall be applicable where the Redemption (including switch-out) request is for a value above Rs. 2,00,000/- (Rupees Two Lakhs). Further, no restriction shall be applicable to the Redemption / switch-out request upto Rs. 2,00,000/- (Rupees</p>

	<p>Two Lakhs). It is further clarified that, in case of redemption request beyond Rs. 2,00,000/- (Rupees Two Lakhs), no restriction shall be applicable on first Rs. 2,00,000/- (Rupees Two Lakhs).</p> <p>The Trustee / AMC reserves the right to restrict Redemption or suspend Redemption of the Units in the Scheme of the Fund on account of circumstances leading to a systemic crisis or event(s) that severely constrict market liquidity or the efficient functioning of the markets. A list of such circumstances under which the restriction on Redemption or suspension of Redemption of the Units in the Scheme of the Fund may be imposed are as follows:</p> <ol style="list-style-type: none"> 1. Liquidity issues- when market at large becomes illiquid affecting almost all securities rather than any issuer specific security; or 2. Market failures / Exchange closures; or 3. Operational issues; or 4. If so directed by SEBI. <p>It is clarified that since the occurrence of the abovementioned eventualities have the ability to impact the overall market and liquidity situation, the same may result in exceptionally large number of Redemption requests being made and in such a situation the indicative timelines (i.e. within 3-4 Business Days) mentioned by the Fund in the scheme offering documents, for processing of requests for Redemption may not be applicable.</p>
<p>Suspension of Purchase of Units and Right to limit redemption of Units</p>	<p>Subject to the approval of the Boards of the AMC and of the Trustee, and subject also to necessary communication of the same to SEBI, the determination of the NAV of the Units of the Scheme, and consequently of the Purchase and/or switching of Units, may be temporarily suspended in certain cases. For, further details please refer section on “(B)(6) Suspension of Purchase of Units” under section “V. TAX & LEGAL & GENERAL INFORMATION - B. LEGAL INFORMATION of SAI.</p>
<p>Applicability of Stamp Duty</p>	<p>Pursuant to Notification No. S. O. 1226 (E) and G.S.R 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value shall be levied on applicable mutual fund transactions.</p> <p>Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including reinvestment of IDCW) to the unitholders would be reduced to that extent.</p>

D COMPUTATION OF NAV

The Net Asset Value (NAV) per Unit of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding under the Scheme on the valuation date. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

In case of any conflict between the Principles of Fair Valuation and valuation guidelines specified by SEBI, the Principles of Fair Valuation shall prevail.

NAV of Units under the Scheme there under can be calculated as shown below:

$$\text{NAV} = \frac{\text{(Market or Fair Value of Scheme's investments + Current assets including Accrued Income - Current Liabilities and provisions including accrued expenses)}}{\text{No. of Units outstanding under the Scheme.}}$$

The NAV, the sale and repurchase prices of the Units will be calculated and announced at the close of each working day. The NAVs of the Scheme will be computed and units will be allotted upto 4 decimals.

Computation of NAV will be done after taking into account dividends paid, if any, and the distribution tax thereon, if applicable.

Valuation of Gold

The Scheme will invest in physical gold. Since physical gold and other permitted instruments linked to gold are denominated in gold tonnage, it will be valued based on the market price of gold in the domestic market and will be marked to market on a daily basis. The market price of gold in the domestic market on any Business Day would be arrived at as under:

Value of Gold:

The market price of gold in the domestic market on any Business Day would be arrived at as under:

- (1) The gold held by the Scheme shall be valued at the AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for gold having a fineness of 995.0 parts per thousand, subject to the following:
 - (a) adjustment for conversion to metric measures as per standard conversion rates;
 - (b) adjustment for conversion of US dollars into Indian rupees as per the RBI reference rate declared by the Foreign Exchange Dealers Association of India (FEDAI); and
 - (c) addition of -

- (i) transportation and other charges that may be normally incurred in bringing such gold from London to the place where it is actually stored on behalf of the Fund; and
- (ii) notional customs duty and other applicable taxes and levies that may be normally incurred to bring the gold from London to the place where it is actually stored on behalf of the Fund:

Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of gold to the place where it is stored on behalf of the Fund.

Provided further that where the gold held by a Scheme has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this sub-paragraph

- (2) If the gold acquired by the Scheme is not in the form of standard bars, it shall be assayed and converted into standard bars which comply with the good delivery norms of the LBMA and thereafter valued in terms of sub- paragraph (1).

IV FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sale and distribution fees paid, marketing and advertising, registrar expenses, printing and stationery, bank charges etc. NFO expenses shall be borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 1.00% of the daily net assets of the Scheme will be charged to the scheme as expenses. As per the Regulations, the maximum recurring expenses including investment management and advisory fee that can be charged to the Scheme shall be subject to a percentage limit of daily net assets as in the table below:

The recurring expenses of operating the Scheme on an annual basis, which shall be charged to the Scheme, are estimated to be as follows (each as a percentage per annum of the daily net assets)

Particulars	% p.a. of daily net assets
Investment Management & Advisory Fee	Upto 1.00%
Trustee fee	
Audit fees	
Custodian fees	
RTA Fees	
Marketing & Selling expense incl. agent commission	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and redemption cheques and IDCW warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 1 bps)	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash market transactions and derivative transaction respectively @@	

GST on expenses other than investment and advisory fees	
GST on brokerage and transaction cost	
Other Expenses*	
Maximum total expense ratio (TER) permissible under Regulation 52 (6) (b)	
Additional expenses for gross new inflows from specified cities	Upto 0.30%

*Other expenses: Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund.

@@ Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment shall not exceed 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 [‘SEBI Regulations’] or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme namely:-

Additional expenses for gross new inflows from specified cities:

- (a) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are at least -
- (i) 30 per cent of gross new inflows in the scheme, or;
 - (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the Scheme shall be charged on proportionate basis.

Provided further that, expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Currently, SEBI has specified that the above additional expenses may be charged for inflows from beyond ‘Top 30 cities.’ The top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on ‘AUM by Geography – Consolidated Data for Mutual Fund Industry’ as at the end of the previous financial year.

Provided further that, additional TER can be charged based on inflows only from retail investors from B30 cities in terms of SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018 read with SEBI/HO/IMD/DF2/CIR/P/2019/42 dated March 25, 2019.

‘Retail investors’ are defined as individual investors with an inflow of an amount upto Rs 2,00,000/- per transaction.

This sub clause (a) shall be applicable for inflows received during the NFO period.

(b) GST payable on investment and advisory service fees (‘AMC fees’) charged by Mirae Asset Investment Managers (India) Private Limited (‘Mirae Asset AMC’);

Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:

- (a) GST on other than investment and advisory fees, if any, (including on brokerage and transaction costs on execution of trades) shall be borne by the Scheme;
- (b) Investor education and awareness initiative fees of at least 1 basis points on daily net assets of respective Scheme.

The current expense ratios will be updated on the AMC website <https://miraeassetmf.co.in/downloads/regulatory> at least 3 working days prior to the effective date of the change.

Further, the notice of change in base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A) (b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme will be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

However, any decrease in TER due to decrease in applicable limits as prescribed in Regulation 52 (6) (i.e. due to increase in daily net assets of the scheme) would not require issuance of any prior notice to the investors.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

Illustration of impact of expense ratio on scheme’s returns (by providing simple example)

Particulars		Direct Plan
Opening NAV per unit	A	10.000
Gross Scheme Returns @ 8.75%	B	0.875
Expense Ratio @ 1.00 % p.a.	C = (A x 1.00%)	0.100
Closing NAV per unit	D = A + B - C	10.775
Net 1 Year Return	E/A - 1	7.75%

*Distribution/Brokerage expense is not levied on Direct Plan

The above calculation is provided to illustrate the impact of expenses on the scheme returns and should not be construed as indicative Expense Ratio, yield or return.

TER for the Segregated Portfolio

- a) AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.

- b) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
- c) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- d) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

The Scheme shall comply with the provisions of Regulation 52 of SEBI (Mutual Funds) Regulations, 1996 with respect to limitation on fees and expenses.

TRANSACTION CHARGES:

SEBI with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is vital, has allowed AMCs vide its circular no. Cir/IMD/DF/13/2011 dated August 22, 2011 to deduct transaction charges for subscription of Rs. 10,000/- and above. The said transaction charges will be paid to the distributors of the Mutual Fund products (based on the type of product).

In accordance with the said circular, AMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors (based on the type of product and those who have opted to receive the transaction charges) as shown in the table below. Thereafter, the balance of the subscription amount shall be invested.

- (i) Transaction charges shall be deducted for Applications for purchase/ subscription received by distributor/ agent as under:

Investor Type	Transaction Charges
First Time Mutual Fund Investor	Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor. The balance of the subscription amount shall be invested.
Investor other than First Time Mutual Fund Investor	Transaction charge of Rs. 100/- per subscription of Rs, 10,000 and above will be deducted from the subscription amount and paid to the distributor/ agent of the investor. The balance of the subscription amount shall be invested.

- (ii) **Transaction charges shall not be deducted for:**

- Purchases /subscriptions for an amount less than Rs. 10,000/-; and
- Transactions other than purchases/ subscriptions relating to new inflows such as Switches, etc.
- Any purchase/subscription made directly with the Fund (i.e. not through any distributor/ agent).
- Transactions carried out through the stock exchange platforms.

C LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem from the scheme. Load amounts are variable and are subject to change from time to time.

Investors are advised to contact any of the ISCs or the AMC by calling the investor line of the AMC at "1800 2090 777" to know the current applicable load structure prior to investing. Investors can also visit the website at www.miraeassetmf.co.in for complete details.

Entry Load: Not Applicable

Exit Load:

- **For investors transacting directly with the AMC:** No Exit load will be levied on redemptions made by Authorized Participants / Large Investors directly with the AMC.
- **For investors transacting on the exchange:** Not Applicable.

Investors other than Authorized Participants/Large investors can redeem units directly with the Fund for less than Creation Unit size at approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer for units without any exit load if:

- Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

Such instances shall be tracked by the AMC on an ongoing basis and in case if any of the above mentioned scenario arises, the same shall be disclosed on the website of the Mutual Fund.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The Mutual Fund may charge the load within the stipulated limit of 5% and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 95% of the NAV.

The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Mirae Asset ISCs' and distributors' offices and on the website of the AMC.
- The notice-cum-addendum detailing the changes shall be attached to SIDs and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memoranda already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. It may be noted that any such change in the load structure shall be applicable on prospective investment only. The exit load (net off GST, if any, payable in respect of the same) shall be credited to the Scheme of the Fund.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.

V. RIGHTS OF UNITHOLDERS
